Re: Record Request

Ms. DeFazio:

Chapter 239 of the Nevada Revised Statutes (“NRS”), specifically NRS 239.0107(1), requires a governmental entity to respond to public records requests within five business days by either providing the requested records or by providing the person, in writing, with notice that it is unable to make the public book or record available by that date and the earliest date and time after which the governmental entity reasonably believes the public book or record will be available to the person.

Accordingly, the Public Utilities Commission of Nevada (“Commission”) wishes to inform you that it received your September 30, 2020, public records request.<sup>1</sup> However, the Commission will be unable to provide you with any non-confidential or non-privileged responsive records, if any exist, by October 8, 2020. Specifically, due to the Commission’s current workload and staffing limitations due to the closure of Commission’s offices’ based on the COVID-19 pandemic, the Commission requires more time to examine its records to determine whether there are records responsive to the request. The Commission estimates that it will not be able to provide you with the requested records and information, if any exist, until October 16, 2020, by 5:00 p.m.

///

///

---

<sup>1</sup> Your request sought the following records: “Copies of all/any bill draft requests that have been submitted for the 2021 Legislative Session.”

If the Commission does not respond to your request by Friday, October 16, 2020, by 5:00 p.m., you may contact the Commission regarding the status of your request. If you have any questions, please let me know.
