PROGRAM DESCRIPTION

The Nevada State Athletic Commission (NSAC) regulates all contests or exhibitions of unarmed combat, including the licensure and supervision of promoters, boxers, mixed martial artists, kick boxers, seconds, ring officials, managers and matchmakers.

In 1941, the Nevada Athletic Commission was established by an act of the Nevada Legislature. Since that time, the commission has regulated professional unarmed combat (e.g., boxing, kick boxing and mixed martial arts/MMA) in Nevada. The conduct and regulation of unarmed combat in Nevada are governed by NRS Chapter 467 and Chapter 467 of the Nevada Administrative Code. The Commission administers the state laws and regulations governing unarmed combat for the protection of the public and to ensure the health and safety of the contestants.

ENHANCEMENT

E712 EQUIPMENT REPLACEMENT

This decision unit recommends the replacement of two agency owned vehicles with newer Fleet Services vehicles. The agency owns two vehicles that currently have over 100,000 miles and will be nine years old in the upcoming biennium. These vehicles have had extreme wear and tear. The current condition of these vehicles is detrimental to the agency because 1) they are costly to upkeep and repair; and 2) they pose a safety risk to employees who travel in remote rural areas to carry out their responsibilities.

B&I - MOBILE HOME LOT RENT SUBSIDY

630-3842

PROGRAM DESCRIPTION

The Lot Rent Subsidy Program provides financial aid to qualifying low-income mobile home park residents by paying up to 30% of their monthly space rent, not to exceed \$150. To qualify for assistance, an eligible applicant must meet requirements such as residency and income. The sole source of revenue for this program is the Manufactured Home Lot Rent Fund fees that the division collects annually from the manufactured and mobile home communities in Nevada. Statutory Authority: NRS 118B.213. Fees are collected based on the number of spaces in the park at \$12.00 per space, less spaces with park-owned homes.

BASE

This request continues funding for one position and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

B&I - MOBILE HOME PARKS

271-3843

PROGRAM DESCRIPTION

The Landlord/Tenant Program handles complaints and disputes between the landlord/owner and the tenants who rent space but own their manufactured home. Complaints range from improper eviction notices, violation of park rules and regulations, unequal enforcement of park rules, and lease agreements. The program is supported by annual fees paid by the park owners per NRS 118B.185. Fees are collected based on the number of spaces in the park at \$5.00 per space, less spaces with park-owned homes.

BASE

This request continues funding for two positions in fiscal year 2018 and 1.51 positions in fiscal year 2019, as well as associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

GOED - RURAL COMMUNITY DEVELOPMENT

101-1528

PROGRAM DESCRIPTION

The Rural Community Development budget houses the state's Community Development Block Grant (CDBG) Program on behalf of small cities and rural counties in Nevada. The goal of the CDBG program is to build rural Nevada communities where current and future generations can choose to live healthy, productive, and prosperous lives. Through collaboration with various government agencies, businesses, and non-profit groups, the CDBG Program assists rural communities to remain economically viable by improving living conditions and providing economic opportunities through the administration of Nevada's share of the federal Community Development Block Grant, as well as provision of training and technical assistance. The CDBG Program helps provide communities with adequate infrastructure, suitable housing and living environments, and encourages sustainable community and economic development. Activities are focused primarily for the benefit of low-to-moderate income persons. Statutory Authority: NRS Chapter 231, 24 CFR Part 570, 24 CFR Part 91.

GOED - PROCUREMENT OUTREACH PROGRAM

101-4867

PROGRAM DESCRIPTION

The Procurement Outreach Program budget houses the Nevada Procurement Technical Assistance Center (PTAC), which provides assistance to Nevada businesses to enable them to identify potential contractual opportunities with federal and/or state and local governments, government prime contractors, and to obtain or perform under contracts with these entities. Specialized assistance from the PTAC may include locating marketing opportunities for Nevada businesses, educating clients about electronic commerce with government entities, various registrations and certification requirements, as well as bid/proposal preparation for submission to government entities. The result is creating jobs for Nevadans through businesses successfully contracting with government. This will bring federal funding to the state and keep local tax dollars in Nevada. Statutory Authority: NRS Chapter 231 and Title 10 USC Chapter 142.

BASE

GOED - NEVADA SSBCI PROGRAM

101-1521

PROGRAM DESCRIPTION

On September 27, 2010, President Obama signed into law the Small Business Jobs Act of 2010 (the Act) to help increase credit availability for small businesses. The Act created the State Small Business Credit Initiative (SSBCI) and appropriated \$1.5 billion to be used by the US Department of the Treasury to provide direct support to states for use in programs designed to increase access to credit for small businesses. Nevada's allocation was \$13.8 million. Participating states use federal funds for programs that leverage lending to help finance small businesses and manufacturers that are creditworthy, but have not been able to access loans they need to expand operations and create jobs. In 2017, the US Treasury will transfer the program to state ownership.

The program consists of three initiatives:

1. Credit Support Program - allows cash collateral up to 35% of a loan to a qualified business to be placed on account at the lending institution. This collateral may be drawn upon on a proportional risk basis in the event of default.
2. Battle Born Venture Fund - provides equity and equity-like funding to start-up and growing companies. Companies must have sales to qualify.
3. Micro-Enterprise Lending - provides loans with a required 1:1 match from private sources to very small businesses.

GOED - NEVADA KNOWLEDGE FUND

101-1533

PROGRAM DESCRIPTION

The Knowledge Fund was created through the passage of Assembly Bill 449 of the 2011 Legislative Session in conjunction with the restructuring of Nevada's economic development. The purpose of the Knowledge Fund is to spur research and the commercialization of this research in areas in which the state has targeted for economic growth. Commercialization in knowledge-based industries creates high-paying jobs and generates tax revenue in addition to strengthening research and development in Nevada's targeted industries. The fund is an investment in the state's economic future and provides grants of funds in five allowable areas, including: establishing technology outreach programs throughout the state; recruiting, hiring, and retaining research teams and faculty; research laboratories and related equipment; construction of research facilities; and matching funds for federal and private sector grants and contract opportunities. Statutory authority: NRS 231.1591 through NRS 231.1597.

BASE

This request continues funding for ongoing programs. One-time expenditures have been eliminated and partial year costs have been annualized.

TOURISM - NEVADA HUMANITIES

101-2894

PROGRAM DESCRIPTION

Nevada Humanities is a non-profit, nationally-recognized program that works in partnership with local communities to develop and fund humanity activities and educational programs. Established under provisions contained in the federal legislation creating the National Endowment for the Humanities, Nevada Humanities creates an environment conducive to economic development, heritage tourism, and quality education by fostering humanities activities such as lectures, exhibits, publications, book festivals, historic performances, teacher institutes, documentary films, interpreted art presentations and a humanities grants program. After four consecutive biennia of legislative provisions of one-shot funding to support a southern Nevada office, the 2005 Legislature converted the one-shot funding request to an ongoing General Fund appropriation.

BASE

This request continues funding for ongoing programs. One-time expenditures have been eliminated and partial year costs have been annualized.

TOURISM - MUSEUMS & HIST - LOST CITY MUSEUM
101-1350

PROGRAM DESCRIPTION

The Lost City Museum in Overton, Nevada, located near the Moapa Paiute Indian Reservation, serves the public by studying, preserving, and protecting ancient puebloan sites and artifacts found in the Moapa Valley area and interpreting these collections through exhibits, public programs and publications. The Lost City Museum facility is itself an artifact, a Civilian Conservation Corps reproduction of an adobe pueblo dwelling complex and is preserved for future generations. An active archaeological program sponsors pottery workshops and other educational programs as well as occasional archeological digs. Interior and exterior exhibits on the grounds attract numerous tourists interested in topics relating to the Anasazi Pueblo complex, other early Native American cultures of southern Nevada, and the later history of the Moapa Valley, including Mormon settlement, mining and railroads. The museum serves regional audiences of Native Americans, youth, students, families, adults and a wide-reaching network of scholars and researchers interested in Native American cultures. Statutory Authority: NRS 381.

TOURISM - MUSEUMS & HIST - NEVADA STATE MUSEUM, CC

101-2940

PROGRAM DESCRIPTION

The Nevada State Museum, located in the state capital of Carson City, is the state's largest museum. Housed in the historic 1869 Carson City Mint building, listed on the National Register of Historic Places, the museum is an icon and historical artifact. The museum serves the public through extensive collections, education, and exhibition programs related to Nevada's rich heritage of prehistory, history and natural history. The museum preserves collections at several locations, including the Marjorie Russell Clothing and Textile Research Center and the Indian Hills Curatorial Center. The museum also provides museum technical assistance for Nevada's non-state museums' public history support for a variety of reference and public program requests, and fosters occasional archaeological and natural history fieldwork. America's largest exhibited Imperial Mammoth; Dat So La Lee Baskets; "U.S.S. Nevada" silver service; a replica walkthrough mine and ghost town; and Coin Press No. 1 are all on exhibit. Statutory Authority: NRS 381.

BASE

This request continues funding for 19.53 positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

TOURISM - NEVADA ARTS COUNCIL

101-2979

PROGRAM DESCRIPTION

The Nevada Arts Council (NAC) is the sole and official agency of the state to receive and distribute funds from the National Endowment for the Arts. The NAC was established in 1967 to "enrich the cultural life of the state through leadership and programs that preserve, support, strengthen and make accessible excellence in the arts for citizens and tourists alike." NAC accomplishes this through: (1) awarding grants that support a breadth of arts and cultural activities throughout Nevada; (2) the design and management of outreach programs and initiatives available to all geographic regions of the state; (3) providing professional development opportunities; and (4) maintaining active partnerships with communities and tribal organizations, schools and educators, arts organizations and artists, and nonprofit and profit businesses. A professional staff manages the agency's six program areas designed to advance the agency's mission and serve a diverse client base - Grants, Arts Learning, Community Arts Development, Public Information and Arts Initiatives, Folklife, and Artist Services. Statutory Authority: NRS 233C.

HHS-DO - UPL HOLDING ACCOUNT
101-3260

PROGRAM DESCRIPTION

The Upper Payment Limit (UPL) Holding Account was established in Section 51 of Assembly Bill 507 of the 77th Legislative Session to allow the Department of Health and Human Services (DHHS) to place excess funds from various divisions within DHHS as a result of savings from not providing health care and related services. When needed, the funds will be transferred to the Division of Health Care Financing and Policy and used to pay the state's share of the cost for the Private UPL Supplemental Payment Program.

BASE

This request continues funding for ongoing programs. One-time expenditures have been eliminated and partial year costs have been annualized.

HHS-DO - GRANTS MANAGEMENT UNIT

101-3195

PROGRAM DESCRIPTION

The Office of Community Programs and Grants consolidates the function and management of grant programs that pass funds through to community level and state sub-recipients. This unit was created to ensure the standardization of procedures, simplification of accounting, and co-location of staff. The efficiencies realized allow the department to use fewer funds for administrative purposes and to pass more funds to grantees providing direct services. Grantees have also benefited from the standardized procedures used to request funding.

BASE

This request continues funding for 9.51 positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

DHHS - AGING AND DISABILITY SERVICES DIVISION - The mission of the Aging and Disability Services Division is to ensure the provision of effective support and services to meet the needs of individuals and families, helping them lead independent, meaningful and dignified lives.

Division Budget Highlights:

1. **Children's Assessment Center** - The budget proposes to change the service model for Nevada Early Intervention Services to an "Assessment Center" model which places the child and family at the center of the service delivery system and allows for the delivery of individualized and comprehensive services.

2. **Caseload Growth** - The budget requests caseload growth for programs that serve children with disabilities, individuals with intellectual disabilities, adults with physical disabilities, seniors, and for the Long-Term Care Ombudsmen program that assists consumers in long-term care facilities.

3. **Behaviorally Complex SLA Initiative** - The budget requests an increase in the amount paid to Supported Living Arrangement (SLA) providers for those Developmental Services clients who have significant behaviors that have resulted in placement in institutional settings (both in and out of state).

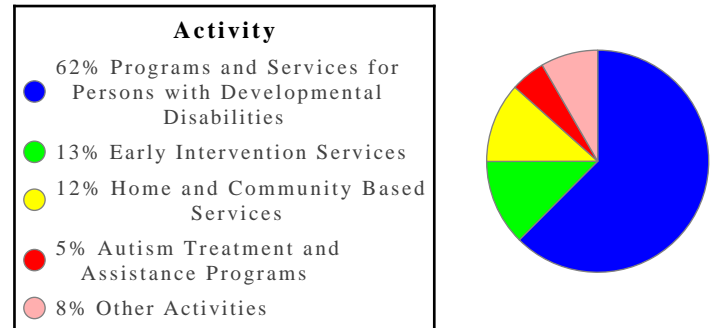

4. **Waiver Waitlist Reductions** - The budget requests waitlist reductions for the home and community based waivers operated by the Division. These requests serve all consumers waiting longer than 90 days for services in compliance with the Olmstead decision and the requirement to serve consumers timely.

HHS-ADSD - EARLY INTERVENTION SERVICES

101-3208

PROGRAM DESCRIPTION

Early Intervention Services are provided to children from birth to three years of age who have known or suspected developmental delays in the areas of cognition, communication, physical development (including vision and hearing), social and emotional development, and/or adaptive skills as required by Part C of the Individuals with Disabilities Education Act. Services may include, but are not limited to, service coordination; occupational, physical and speech therapy; vision and hearing services; specialized instruction; parent support; assistive technology; pediatric diagnostic evaluations; nutritional services; and family training and counseling. Services are primarily provided in the home, child care and preschool settings, and/or Early Head Start programs. In collaboration with local hospitals, early intervention state programs provide follow-up developmental and pediatric services for hospital neonatal intensive care nurseries and follow-up hearing evaluations for the newborn hearing screening program. Early intervention personnel provide administrative and physician support for specialty clinics for children in the areas of genetic disorders, metabolic disorders, and craniofacial anomalies. Nevada Early Intervention Programs provide early intervention services in all of Nevada's seventeen counties. Regional offices are located in Reno, Carson City, Winnemucca, Elko, Ely, and Las Vegas.

PROGRAM DESCRIPTION

The Family Preservation Program provides financial assistance on a monthly basis to low-income families residing in Nevada who are providing care in their home for family members with a profound or severe intellectual disability. Also covered are children under six years of age who have developmental delays that require support equivalent to that required by a person with profound or severe intellectual disabilities or a related condition. The purpose of this assistance is to help offset expenses necessary to meet the special needs of the person with intellectual disabilities and to help strengthen and support families, thereby keeping families intact and reducing the need for out-of-home placement. Families use assistance payments to obtain specialized supplies or equipment (wheelchairs, clothing, diapers, therapy services, special diets, transportation services) and general income supplementation. Statutory Authority NRS 435.365.

DHHS - HEALTH CARE FINANCING & POLICY - The mission of the Nevada Division of Health Care Financing and Policy is to purchase and provide quality health care services to low-income Nevadans in the most efficient manner; promote equal access to health care at an affordable cost to the taxpayers of Nevada; restrain the growth of health care costs; and review Medicaid and other state health care programs to maximize potential federal revenue.

Division Budget Highlights:

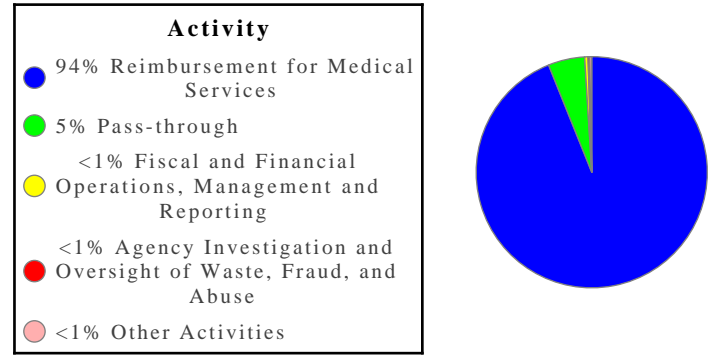

- 1. Medicaid Expansion** - As a result of Medicaid Expansion, there are projected to be more than 214,000 newly eligible adults receiving health care services payable through Medicaid by the end of the biennium, with total Medicaid enrollment approaching 677,000.
- 2. Workforce Development** - The budget requests reimbursement for registered dietitians and podiatrists to assist primary care physicians in focusing on patients that require services at the higher level of their scope of practice. It also allows for an emphasis to be placed on preventative care for obesity and diabetes.
- 3. Provider Rate Increases** - The budget requests rate increases in Adult Day Health Care, Assisted Living, Nursing Facilities and Swing Beds, and Pediatric Surgeons. This initiative supports community-based care and allows facilities and certain providers to be reimbursed for individuals who require a higher level of care.
- 4. Efficient and Effective State Government** - Medicaid has implemented several cost saving initiatives via technology such as the Asset Verification System and the Medicare Buy-In data match. These systems will assist in timely identification of assets and Medicare enrollment which enables Medicaid to be the payer of last resort.
- 5. Medicaid Management Information System (MMIS)** - This Technology Investment Request one shot appropriation continues and completes Phase III of the MMIS replacement. This project replaces the core MMIS claims processing system with a more efficient system that will benefit providers as well as the state.

HHS-HCF&P - INTERGOVERNMENTAL TRANSFER PROGRAM

101-3157

PROGRAM DESCRIPTION

The Intergovernmental Transfer (IGT) account collects payments from counties to be used as state matching funds for Medicaid expenditures, thus reducing the need for State General Fund appropriations. Payments are collected from Clark and Washoe counties in support of supplemental Disproportionate Share Hospital (DSH) payments to hospitals. DSH payments support facilities that serve a disproportionate share of Medicaid, indigent, or other low-income patients. This reduces the burden of uncompensated costs for these facilities. The IGT also collects payments from counties to support supplemental Upper Payment Limit (UPL) payments to providers for inpatient and outpatient hospital services, Graduate Medical Education and mental health services. The UPL program allows supplemental payments to certain providers to fill the gap in payments from what Medicaid reimburses compared to the upper payment limit of what the Medicare program reimburses. In addition, revenues to support the non-federal share of Medicaid costs such as School Based Services and non-emergency para-transit transportation services, and enhanced Managed Care Organization rates for safety net hospital providers provided by local government providers. The proceeds are deposited to this account and transferred as needed to Nevada Medicaid, budget account 3243, medical payments; to Health Care Financing and Policy, budget account 3158, for related administrative costs; and to Nevada Check Up (NCU), budget account 3178 for NCU medical expenditures. The remainder, if any, is balanced forward to reserve.

Statutory authority: NRS 422.380 through 422.390 and the Nevada State Plan under Title XIX of the Social Security Act.

BASE

This request continues funding for the Intergovernmental Transfer program. One-time expenditures have been eliminated and partial year costs have been annualized.

**HHS-HCF&P - INCREASED QUALITY OF NURSING CARE
101-3160**

PROGRAM DESCRIPTION

The 2003 Legislature instituted a long-term care provider tax on freestanding long-term care facilities to increase the quality of long-term nursing care in Nevada. The tax rate is based on 6% of net patient revenues (42 CFR 433.68). The proceeds of the tax are deposited to this account and then transferred, as needed, to Nevada Medicaid, budget account 3243, to make monthly supplemental payments to skilled nursing facilities caring for Medicaid recipients, up to one percent to Health Care Financing & Policy Administration, budget account 3158, for administrative costs; and the remainder is balanced forward to reserve. Statutory authority: NRS 422.3755 through 422.379.

BASE

This request funds ongoing programs supported by the long term care provider tax.

HHS-HCF&P - NEVADA CHECK UP PROGRAM

101-3178

PROGRAM DESCRIPTION

Nevada initiated a Children's Health Insurance Program (CHIP) in 1998, known as Nevada Check Up. Under Title XXI of the Social Security Act, CHIP provides options for states to cover health care costs for low-income, uninsured children not eligible for Medicaid, whose family income is at or below 200% of the federal poverty level. The Nevada Check Up Program is a stand-alone program. It is not an entitlement program nor is it part of the Medicaid Program. Families are assessed quarterly premiums based on family size and income. Statutory Authority: NRS 432A.300, NRS 422, Federal Title XXI of the Social Security Act, and Section 43 of the Code of Federal Regulations.

BASE

This request funds ongoing programs and services of Nevada Check Up. One-time expenditures have been eliminated and partial year costs have been annualized.

HHS-HCF&P - NEVADA MEDICAID, TITLE XIX

101-3243

PROGRAM DESCRIPTION

This budget account represents Medicaid medical costs for the Division of Health Care Financing and Policy as authorized by Federal Title XIX of the Social Security Act. The mission of the division is to purchase quality, accessible, and economical health care services for eligible Nevadans. Federal regulations define mandatory recipient groups to be covered; Nevada generally covers only those mandatory groups. The Division of Welfare and Supportive Services and the Department of Health and Human Services, Director's Office provide caseload forecasts. Cost-per-eligible data is produced from the Medicaid Management Information System and is based on paid medical claims history. This data is factored with the caseload projections to produce budgeted medical expenditures. E227 EFFICIENT AND RESPONSIVE STATE GOVERNMENT

This request funds an efficiency measure that revises the funding source for supplemental payments from State General Funds to federal funds. Each year supplemental payments are paid at the then-current regular Federal Medical Assistance Percentage (FMAP) as it is not known which population will receive the services funded by these payments. Once actual claims data is available from the hospitals/entities receiving the supplemental payments, the agency is able to analyze the claims data, identify the population, and recalculate the funding split that should have been used for the claim. The savings associated with this initiative is due to the agency's ability to retroactively claim the newly eligible FMAP of 100 percent for supplemental payments for past claims associated with those payments. The newly eligible FMAP of 100 percent became available at the start of the Affordable Care Act on January 1, 2014 and will go through December 31, 2016 at which time the FMAP for the newly eligible population will decrease. The savings reflects the difference of what is projected for Year 1 and Year 2 of the next biennium, less the amount claimed during the base year.

This request funds a 15% increase for Assisted Living services and establishes a new level for behaviorally complex clients. Assisted living settings are a low cost alternative to institutional placement. For many of the recipients and/or their caregivers, there is no alternative to an assisted living setting other than residing in a nursing facility which would not be appropriate as these individuals do not have a skilled need that would meet these requirements.

DHHS - WELFARE AND SUPPORTIVE SERVICES - The mission of the Division of Welfare and Supportive Services is to engage clients, staff, and the community to provide public assistance benefits to all who qualify and reasonable support for children with absentee parents to help Nevadans achieve safe, stable and healthy lives.

Division Budget Highlights:

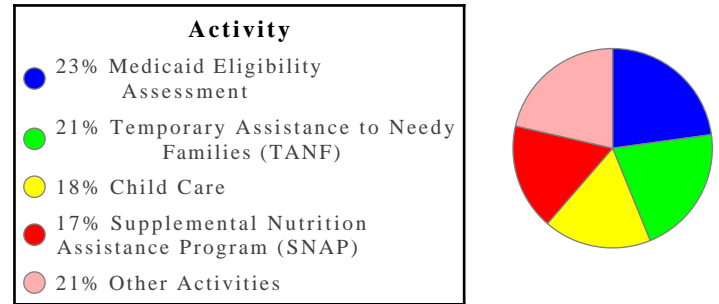

- Case Processing Efficiencies** - The budget eliminates 19 positions and two intermittent staff due to improved efficiency. Despite overall caseload growth, buildings, staffing and technology investments authorized during previous biennium have resulted in added productivity, efficiency and improved customer service.
- Enhance Access NV Online Application** - There is a one-shot appropriation for a Technology Investment Request to maximize Medicaid funding for modernization of the public facing web application used to submit electronic applications for Medicaid, SNAP and TANF. It includes engineering to easily add other public assistance programs.
- No Wrong Door Technology Enhancement** - There is one-shot appropriation for a Technology Investment Request which maximizes Medicaid funding to enhance systems to support a No Wrong Door approach to serving Department of Health and Human Services clients to electronically guide them to the programs for which they may qualify.
- Master Client Index Technology Enhancement** - This Technology Investment Request one-shot appropriation maximizes Medicaid funding to create a Master Client Index to track clients across the department. This database maintains a unique identifier allowing for improved access to client data and coordination of services across the department.
- Child Support Enforcement System Replacement** - This Technology Investment Request one-shot appropriation replaces the Child Support Enforcement System to improve the effectiveness and quality of the Child Support program and increase child support collections for Nevada families.

HHS-WELFARE - TANF

PROGRAM DESCRIPTION

The Personal Responsibility and Work Opportunity Reconciliation Act of 1996 (PRWORA) replaced the entitlement for Aid to Families with Dependent Children (AFDC) with a Temporary Assistance for Needy Families (TANF) block grant covering cash assistance, employment and training activities and other activities meeting the four goals of TANF:

1. Provide assistance to needy families so children may be cared for in their homes or in the homes of relatives.
2. End the dependence of needy parents on government benefits by promoting job preparation, work and marriage.
3. Prevent and reduce the incidence of out-of wedlock pregnancies.
4. Encourage the formation and maintenance of two-parent families.

Although significantly curtailed by the Deficit Reduction Act of 2005, PRWORA gave Nevada the flexibility to design its own self-sufficiency program to assist recipients in finding and keeping jobs. The program uses elements such as capped funding, work requirements and time limits on program eligibility to limit long-term dependency.

There are currently three different types of TANF benefit programs offered to new applicants:

1. New Employees of Nevada (NEON)
2. Child Only for households containing no-work eligible individuals
3. Temporary Program (TEMP) providing short term assistance limited to an episode of need as a result of unforeseen circumstances, which includes a natural disaster such as a flood, earthquake, etc.

TANF is federally funded through a block grant from the Department of Health and Human Services. The annual federal TANF block grant is \$43,907,517 and is anticipated to remain at that level. Under the maintenance of effort (MOE) provision in the federal regulations, states are required to contribute money equal to 80% of the amount spent on Aid to Families with Dependent Children (AFDC) and AFDC-related programs during fiscal year 1994. The 80% MOE can be reduced to 75% for each year the work participation rates are met. For Nevada, the total TANF MOE is \$27,188,122 of which \$24,607,702 is in the TANF budget account. The remaining \$2,580,420 is spent in the Child Care budget (3267), which is counted as MOE for both TANF and Child Care.

The TANF program mandates the state to participate in a Child Support Enforcement Program. Statutory authority: NRS Chapter 422A.

The State Supplemental Assistance Program provides an additional payment to low income aged and blind individuals receiving Supplemental Security Income (SSI); and provides adult group care facilities with a greater supplement to assist recipients in avoiding or delaying institutionalization. The federal government started the SSI program on January 1, 1974. The program is administered by the Social Security Administration (SSA) and states were given the option to make payments in addition to the amount paid by the federal government. Nevada has paid a state supplement to the aged and blind since the start of the program. The prevention of or delay in institutionalization results in cost savings for the Medicaid program.

The Division of Welfare and Supportive Services contracts with the SSA to determine eligibility for and issue the state supplement. States pay a per check charge for each SSI payment made. The cost per check was \$11.55 in federal fiscal year 2015 and \$11.56 in 2016. The state supplement and federal payment are paid monthly to the recipient and combined in one check from the SSA. Statutory authority: NRS Chapter 422A.

PROGRAM DESCRIPTION

The Field Services budget provides staff salaries and operating expenses for the various programs administered by the Division of Welfare and Supportive Services (DWSS). This budget account primarily consists of Family Services Specialists who determine eligibility for the major program areas which include: Temporary Assistance for Needy Families (TANF), Supplemental Nutrition Assistance Program (SNAP), and various medical programs including medical assistance to the aged, blind and disabled. Family Services Specialists and Social Workers provide employment and support services to assist the needy in overcoming barriers to self-sufficiency.

The federal government mandates specific quality and performance measures for eligibility, client support and periodic reviews of client circumstances. The state is subject to penalties in the form of grant reductions for non-compliance with the performance measures. If penalized, the state is required to replace the grant reductions with General Funds restoring the available program funding to the pre-penalty level. Additionally, program integrity and fraud protection is an integral part of Field Service responsibility.

Field Services is required to provide service and appropriate eligibility to anyone seeking access to DWSS administered programs. All requests are provided a consistent level of quality service. There are currently 1,768.5 positions in this budget, located in District Offices throughout the state. This includes 265 intermittent staff. Statutory authority, NRS Chapter 422A.

BASE

This request continues funding for 1503.51 positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

HHS-WELFARE - CHILD SUPPORT ENFORCEMENT PROGRAM

101-3238

PROGRAM DESCRIPTION

The mission of the Child Support Enforcement Program (CSEP) is to help strengthen families and reduce welfare dependency by ensuring parents live up to the responsibility of supporting their children.

CSEP promotes the well-being of children, strengthens families, and reduces the demand on public treasuries by securing support from legally responsible parents. (States must operate a CSE program, meeting federal requirements, to be eligible for Temporary Assistance for Needy Families (TANF) funds.)

In Nevada, this program is administered by the Division of Welfare and Supportive Services (DWSS) and jointly operated with participating county district attorneys' offices through cooperative agreements. CSEP provides five basic services:

- 1) Location of non-custodial parents
- 2) Establishment of parentage
- 3) Establishment of child support and medical support orders
- 4) Enforcement of child support and medical support orders
- 5) Collection and disbursement of child support and medical support payments

Funding is matched 34% by the state and participating counties and 66% by the federal Child Support Enforcement grant. The 34% state share is funded through State Share of Collections (SSC). The SSC is the amount of TANF dollars allowed to be retained by the state according to federal rules, which are collected through assigned child support payments. Statutory Authority: NRS Chapter 425.

BASE

This request continues funding for 117 positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

PROGRAM DESCRIPTION

The Child Support Federal Reimbursement budget account is used to pass through federal payments to participating district attorneys' offices for the federal share of costs associated with their local child support enforcement programs. Currently 10 of the 17 Nevada district attorneys participate in the program under contract to provide intake, location of non-custodial parents, paternity establishment, financial and medical support order establishment and other enforcement activities. The Child Support Federal Reimbursement budget account was created in the 1999 budget process to separate the child support program's state administrative costs in budget account 3238 from the pass-through of federal funds to the local district attorneys. Statutory Authority: NRS Chapter 425.

BASE

This request continues funding for ongoing program costs. One-time costs have been eliminated and partial year costs have been annualized.

HHS-WELFARE - CHILD ASSISTANCE AND DEVELOPMENT

101-3267

PROGRAM DESCRIPTION

The Child Care and Development Program (CCDP) provides child care subsidies to Nevada's low-income families. The services enable families to become and remain self-sufficient, thereby reducing long-term dependency on public assistance programs.

The CCDP is administered by the Division of Welfare and Supportive Services with service delivery accomplished by Children's Cabinet in northern Nevada and the Las Vegas Urban League in southern Nevada. The Child Care and Development Fund includes the following child care programs:

- 1) New Employees of Nevada (NEON) program - provided to current Temporary Assistance to Needy Families (TANF) clients who are participating in various NEON components such as orientation, education and vocational training, employment seeking, and work participation
- 2) At-Risk - provides child care payments for non-TANF clients who are income eligible for TANF
- 3) Discretionary - provides child care and related payments for non-TANF eligible clients

Statutory Authority: NRS Chapter 422A.

BASE

This request continues funding for four positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

HHS-WELFARE - ENERGY ASSISTANCE PROGRAM

101-4862

PROGRAM DESCRIPTION

The mission of the Energy Assistance Program (EAP), formerly known as Low Income Home Energy Assistance (LIHEA), is to assist eligible Nevada citizens in meeting their heating and cooling needs.

The EAP provides payments for eligible households, which can be applied to either the heating provider, the cooling provider, or split between the two. In addition, the EAP program provides arrearage assistance to eligible households affording them the opportunity to use their annual EAP benefit allotment as a subsidy to meet monthly heating/cooling costs. EAP payment funding is provided by the Low Income Home Energy Assistance block grant and through the Fund for Energy Assistance and Conservation (budget account 6031), which was created as a result of legislation approved during the 2001 Legislative Session to collect a Universal Energy Charge (UEC) from certain electric/gas utilities. Statutory authority: NRS Chapters 422A and NRS 702.

Division Budget Highlights:

1. **Juvenile Justice Reform** - Investment in state-wide reforms include one shot funding for a unified data system, adoption of a standard risk and needs assessment, and the creation of an independent juvenile justice resource center to assist with the implementation of evidence-based practices throughout the system.
2. **Revenue Maximization** - The budget maximizes federal revenue and Medicaid funding through enhanced claiming for services including targeted case management and reimbursable child protective services and juvenile justice services.
3. **Prison Rape Elimination Act (PREA) Compliance** - The budget includes a Technology Investment Request one shot appropriation to enhance video monitoring capabilities at all three Juvenile Justice Youth Centers to improve safety for youth and staff. Additionally, the budget stabilizes the funding for the PREA Coordinator position.
4. **Children's Mental Health** - The budget realigns current services to meet the needs of the community as outlined in the strategic action plans pursuant to NRS 433b.333 Children's Mental Health Consortia. Current positions and services will be reallocated to community based services.

HHS-DCFS - VICTIMS OF DOMESTIC VIOLENCE

101-3181

PROGRAM DESCRIPTION

The Victims of Domestic Violence program awards grants to non-profit entities statewide to provide direct services to victims of domestic violence and sexual assault. Services include shelter, crisis phone access, emergency assistance, advocacy, hospital accompaniment, and counseling. Viable programs are sustained in all 17 Nevada counties with trained staff and volunteers. The Division of Child and Family Services has responsibility for monitoring domestic violence programs to ensure compliance with NRS 217.400 through 217.460 for granting funds from the domestic violence account, maintaining financial records, and evaluating services provided. Funding for this program comes from marriage license fees. The Victims of Domestic Violence account was established to manage these funds. Statutory Authority: NRS Chapter 217.

BASE

HHS-DCFS - UNITY/SACWIS

101-3143

PROGRAM DESCRIPTION

Information Management Services (IMS) is the unit within the Division of Child and Family Services (DCFS) which supports the technology needs of the division and the county child welfare agencies. IMS maintains two major computer applications: Unified Nevada Information Technology for Youth (UNITY) and Avatar.

UNITY is the Nevada-specific acronym for the federally mandated Statewide Automated Child Welfare Information System (SACWIS). The UNITY application became fully operational statewide in September 2003 and has been modified extensively to help meet the changing business requirements of the organization, including a recent conversion from a legacy desktop application to a web application. Child welfare agencies nationwide are required to submit adoption and foster care information electronically to the Administration for Children and Families, as per Public Law 103-66 (Omnibus Reconciliation Act). Child protective services intake and case management have been fully automated to ensure timely and accurate communications between state and county entities. In addition, UNITY is the system of record for the Youth Parole Bureau.

Avatar is the Health Insurance Portability and Accountability Act compliant case management and billing system which supports children's mental health. It has been operational since August 2005.

In addition to maintaining these two applications, IMS provides helpdesk support and application training to the three Nevada child welfare agencies (DCFS, Clark County Department of Family Services, and Washoe County Department of Social Services), as well as network and desktop computer support for DCFS.

HHS-DCFS - WASHOE COUNTY CHILD WELFARE

101-3141

PROGRAM DESCRIPTION

In the 2011 Legislative Session, the funding for Washoe County Department of Social Services (WCDSS) by the division changed. Currently, WCDSS receives an annual capped block grant each year to support child welfare services. This funding de-categorizes the General Fund appropriation to integrate child welfare and allows the agency to redirect child welfare funding to services not restricted by traditional definitions and funding limitations, but driven by the needs of children and families in their community. WCDSS has the ability to retain savings generated if services provided by the county cost less than the amount budgeted. This funding is contingent upon the counties meeting a minimum maintenance of effort. Specifically, the counties must maintain the amount of local funds spent for child welfare and child protective services at a level equal to or greater than the amount appropriated. In addition, within this current funding mechanism is a process to support a fiscal incentive program designed to stimulate and support improvement in key areas and is included in the agency improvement plan. A second allocation includes an estimate of costs that can be attributed to the projected caseload growth for the adoption assistance program. This is intended to ensure adoptions are continuously reinforced and, allows for each legislative session to apply funding based on historical adoption growth. Lastly, the agency which provides child welfare services must submit an agency improvement plan and data on an annual basis which demonstrates the progress that has been made toward meeting the specific performance targets set forth in this plan. The Agency's improvement plan is an integral part of the Quality Unit's oversight role.

BASE

This request continues funding for ongoing programs. One-time expenditures have been eliminated and partial year costs have been annualized.

PROGRAM DESCRIPTION

The Division of Child and Family Services (DCFS) Rural Region Child Welfare supports child protective services and other related child welfare services to the 15 rural counties in the state through its Rural Region offices. The DCFS Rural Region is separated into four districts, each providing services to multiple counties. Child Welfare services include emergency response (child protection) and the continuum of ongoing services to families through a comprehensive case planning process that provides initial assessment and comprehensive case management services that support the child, the parents, and the caregivers. The continuum includes emergency shelter care, foster family care (including relative placements), group home care, therapeutic foster care, residential treatment care for both in- and out-of-state placements, Interstate Compact for the Placement of Children, foster care licensing, independent living services, and adoption. Additional services to support the child and their family include in-home counseling, Intensive Family Services (IFS), early childhood services, and designated outpatient services.

HHS-DCFS - CHILD WELFARE TRUST

645-3242

PROGRAM DESCRIPTION

The Child Welfare Trust Fund account was established to receive benefits for survivors or other awards payable to children receiving child welfare services in a county whose population is less than 100,000. These benefits and other awards, including Social Security and Supplemental Income, must be deposited in the State Treasury for credit to this fund. The Division of Child and Family Services (DCFS) maintains a separate account for each child who receives money and deducts from the account any dollar amounts that were paid with public money for services provided to the child. Surplus balances are distributed in accordance with the guidance provided by the entity that issued the funds. The Treasurer's Office credits accrued interest to each child's separate account which is maintained in the Trust Fund for Child Welfare at the end of each interest period. Statutory Authority: NRS 432.037

BASE

This request continues funding for ongoing programs. One-time expenditures have been eliminated and partial-year costs have been annualized.

HHS-DCFS - YOUTH ALTERNATIVE PLACEMENT

101-3147

PROGRAM DESCRIPTION

The Youth Alternative Placement budget account was established to provide financial support to each regional facility for the detention of children who have been adjudicated as delinquent by Nevada courts. There are three regional facilities: two are located in Douglas County (China Spring Youth Camp and Aurora Pines Youth Camp), and one is located in Clark County (Spring Mountain Youth Camp).

The China Spring Youth Camp/Aurora Pines Youth Camp is dedicated to helping approximately 40-male and 16-female mid-level offenders between the ages of 12 and 18 develop skills, knowledge, and the experience necessary to promote health and resiliency, stop the progression of problems caused by delinquent behavior, and interpret and avoid high-risk behavior patterns in an emotionally safe, comforting, challenging, and nurturing environment. The facility provides structure and programs to assist juvenile offenders to overcome their delinquent behavior as well as opportunities to correct thinking errors, practice positive new social skills, and facilitate reintegration into the family and community.

The Spring Mountain Youth Camp and its community-based program provide residential treatment for approximately 112 youth between the ages of 12 and 18. The programs at Spring Mountain Youth Camp provide for therapeutic, educational, social, medical, and recreational needs. Counseling and therapy are provided to the youth as needed through Clark County's psychological services. Aftercare services are provided by a team, which includes probation officers and a mental health therapist who work with youth prior to placement and through completion of probation. This program operates in cooperation with, and is supported by, local law enforcement agencies, the Clark County School District, and various state agencies. Statutory Authority: NRS 62B.150

HHS-DCFS - SUMMIT VIEW YOUTH CENTER

101-3148

PROGRAM DESCRIPTION

The Summit View Youth Center, (SVYC) is a physically secure, juvenile residential facility located in North Las Vegas near Nellis Air Force Base. There are two housing units holding up to 48 youth each. However, the facility is currently only budgeted for one unit to be open, and therefore the current capacity is 48 youth between the ages of 12 and 20. SVYC is authorized and governed by NRS Chapter 63, State Facilities for Detention of Children, and those applicable statutes contained within NRS Chapter 62A, Juvenile Justice General Provisions. The physically-secure nature of SVYC in comparison to the other two DCFS Juvenile Justice facilities allows DCFS to house the state's highest-risk youth in a secure environment. The programming at SVYC addresses delinquent youth who also may have been victims of abuse, abandonment, and neglect, working closely with both public and private agencies in accomplishing goals. Programs which include educational services from Clark County School District, mental health services which includes individual and group counseling, and transition planning. Staff from SVYC coordinate with the Nevada Youth Parole Bureau and the Interstate Compact on Juveniles to ensure youth receive the best possible aftercare services once they are released from SVYC's jurisdiction. Youth who apply themselves to reach their goals in the shortest time possible typically achieve parole release within six to seven months. Statutory Authority: NRS Chapter 63

Statutory Authority: NRS Chapter 63.

HHS-DCFS - CALIENTE YOUTH CENTER

101-3179

PROGRAM DESCRIPTION

The Caliente Youth Center (CYC) is a secure juvenile residential facility located 150 miles north of Las Vegas on the east side of US Highway 93 in Caliente, Nevada. There are seven housing units situated on 35 acres with a maximum capacity of 140 youth. CYC serves male and female clients between 12 to 20 years of age. CYC is authorized and governed by NRS Chapter 63, State Facilities for Detention of Children, and those applicable statutes contained within NRS Chapter 62A, Juvenile Justice General Provisions. The programming at CYC addresses delinquent youth who also may have been victims of abuse, abandonment, and neglect, working closely with both public and private agencies in accomplishing goals. Staff from CYC coordinate with the Nevada Youth Parole Bureau and the Interstate Compact on Juveniles to ensure the youth receive the best possible aftercare services once they are released from CYC's jurisdiction. Youth who apply themselves to reach their goals in the shortest time possible typically achieve parole release within six to seven months. Statutory Authority: NRS Chapter 63

HHS-DCFS - NEVADA YOUTH TRAINING CENTER

101-3259

PROGRAM DESCRIPTION

The Nevada Youth Training Center (NYTC) is a residential juvenile correctional facility serving male youth between the ages of 12 and 20 who are committed by the state's district courts for correctional care. Bed space of the facility was reduced to 60 from 110 beds during the 2013 Legislative Session. The facility is located in Elko, Nevada, and operates a junior/senior high school program offering required and elective academic subjects, remedial programs (reading, math, and language), special education, and vocational education. Following the 2015 Legislative Session, youth are also able to participate in interscholastic sports including football, basketball, and track and field. Some youth are eligible to participate in college-level courses upon completion of their high school education. Youth also receive counseling conducted individually or in small and large groups, monthly treatment team meetings, and substance abuse counseling. Youth who apply themselves to reach their goals in the shortest amount of time possible typically achieve parole release within six to seven months. Statutory Authority: NRS Chapter 63.

HHS-DCFS - YOUTH PAROLE SERVICES

101-3263

PROGRAM DESCRIPTION

Youth Parole Services provides supervision and case management services to delinquent youth committed to the Division of Child and Family Services (DCFS) following adjudication of a delinquent act. Caseloads consist of delinquent youth committed to DCFS custody for placement at a correctional institution; youth on parole from such institutions; youth referred to Nevada for parole supervision from other states through the Interstate Compact on Juveniles (NRS 62I); youth committed to DCFS who require both correctional and mental health residential treatment; and youth under the age of 12 who are committed to DCFS for correctional care, but who cannot by law be placed in an institutional setting.

Parole aftercare services are provided to youth through a continuum of services starting with client and family assessment, institutional visitation, and pre-release parole planning with youth while they are in the state youth correctional facilities. Based on these contacts, youth are provided with a reputable placement and appropriate parole programming. Youth who are unable to return to parents or guardians are provided residential care through division contracts for foster care, group care, and residential treatment programs. While on parole, each youth is supervised to ensure compliance with conditions of parole and state and local laws. Counseling and guidance services are provided to facilitate the youth's successful participation in an educational and/or vocational program. Through day treatment classes and individual and group counseling, Youth Parole Services' counselors assist parolees in the development of competencies in their personal lives. Issues of anger control, substance abuse, gender-specific issues, gang membership, impulse control, social skills and decision-making are addressed on an individual basis. Youth Parole Services operates the Interstate Compact on Juveniles which regulates the transfer of juvenile probation and parole supervision across state boundaries and is charged with arranging the return of delinquent runaways on demand. Statutory Authority: NRS Chapters 62, 62I, and 63.

E242 EFFICIENT AND RESPONSIVE STATE GOVERNMENT

This request funds an increase in travel related to NRS 432.0177 compliance. Occasionally, youth in Youth Parole custody have been placed in out-of-state facilities. In order to remain in compliance with NRS 432.0177, those facilities must be inspected, thereby requiring travel funding. Since Youth Parole Services, budget account 3263 is responsible for the care of the youth, this budget account has funded the travel needs related to those facility inspections. It is expected that the travel needs will increase in the upcoming years and therefore the agency is requesting an increase in travel funding in order to ensure the state remains in compliance with NRS 432.0177.

PROGRAM DESCRIPTION

Southern Nevada Child and Adolescent Services (SNCAS) provides assessment, care coordination, and a comprehensive continuum of mental health care services for emotionally disturbed children and adolescents from birth through 18 years of age in accordance with NRS 433B. Children served are uninsured, under-insured, or fee-for-service Medicaid recipients. Services are provided in four Neighborhood Family Service Centers. SNCAS mental health services are both office- and home-based and include early childhood mental health services and outpatient children's clinical services, providing evidence-based models of clinical assessment, individual, group and family therapies, intensive clinical case management, mobile crisis and early childhood day treatment. Intensive clinical case management services through the Wraparound in Nevada Program (WIN) are also provided from the four centers. Residential services are provided at the West Charleston campus and include the Oasis On-Campus Treatment Homes, which provides intensive treatment home services and Desert Willow Treatment Center, which provides inpatient acute psychiatric and residential treatment center services. Psychiatric services are provided for children in early childhood mental health, outpatient, and residential services. Services are provided in strength-based, individualized processes that respect and value the family's decision-making and culture. The goal for every child is to provide services within the least restrictive environment and support remaining in, or returning to, family care with the support of community-based services. Statutory Authority: NRS Chapters 433, 433A and 433B.

PROGRAM DESCRIPTION

The mission of the Bureau of Vocational Rehabilitation (BVR) is to bring Nevadans together to promote barrier-free communities in which individuals with disabilities have access to opportunities for quality work and self-sufficiency. The program serves individuals who have physical or mental impairments that present barriers to employment and assists them in preparing for obtaining and retaining meaningful competitive employment. Services are delivered through 14 offices throughout the state, including six rural offices. The program is funded with 78.7% federal funds and 21.3% General Fund Appropriations. BVR also administers the Supported Employment Program (Title VI of the Rehabilitation Act) which expands employment options for individuals with the most significant disabilities who may be able to engage in competitive work through the provision of intensive training, supervision, and other services, which is 100% federally funded.

DETR - SERVICES TO THE BLIND & VISUALLY IMPAIRED

101-3254

PROGRAM DESCRIPTION

The mission of the Bureau of Services to the Blind and Visually Impaired (BSBVI) is to bring Nevadans together to promote barrier-free communities in which individuals with disabilities have access to opportunities for quality employment and self-sufficiency. The bureau provides a full range of services to persons, who are blind, deaf/blind, or severely visually impaired, including vocational rehabilitation, mobility and living skills training, assistive technology training and purchase of equipment; and low vision programs. The services available under this program are tailored to meet the individual interests, skills, abilities, and informed choice of participants and may include vocational training, secondary and post-secondary education; counseling and guidance, job development, placement, and follow-up services; transportation; and medical treatment and intervention. Services are delivered through fourteen offices throughout the state, including six rural offices. The program is funded with 78.7% federal funds and 21.3% General Fund Appropriations. The bureau also administers the Older Individuals who are Blind (OIB) grant (Title VII of the Rehabilitation Act), which provides services to individuals over age 55 who are blind or visually impaired and is funded with 90% federal funds and 10% state General Fund Appropriations. OIB services are geared towards assisting participants in gaining skills to live independently, travel safely around the community, and avoid institutionalization.

All monies in the fund are continuously available to the Division Administrator and do not lapse at any time. The division uses the fund to support and maintain agency-owned buildings and pay for technological enhancements to programs for which federal funds are not available. Statutory Authority: NRS 612.615

BASE

This request funds continued maintenance of agency-owned buildings, contract services, and technological enhancements to programs for which federal funds are not available. One-time expenditures have been eliminated and partial year expenditures have been annualized.

PEACE OFFICER STANDARDS & TRAINING COMMISSION
101-3774

PROGRAM DESCRIPTION

The Commission on Peace Officer Standards and Training (POST) establishes and regulates the minimum qualifications, training, and standards for all peace officers in the State of Nevada. POST oversees and tracks the employment, behavior, basic and professional certification, course certification, and training for Nevada's officers. Regularly scheduled public meetings are held around the state to discuss and revise laws and regulations, hear issues addressing the law enforcement community, and render judgment regarding officer behavior, which may result in denial, suspension or revocation of POST certification. In addition, POST is responsible for establishing the standardized performance objectives for all basic training academies. POST also develops and delivers exemplary training (both classroom and online), conducts its own basic training academy, and provides professional courses for the officers throughout the state. POST performs statewide audits of all 139 agencies and 35 academies providing guidance and oversight while monitoring their compliance with the standards set forth in the NRS and NAC. Statutory Authority: NRS 289.

NDOC - PRISON MEDICAL CARE

101-3706

PROGRAM DESCRIPTION

The mission of the Medical Division of the Nevada Department of Corrections (NDOC) is to provide quality, constitutionally mandated health care using an efficient system of managed care that is professional, humane, and appropriate. Inmate health care is comprised of medical, dental, and clinical mental health care. To fulfill its mission, the Medical Division operates infirmaries or clinics at all NDOC institutions. The major medical facility for the department is the Regional Medical Facility (RMF), integrated into the operation and perimeter of the Northern Nevada Correctional Center. The RMF provides inpatient medical care for serious medical conditions, surgical aftercare, inpatient mental health care, structured living unit for mental health patients after discharge from inpatient services, and long term care for fragile, aging, and disabled inmates. Mental health extended care is also provided at High Desert State Prison. The camps and transitional housing centers obtain medical services from institutions specifically assigned to support them. In fiscal year 2003, the Medical Division resumed the provision of health care services for Ely State Prison and in fiscal year 2005, resumed the provision of health care services for Florence McClure Women's Correctional Facility from two different private health care contractors. In fiscal year 2004, inmate programming moved from the Medical Division and organized into a separate Programs Division, budget account 3711, which was funded by the Legislature. The Medical Division is not National Commission on Correctional Health Care (NCCCHC) accredited; however, NCCCHC standards are used as a guideline for policy and procedure development.

BASE

This request continues funding for 288.62 positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

NDOC - NORTHERN NEVADA CORRECTIONAL CENTER

101-3717

PROGRAM DESCRIPTION

The Northern Nevada Correctional Center (NNCC) opened in 1964 as a medium custody facility with three housing units. From 1964 until 2008, six additional housing units were added. NNCC provides intake for the northern region and houses the Regional Medical Facility (RMF) for the Department of Corrections. The RMF provides inpatient medical and mental health services. In addition, there is a Medical Intermediate Care Unit and Structured Care Unit for inmates for which medical and mental health situations are stable, but require additional staff monitoring. NNCC also houses the Regional Warehouse which is the distribution center for the facilities located in Carson City and Reno. Educational services are conducted by the Carson City School District staff and include high school diploma, General Education Diploma, literacy programs, and English as a Second Language. A wide range of self-help and treatment programs are available and administered by medical, mental health, and program staff. Programs include the Senior Structured Living Program for inmates 60 years of age and older and a re-entry program to prepare inmates for reintegration into society. Current vocational programs include auto mechanics/auto shop and computer science. Silver State Industries manufactures a variety of products for governmental agencies and private entities through programs including a wood shop, a metal shop, a paint shop, mattresses, and an upholstery shop. Authority: NRS 209.

PROGRAM DESCRIPTION

The Lovelock Correctional Center (LCC) is primarily a medium security institution, but has a large population of close custody protective segregation inmates requiring special handling and security. The 1989 Legislature approved operation of the facility with Phase I becoming operational in October 1995 and Phase II in November 1997. LCC has an active, broad based religious program available to all inmates. Coal Canyon High School, sponsored by the Pershing County School District, runs literacy programs, General Education Diploma, high school diploma courses, a variety of college level classes and several vocational programs. Vocational programs include an auto shop and dry cleaning certification. In addition, LCC has a sex offender treatment program, drug and alcohol counseling, the Structured Living Program, and mental health programs. Prison Industries has two programs, one manufactures prison clothing for all department institutions and the other manufactures draperies for the general public. Statutory Authority: NRS 209.

PROGRAM DESCRIPTION

The Florence McClure Women's Correctional Center (FMWCC) is located in Las Vegas. In 1996, this facility became operational to house women incarcerated in the department. The Corrections Corporation of America (CCA) owned and operated the facility until its purchase by the State of Nevada in October 2001. Effective October 1, 2004, the Nevada Department of Corrections took possession of the facility, eliminating the need to contract with the CCA. Formerly known as the Southern Nevada Women's Correctional Center, the facility was renamed in 2007 in honor of Florence McClure and her contributions to improving conditions for incarcerated women. FMWCC houses all custody levels of female inmates in Nevada. The facility's capacity increased in 2008 with the addition of a 240-bed dorm and in 2009 with a 300-bed addition to the main facility. FMWCC has several various religious programs available to all inmates, General Education Diploma, high school diploma courses, and a variety of correspondence college level classes. FMWCC has a substance abuse program that offers in-house drug and substance abuse treatment, mental health treatment program that provides structure for mental health challenges, re-entry program that prepares inmates for the reintegration into society, a senior program that focuses on the needs and activities for inmates older than 55 years of age, and the Pups on Parole Program that trains inmates to be certified dog handlers. FMWCC has one Prison Industry program which can employ over 70 inmates and is geared towards salvaging and re-packaging overstock products/merchandise. Statutory Authority: NRS 209.

NDOC - CASA GRANDE TRANSITIONAL HOUSING

101-3760

PROGRAM DESCRIPTION

Casa Grande Transitional Housing (CGTH) opened in December 2005. The dormitory-style facility was built to house non-violent, low risk male and female inmates within 18 months of their probable release. Casa Grande's mission is to allow these residents the opportunity to seek work, education, re-entry services and secure permanent housing prior to reintegrating into society. Wages earned by the residents are collected to offset the cost of their incarceration, pay any court ordered restitution, and funds upon release. Since its inception, Casa Grande has expanded its programs and has partnered with the Department of Public Safety, Division of Parole and Probation to include programs for parolees and probation violators. Statutory Authority: NRS 209.

NDOC - STEWART CONSERVATION CAMP

101-3722

PROGRAM DESCRIPTION

The Stewart Conservation Camp (SCC) is adjacent to the Northern Nevada Correctional Center and originally opened in 1978. In 1995, SCC was rebuilt and more than doubled the size of the original camp. SCC houses minimum custody and community trustee inmates in five dormitory type units. Inmates at SCC can earn their General Education Diploma. The largest employer of the inmates at SCC is the Nevada Division of Forestry. The inmates are assigned to twelve-man crews to work on conservation projects and fire suppression activities. Inmates also work for Prison Industries, which runs the ranch, dairy, and the Wild Horse Training program. Under the supervision of Prison Industries, the ranch employs in their operations: a commercial dairy, alfalfa production, and care for horses in coordination with the Department of Agriculture and the Bureau of Land Management. The Wild Horse Training program involves inmates training horses for adoption by the public. Additionally, some of the inmates are classified as community trustees who provide support services for several state agencies in Carson City. Statutory Authority: NRS 209.

NDOC - THREE LAKES VALLEY CONSERVATION CAMP

101-3725

PROGRAM DESCRIPTION

The Three Lakes Valley Conservation Camp (TLVCC) is a minimum custody facility, adjacent to the Southern Desert Correctional Center (SDCC) at Indian Springs. This institution initially opened in 1982 as Indian Springs Conservation Camp with the opening of SDCC. At that time, the facility housed a male inmate population in an open bay facility. The institution opened with a 108 bed capacity, but was expanded to 150 beds in 1990. In 1994, the camp layout was restructured for better security and the capacity was increased to 248 inmates. In 2008, the facility was renamed Three Lakes Valley Conservation Camp (TLVCC), and in 2010 TLVCC was expanded further to incorporate a new facility that increased its total capacity to 384 inmates. The inmates at TLVCC support the Nevada Division of Forestry (NDF) program for conservation and fire suppression with twelve-man crews. In addition to the NDF program, there is the Program of Regimental Discipline (commonly known as the "Boot Camp") which routinely accommodates about 75 offenders in a military style program that includes intensive instruction in discipline, respect, motivation, leadership, life skills, substance abuse counseling, and physical exercise as an alternative to standard incarceration. Statutory Authority: NRS 209.

NDOC - JEAN CONSERVATION CAMP

101-3748

PROGRAM DESCRIPTION

The Jean Conservation Camp (JCC) houses female minimum custody inmates. Its parent institution is the Florence McClure Women's Correctional Center, which is 45 miles away. The camp opened in August 1988. New construction, completed in the spring of 1999, replaced existing housing units and increased capacity from 112 to 240 inmates. JCC became an all-female facility when the High Desert State Prison opened in September 2000. JCC has several various religious programs available to all inmates, General Education Diploma and high school diploma courses, and a variety of correspondence college level classes. In addition, JCC offers a wide variety of self-help programs provided by a Mental Health Counselor. The inmates housed at this facility support the Nevada Division of Forestry program for conservation and fire suppression with twelve-person crews. Statutory Authority: NRS 209.

The Offenders' Store Fund (OSF) is a special revenue fund generated by proceeds from the inmate stores and coffee shops located at most of the institutions as well as the inmate telephone system. The account funds its own inventory, operating costs, data processing costs, travel, and equipment. Profits from the operations are transferred to the Inmate Welfare Account, budget account 3763, to maintain the inmate law libraries and for the welfare and benefit of all inmates. In addition, costs absorbed by the Medical Division and the Director's Office on behalf of indigent inmates are reimbursed by the profits from OSF. Statutory Authority: NRS 209.221.

NDOC - PRISON INDUSTRY

525-3719

PROGRAM DESCRIPTION

The mission of Prison Industries (Silver State Industries) is to reduce government operating costs, provide offenders the skills necessary to successfully re-enter society, and enhance the safe operation of correctional facilities. To fulfill its mission, Prison Industries operates as a self-supporting operation, providing meaningful work and job training for offenders in the production of goods and services at little or no direct cost to the taxpayer. Operations include furniture and metal fabrication shops at Northern Nevada Correctional Center (NNCC), a printing/bindery shop and mattress factory at NNCC, a garment sewing factory and drapery sewing shop at Lovelock Correctional Center, and an automobile refurbishing/repair and motorcycle manufacturing/repair shop at Southern Desert Correctional Center (SDCC). Prison Industries also operates used playing card recycling operations at Warm Springs Correctional Center, High Desert State Prison, and SDCC. Private businesses utilize inmates as part of the Prison Industries program. Approximately 500 inmates work in Prison Industries' programs. Statutory Authority: NRS 209.

NDOC - PRISON RANCH

525-3727

PROGRAM DESCRIPTION

The mission of Prison Industries (Silver State Industries) is to reduce government operating costs, provide offenders the skills necessary to successfully re-enter society, and enhance the safe operation of correctional facilities. To fulfill its mission, Prison Industries operates as a self-supporting operation, providing meaningful work and job training for prison inmates, in the production of goods and services, at little or no direct cost to the taxpayer. One of Prison Industries' operations is the Prison Ranch. The Prison Ranch is self-supporting; operating from revenue derived from processed milk sold to the Department of Corrections and other state agencies, as well as from the sale of cream and surplus raw milk to private vendors. Additional income is generated from the sale of livestock, renting unused grazing land, and boarding of both estray horses (Department of Agriculture) and wild horses (Bureau of Land Management), until they have been adopted or sold to private individuals or moved to another holding facility. The Prison Ranch currently provides work for 44 offenders. Statutory Authority: NRS 209.

BASE

This request continues funding for six positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

DEPARTMENT OF MOTOR VEHICLES - To modernize and reinvent Department of Motor Vehicles (DMV) services through technology, innovation, customer service, transparent reporting, and training while guarding against fraud and protecting the driving public through licensing, intervention practices, and privacy of DMV records.

Department Budget Highlights:

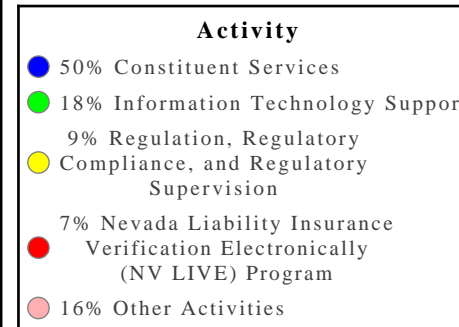

1. **System Modernization** - This budget includes funding for two new IT Professionals to manage hardware and software infrastructure and four new IT Technicians to support new end user technologies. It also funds two new Independent Verification and Validation contractors for the project certification audit.
2. **MSA Contractor** - This request funds a MSA contractor to be used as a back-fill position. This will allow the MVIT VID programmer to participate in the System Modernization project.
3. **Carson City DMV Security Camera Replacement** - Since the current analog security camera system is no longer working properly, equipment no longer records video footage and the electrical components have surpassed end of life, DMV is replacing the existing system.
4. **Departmental Efficiency Cost Reductions** - Due to reorganizations, process improvements and updated projections the Department was able to eliminate six positions.
5. **Operational Efficiency** - Through the elimination of mailing receipts for proof of surrender and changing the mail processing from bulk mail to Intelligent Mail Package Barcode processing the division was able to increase their cost effectiveness.

DMV - SYSTEM MODERNIZATION

201-4716

PROGRAM DESCRIPTION

This budget account funds the costs, as authorized in SB514 by the 2015 Legislature, the Department's System Modernization Project. System Modernization will replace the existing and aging Common Business Oriented Language mainframe and PowerBuilder applications running on disparate platforms with an integrated application that runs on a consolidated platform. The modernized solution will be COTS-based (custom off-the-shelf) and will improve the efficiency of operations and service delivery, provide flexibility, increase efficiencies and reduce transaction time, improve customer service, and provide enhanced security and disaster recovery.

The Department has submitted BDR number 17A8101495 regarding System Modernization category 17 - 10% Hold Back. Contract negotiations with the selected vendor provided a 10% holdback to payments on implementation of three phase of the five year project. The proposed BDR is to provide the ability for System Modernization to balance forward funds associated to the 10% holdback payments as needed due to implementation timing and budgetary authority.

BASE

This request continues funding for 16 positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

DMV - HEARINGS

201-4732

PROGRAM DESCRIPTION

The Department of Motor Vehicles, Hearings Office provides due process hearings to any person aggrieved by a decision of the department. Generally, these hearings concern the suspension, revocation, or cancellation of a privilege license issued by the department, such as a driver's license or a license to conduct business involving motor vehicles. The decisions of the administrative law judges assigned to the office may impact the lives and property of thousands of Nevadans. For this reason, the office strives to conduct all hearings in a timely, fair, and impartial manner and in accordance with the provisions in the Nevada Administrative Procedures Act, Chapter 233B. The office is supported primarily from Highway Fund revenues. Statutory Authority for these hearings is found in NRS 366, 445B, 481, 482, 483, 484, 485, 487, and 706.
