DPS - NHP K-9 PROGRAM

101-4705

PROGRAM DESCRIPTION

The Nevada Department of Public Safety, Highway Patrol Division, K-9 Drug Detection Program is dedicated to removing contraband from Nevada's highways and reducing the amount of drugs that circulate through our community. Criminal intelligence gathered by the K-9 teams is utilized to keep the highways, interstates, and secondary streets in Nevada safe. The K-9 Program is prepared to assist all allied and departmental agencies throughout the state anytime K-9 drug detection assistance is requested. Statutory Authority: NRS 480.360.

BASE

This request continues funding for associated operating costs for the program. One-time expenditures have been eliminated and partial year costs have been annualized.

DPS - HIGHWAY SAFETY GRANTS ACCOUNT

201-4721

PROGRAM DESCRIPTION

The Department of Public Safety, Highway Patrol Division receives several federal grants administered through this budget account. The granting agency is the US Department of Transportation, Federal Motor Carrier Safety Administration, whose focus is accident, fatality, and injury reduction of commercial motor vehicle (CMV) related crashes. These reductions are accomplished through consistent, uniform, and effective CMV safety programs. The federal grants include the Motor Carrier Safety Assistance Program (MCSAP) and the New Entrant Safety Assurance Program (New Entrant).

The MCSAP grant is made available to state and local entities that have, or are proposing, traffic safety programs/activities aimed at reducing the frequency and severity of CMV related crashes. These federal funds are used for qualifying programs and activities designed to promote safety on Nevada highways by supporting the enforcement of CMV regulations, CMV inspections, and CMV/non-CMV traffic enforcement. The management and oversight of the MSCAP grant is supported by eight positions and requires a 20% soft match, which is comprised of trooper time spent on MCSAP eligible activities.

The New Entrant program is a continuing program to conduct safety audits of new CMV operators based in Nevada. This grant funds 100% of these activities and is supported by two positions. Statutory Authority: NRS 480.300, 480.330, 480.340, and 480.360.

BASE

This request continues funding for eight MCSAP grant positions and two New Entrant grant positions, and associated operating costs. One time expenditures have been eliminated and partial year costs have been annualized.

DPS-PAROLE & PROBATION - The mission of the Division of Parole and Probation is to enhance public trust and safety, and provide assistance to the Courts and Parole Board by providing professional supervision of offenders to promote their successful reintegration into society.

Division Budget Highlights:

- 1. Parole and Probation Caseload Impacts** - The Governor's Recommended Budget includes funding for the five Administrative Assistants, 27 Parole and Probation (P&P) Specialists, three P&P Supervisors, and the elimination of three DPS Sergeants and 11 DPS Officer positions based on revised caseload projections.
- 2. Day Reporting Center** - The Governor's Recommended Budget includes funding for the implementation of a Day Reporting Center, and training for officers to focus on intervention and provide proven alternatives to incarceration in an effort to align Nevada's parole and probation system with accepted evidence-based practices.
- 3. Parole and Probation Supervision Ratio Plan** - The Governor's Recommended Budget includes funding to support the implementation of a new Parole and Probation Supervision Ratio Plan to align with national best practices and to improve the supervision process.
- 4. Caseworkers for NDOC Facilities** - The Governor's Recommended Budget includes funding to place P&P caseworkers in seven of the Department of Correction's prison locations and the Casa Grande Transitional Housing facility in Las Vegas to improve and expedite the inmate release process.
- 5. House Arrest Program** - The Governor's Recommended Budget includes funding for a State Funded House Arrest Program within the Division of Parole and Probation. The program is established to address a projected increase in qualifying parolees, estimated at 200 for fiscal year 2018 increasing to 350 in fiscal year 2019.
- 6. Projected Increase in Parolee Releases** - Due to proposed Corrections and P&P process improvements supported by the Governor, funding is provided for eight DPS Officers to supervise and monitor 450 parolees in excess of the projections provided by the state consultant, JFA Associates.

DPS - EMERGENCY MANAGEMENT DIVISION

101-3673

PROGRAM DESCRIPTION

Under the authority of NRS 414, the Division of Emergency Management (DEM) coordinates the efforts of the state and its political subdivisions together in partnership with private and volunteer organizations and tribal nations in reducing the impact of emergencies. The DEM is given oversight and coordination responsibility for all statewide emergency preparedness, emergency mitigation efforts, and the development, review, approval and integration of state emergency response planning. This includes the integration of volunteer organizations and the private sector in the state emergency management process as well as oversight of response exercises, training, and emergency operations planning. The DEM is responsible for assuring the state's readiness and ability to respond to and recover from natural and technological emergencies and disasters by assisting local governments with their emergency preparedness, response and recovery efforts, while providing a crucial link for accessing state and federal assistance and support. The division's operations also include those of the Nevada Office of Homeland Security.

BASE

This request continues funding for 29 positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

DPS-GENERAL SERVICES - The mission of the General Services Division is to support Nevada's criminal justice community and its citizens by providing complete, timely, and accurate information in a manner that balances the need for public safety and individuals' rights to privacy and ensures a positive customer service experience.

Division Budget Highlights:

- 1. NCJIS Modernization** - The Executive Budget contains funding to continue the Nevada Criminal Justice Information System (NCJIS) Modernization Project. This phase of the project includes moving all applications to a new supportable technology independent from the Justice Link (JLink) switch.
- 2. Transfer of the Warrants Unit** - The Executive Budget recommends the transfer of the Warrants Units from the General Services Division to the Highway Patrol Division to more effectively align resources with the agency generating demand for those services.

DPS - CRIMINAL HISTORY REPOSITORY

101-4709

PROGRAM DESCRIPTION

The Central Repository for Nevada Records of Criminal History is administered by the Department of Public Safety Records Bureau and administers the Nevada Criminal Justice Information System (NCJIS), which serves as the state's clearinghouse for criminal history record information and crime statistics. The system provides information and activities that support a wide variety of public safety interests and functions as the information portal through which law enforcement agencies statewide accesses criminal history record information from the Federal Bureau of Investigation (FBI) and other national and state criminal history databases. The bureau is a member of the Western Identification Network, a regional consortium of eight western states that share fingerprint images and criminal history record information and participates in the FBI's Interstate Identification Index and in the National Crime Prevention and Privacy Compact for the release of criminal history record information for non-criminal justice purposes. The bureau is further designated as the Chief Law Enforcement Official for the purposes of administering the Brady Handgun Violence Prevention Act of 1993.

The repository includes the Uniform Crime Reporting program; the Point-of-Contact firearms program (Brady); the Nevada Domestic Violence Protection Order Registry; the Nevada Sex Offender Registry; the Civil Name Check Program and the Program Development and Compliance Unit. Statutory Authority: NRS 179A and 179D.

BASE

This request continues funding for 118 employees with associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

DPS - GENERAL SERVICES

101-4702

PROGRAM DESCRIPTION

The General Services Division function within the Department of Public Safety provides critical support services to the divisions of the department and outside criminal/user agencies. The division enables the department to efficiently use available resources, provide greater transparency, and support improved customer service.

BASE

This request continues funding for 77 employees and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

DPS - STATE EMERGENCY RESPONSE COMMISSION

201-4729

PROGRAM DESCRIPTION

The mission of the State Emergency Response Commission (SERC) is to protect the citizens of the State of Nevada against the negative effects of hazardous materials. The SERC is the executive agency for Nevada's compliance with the federal Superfund Amendment Reauthorization Act, Title III, also known as the Emergency Planning and Community Right-to-Know Act. As mandated by this Act, SERC is responsible for collecting information from fixed facilities regarding the use and storage of hazardous materials. The information is provided to the public and first responders for both planning and reference purposes through a combined database coordinated with the State Fire Marshal's Office. Pursuant to NRS, fees are collected on the reports submitted. These funds support the Local Emergency Planning Committees and state agencies with equipment, training, and planning activities needed to prevent and respond to hazardous material incidents. Statutory Authority: 42 U.S.C. 11001; NRS 459.735 through NRS 459.744.

BASE

This request continues funding for two employees and associated operating costs. One-time expenditures have been eliminated and partial costs have been annualized.

DPS - FIRE MARSHAL

101-3816

PROGRAM DESCRIPTION

The mission of the State Fire Marshal Division is to protect life, property, and the environment from fires and hazardous materials in the State of Nevada. This is accomplished through the development and application of fire codes and standards, fire prevention education, fire service training, fire protection engineering, licensing and permitting, and investigative/enforcement services delivered directly, or in coordination with, the public safety community.

Statutory Authority: NRS 477.

BASE

This request continues funding for twenty-one employees and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

PROGRAM DESCRIPTION

The Cigarette Fire Safety Standard and Firefighter Protection Fund is a special revenue fund established within the Division of the State Fire Marshal for the purpose of supporting fire safety and fire prevention programs. The fund was created through Assembly Bill 229 of the 2009 Legislative Session and authorizes the State Fire Marshal to develop and enforce regulations concerning the standards for fire-safe cigarettes. All such cigarettes sold in Nevada must be certified by the State Fire Marshal. The division may expend money in the fund to support fire safety and fire prevention programs. Statutory Authority: NRS 477.172 through 477.250

BASE

This request continues funding for ongoing programs. One-time expenditures have been eliminated and partial year costs have been annualized.

DPS - HIGHWAY SAFETY PLAN & ADMIN

101-4688

PROGRAM DESCRIPTION

The Department of Public Safety, Office of Traffic Safety obtains and administers funds from the US Department of Transportation and sub-grants to state and local government entities and non-profit agencies. The mission of the office is to influence the driving behavior of Nevada's citizens through educational programs and the enforcement of traffic laws. The funding is also used to purchase limited equipment for emergency medical response and conduct first responder training. Statutory Authority: NRS 223.200.

BASE

This request continues funding for 10 positions and associated operational costs. One-time expenditures have been eliminated and partial year costs have been annualized.

DPS - TRAFFIC SAFETY

101-4687

PROGRAM DESCRIPTION

The Office of Traffic Safety was established to secure the full benefits available through the Federal Highway Safety Office programs. Funds are authorized by Congress at or near the beginning of each federal fiscal year. Funds are expended on a reimbursement basis to local and state agencies that were awarded grants based upon the merit of their proposals to mitigate traffic safety problems in their jurisdictions. Proposals that are chosen for a grant award are plans that promote public information and awareness through the use of effective education campaigns, and fund innovative traffic enforcement programs and other community-based countermeasures to improve traffic safety. Statutory Authority: NRS 223.200

BASE

This request continues funding for ongoing programs and transfers. One-time expenditures have been eliminated and partial year costs have been annualized.

DPS - MOTORCYCLE SAFETY PROGRAM

101-4691

PROGRAM DESCRIPTION

The Department of Public Safety, Office of Traffic Safety, Motorcycle Safety Office plans and administers a safety program that includes motorcycle training for new and experienced riders. The program administrator consults regularly with the Governor's Motorcycle Advisory Board concerning the content and implementation of the program, approves course instruction programs, and adopts rules and regulations necessary to carry out the program. The program also includes education of the driving public to increase awareness of motorcycles on Nevada highways. Statutory Authority: NRS 482.480 and 486.372-377

BASE

This request continues funding for two positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

DPS - JUSTICE GRANT

101-4736

PROGRAM DESCRIPTION

The Department of Public Safety (DPS), Office of Criminal Justice Assistance (OCJA) obtains, administers, and sub-grants to state and local government agencies grant funds from the US Department of Justice for programs that address illegal drug use, trafficking, violent crime, and improvement of the functioning of the criminal justice system. The objective is to coordinate education, prevention, treatment, and law enforcement to achieve a comprehensive solution to the problems of drug abuse and violent crime. Funding for this budget comes primarily from federal grants with a partial match from General Fund appropriations. Created by the Anti-Drug Abuse Act of 1986, Section 1308 states that the chief executive of each state shall designate a State Administrative Agency (SAA). In 1987, the OCJA was designated by the Governor as the SAA for Nevada. In November of 2000, the OCJA was designated by the Governor as the state coordinator for the 1033 Department of Defense Excess Property Program and the state point of contact for the 1122 General Services Administration Purchasing Program. Statutory Authority: NRS 480.800.

BASE

This request continues funding for 4.5 employees and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

PROGRAM DESCRIPTION

The Department of Public Safety, Justice Assistance Act budget is a pass-through account for several grants received from the US Department of Justice. Grant funds are distributed to state and local government agencies which contribute to the efforts of reducing and preventing crime, violence, and drug abuse, and improving the functioning of the criminal justice system while maintaining the integrity of the federal funds. Administrative funds are passed through to the Office of Criminal Justice Assistance (OCJA), budget account 4736. The OCJA was designated by the Governor as the State Administrative Agency (SAA) for Nevada in 1987. In November of 2000, the OCJA was designated by the Governor as the state point of contact for the 1033 Department of Defense Excess Property Program, and the State Coordinator for the 1122 General Services Administration Purchasing Program.

COLORADO RIVER COMMISSION - The Colorado River Commission of Nevada serves communities of the state by responsibly managing and protecting our Colorado River water and power resources.

Department Budget Highlights:

- Water Conference** - This budget includes funding to produce a water conference in cooperation with Southern Nevada Water Authority that would further Nevada's Colorado River issues and inform sister states of Nevada's special needs and problems relative to water resources.

Activity: Hydropower Activities

The hydropower activities include scheduling Nevada hydropower allocations from federal dams along the Colorado River and providing this important resource to Nevada entities. Protecting the resource includes activities related to the generation and delivery of hydropower, and the participation in all related federal and interstate forums.

CRC - COLORADO RIVER COMMISSION

296-4490

PROGRAM DESCRIPTION

The Colorado River Commission is empowered to acquire, manage, and protect all of Nevada's allocation of water and hydropower resources from the Colorado River (allocated to Nevada from the federal government) for the residents of Nevada. In addition, it is to provide electric power resources to certain customers from any available source for needs over and above the hydropower allocations. These resources are primarily centered in and benefit Southern Nevada. The Colorado River Commission Fund acts as the general fund for all Commission activities. All personnel costs for Commission staff and all of the basic activities and functions performed in fulfilling the Commission's legislative mandate are recorded in this account. The Commission is entirely funded by its customers and receives no state or federal funds in carrying out its activities. The Colorado River Basin states are in constant contact regarding the issues of the lower basin; the bulk of Commission travel occurs in California and Arizona. In addition, the Commission has extensive involvement with a number of agencies of the federal government, including the Department of Interior, Department of Energy, Bureau of Reclamation, Western Area Power Administration, US Fish and Wildlife Service, Environmental Protection Agency, Bureau of Land Management, National Park Service, and others. Statutory Authority: NRS 538.

BASE

This request continues funding for 43 employees and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

CRC - RESEARCH AND DEVELOPMENT

296-4497

PROGRAM DESCRIPTION

The Research and Development Fund provides for engineering studies, analyses, negotiations, and other efforts in protecting the interests of the state in the development of any of the resources under the control of the Colorado River Commission (Commission). This fund is now used exclusively for specific resource programs of the Commission. Expenditures are approved and funded on an individual basis through contractual agreements with Commission customers. In addition, some small projects may be funded from this account as approved by the director. The fund is currently utilized as a pass-through account for the Lower Colorado River Multi-Species Conservation Program (LCRMSCP) related costs to comply with the Endangered Species Act, which is a 50-year program to address the biological needs of mammals, birds, fish, amphibians, reptiles, invertebrates, and plants. Funding is provided to the Commission by its water and power contractors in accordance with the Multi-Species funding contracts. The Commission has been involved with the LCRMSCP since its inception and is now providing Nevada's share of the program funding and continues to monitor and provide input in the process. The implementation of the program is at the federal level with oversight from the non-federal funding entities. The program assures continuation of river operations including allowing Nevada's diversions of Colorado River water from Lake Mead. Statutory authority: NRS 538.

BASE

This request continues funding for ongoing programs. One-time expenditures have been eliminated and partial year costs have been annualized.

CRC - POWER DELIVERY PROJECT

502-4501

PROGRAM DESCRIPTION

The Power Deliver Project budget accounts for all of the costs associated with CRC's high voltage transmission, transformer, and distribution system designed and tied into the Southern Nevada Water Authority's (SNWA) water delivery system. The system provides for a power transmission system from the Lake Mead substation at Hoover Dam to the SNWA water treatment facility. This fund accounts for some of the power purchases for the water deliveries in southern Nevada and for all of the operation and maintenance costs associated with the project. The funding for this activity is provided by the SNWA under a funding contract. The SNWA contracts for and funds this activity, approving detailed line item costs at the beginning of each year. In addition, this fund provides for activity related to the Silver State Energy Association (SSEA) of which the agency is a member. The SSEA provides electric power resources to its members and the agency provides some personnel resources to the SSEA under contract. Statutory Authority: NRS 538.

CRC - POWER MARKETING

505-4502

PROGRAM DESCRIPTION

The Power Marketing fund is required by the bond resolution authorizing the financing of Nevada's share of the cost of upgrading the generating facilities at Hoover Dam. It is used to record purchases and sales of power, debt service related to the Hoover Upgrading Bonds, and operational costs of the Basic Substation project. This fund accounts for all power related activities except those dedicated to the Southern Nevada Water Authority system and its customers. All transactions related to all other customers of the Commission are recorded in this account. All hydropower allocations to the State of Nevada, administered by the Commission, are recorded in this account. Statutory Authority: NRS 538.

DEPARTMENT OF CONSERVATION & NATURAL RESOURCES - The Nevada Department of Conservation & Natural Resources (DCNR) conserves, protects, manages and enhances the state natural resources in order to provide the highest quality of life for Nevada citizens and visitors.

Department Budget Highlights:

1. **New State Parks and Park System Upgrades** - The budget for this initiative includes funding of \$7.1 million in fiscal year 2018 and \$7.9 million in fiscal year 2019 to create new and/or improve existing park properties and amenities, as well as to strengthen organizational capacity. One-shot funding is included in these fiscal year totals.

2. **Drought Initiative Component** - The budget includes funding of \$2.5 million in fiscal year 2018 and \$1.5 million in fiscal year 2019 to implement drought resiliency, planning and response programs to support natural resource conservation and management and implement recommendations of the Drought Forum.

3. **Enhanced Contract Authority** - The budget includes additional non-general fund contract authority for environmental protection activities such as site cleanup, mine reclamation and business assistance for compliance with air and hazardous waste regulations. In addition, this budget reinstates the recycling grant program.

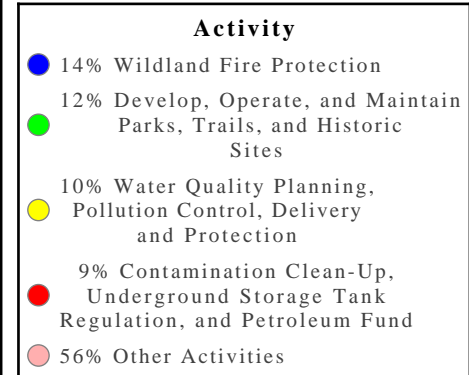

4. **Employee Transfers and Realignments** - The budget includes some revised organizational structures that transfer 19 existing positions to achieve better operations and program management.

DCNR - STATE HISTORIC PRESERVATION OFFICE

101-4205

PROGRAM DESCRIPTION

The State Historic Preservation Office's mandate is to encourage preservation, documentation and use of cultural resources through state and federal programs. Office programs support preservation of buildings and archaeological sites through grant distribution and management, project reviews for federal tax credits, the National and State Registers of Historic Places, review of federal undertakings in the state, planning of preservation projects and public education. The office also manages almost 300 historical markers to interpret sites throughout the state, which benefit both locals and out-of-state travelers. Through these activities, the State Historic Preservation Office encourages tourism, economic growth and education. Statutory Authority: NRS 383.

BASE

This request continues funding for 11 positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

PROGRAM DESCRIPTION

The Comstock Historic District Commission's mandate is to encourage preservation of the Comstock Historic District, one of the nation's largest and most significant historic landmarks. It is also one of the most visited historic sites in the state, second to Hoover Dam. The commission issues construction permits, educates the public and promotes special programs. The commission considers requests for Certificates of Appropriateness, which property owners are required by statute to obtain before initiating exterior changes to existing structures or constructing new ones. The commission gives guidance to federal agencies working within the district and provides public education focused on historic resources. Statutory Authority: NRS 384.

ENHANCEMENT

E225 EFFICIENT AND RESPONSIVE STATE GOVERNMENT

This request funds an increase to travel costs for the Sagebrush Ecosystem Technical Team. Due to vacancies in staffing, actual travel costs do not reflect the Program's future travel and field work projections. Field studies and project oversight will continue to increase as the Conservation Credit System becomes more established.

DCNR - CONSERVATION DISTRICTS - The Conservation Districts Program provides support to the State Conservation Commission and Nevada's 28 individual conservation districts to enable meaningful and successful local conservation and natural resource projects.

Division Budget Highlights:

- 1. Conservation Districts Program** - The budget includes a reallocation of funding to provide an increase in grant allocations to Nevada's 28 conservation districts.

Activity: Resource Management and Public Outreach

Assist the State Conservation Commission (Commission) in the administration of pass-through and competitive grant programs that provide districts with project and administrative assistance, while helping districts stay in good standing. Only those districts in "good standing," as determined by the Commission, are eligible for these grant funds.

DCNR - CONSERVATION DISTRICTS PROGRAM

101-4151

PROGRAM DESCRIPTION

The Conservation Districts Program and the State Conservation Commission regulate the activities of Nevada's 28 locally elected conservation districts. Conservation districts work for the proper development and conservation of the state's renewable natural resources by using available technical, financial and educational resources and coordinating these resources so they meet the needs of landowners and the general public. The program works in cooperation with local jurisdictions, federal agencies, other state agencies, non-profit organizations, and the public for conservation of soil, water, and other natural resources. Statutory Authority: NRS 548, 232.090, and 232.125.

BASE

This request continues funding for four positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

PROGRAM DESCRIPTION

The Nevada Commission on Off-Highway Vehicles was established on July 1, 2011, to promote the responsible use of recreational off-highway vehicles pursuant to NRS 490. The Commission has granting authority for OHV registration fee proceeds, with grants given in accordance with approved regulations. Grants are currently provided for law enforcement, education/public awareness and OHV trail management and development. The Nevada Commission on Off-Highway Vehicles was placed within the Nevada Department of Conservation and Natural Resources (DCNR) in May 2016. This was done in part through an Interim Finance Committee action that created an initial Executive Budget for the OHV Commission within the Department of Conservation and Natural Resources fiscal structure as Agency 703. A Bill Draft Request has been submitted that, in part, provides support for this Executive Budget.

BASE

This request continues funding for one part-time position and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

PROGRAM DESCRIPTION

The Division of State Parks' mission is to provide outdoor recreation and education opportunities in a safe, functional environment, while providing economic benefits to state and local communities. The division preserves and protects areas of scenic, historic and scientific importance to Nevada. Major programs include: planning, development, protection, operations, maintenance, resource management, administration and interpretation of cultural and natural resources. The division includes 94 permanent and 137 seasonal staff headquartered in Carson City with regional offices in Fallon and Las Vegas. The division is comprised of 23 units located throughout the state. In addition, the division administers the federal Land and Water Conservation Fund and the Recreational Trails Programs, which provide grants to urban and rural communities for the development of trails and outdoor recreation opportunities. The division operates under the philosophy of doing the right thing for the visitor and the resource. To measure the effectiveness of its programs, the division distributes questionnaires to park visitors and carefully evaluates their responses on a monthly, quarterly and annual basis.

BASE

This request continues funding for 94 positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

PROGRAM DESCRIPTION

The mission of the Division of Water Resources is to conserve, protect, manage, and enhance the state's water resources for Nevada's citizens through the appropriation and reallocation of public waters. In addition, the division is responsible for quantifying existing rights; monitoring water use; distributing water in accordance with court decrees; reviewing water availability for new subdivisions and condominiums; reviewing the design, construction, and operation of dams; appropriating geothermal water; licensing and regulating well drillers and water right surveyors; reviewing flood control projects; collecting and monitoring water resource data and records and providing technical assistance to the public and governmental agencies. The division also provides technical assistance and information to governmental agencies and the public concerning state, regional, and local water resource planning, and provides floodplain management, planning, and mitigation assistance to communities throughout the state. Statutory Authority: NRS Chapters 532, 533, 534, 534A, 535, 536, 538, 540 and 543.

BASE

This request continues funding for 60 positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

E376 SAFE AND LIVABLE COMMUNITIES

This request removes balance forward authority from the biennium. All cash remaining at the end of fiscal year 2017 will be reverted to the General Fund, and all new revenue collected from fees will be deposited directly to the General Fund. A Bill Draft Request has been submitted to support this request. This request is a companion to E375 in Water Resources, budget account 4171. With the reversion of all fees, an appropriation is necessary in each year to adequately fund ongoing maintenance and operation of the state-owned South Fork Dam.

DCNR - FORESTRY DIVISION - The Nevada Division of Forestry (NDF) provides professional natural resource and wildland fire management services to Nevada citizens and visitors to enhance, conserve, and protect forest, rangeland, and watershed values, endangered plants, and other native flora.

Division Budget Highlights:

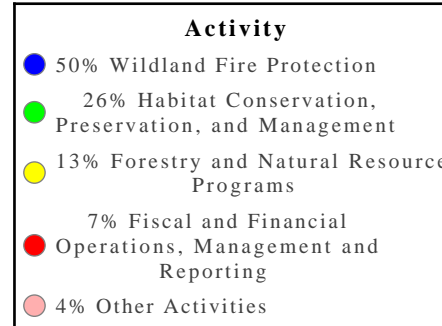

- 1. Drought Initiative Component** - The budget includes funding of \$1.4 million in fiscal year 2018 and \$505,222 in fiscal year 2019 to implement drought response capabilities supporting the protection and management of natural resources. The majority of these funds are in the one-shot bill.
- 2. Helicopter Rescue Hoist** - The budget includes, through one-shot funding, the purchase of a helicopter rescue hoist for injured fire fighter extractions and citizen rescue.

PROGRAM DESCRIPTION

The core mission of the Nevada Division of Forestry (NDF) is to protect, conserve and enhance the state's natural resources and provide protection from wildfire. To accomplish this mission NDF manages and coordinates all forestry, nursery, endangered plant species, and watershed resource activities on qualified public, state, and private lands. NDF also cooperates with other state agencies to coordinate and respond to natural disasters such as floods and earthquakes. Statutory Authority for this program can be found in NRS chapters 40, 193, 205, 206, 232, 472, 473, 474, 475, 476, 527 and 528.

BASE

This request continues funding for 67 positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

DCNR - FOREST FIRE SUPPRESSION

101-4196

PROGRAM DESCRIPTION

The Forest Fire Suppression Account funds protection of life, property and natural resources from fire, flood and other natural or human caused emergencies. The program is funded with a combination of General Fund appropriations; reimbursements paid to the Nevada Division of Forestry for firefighting efforts made on behalf of others and Federal Emergency Management Agency - Fire Management Assistance grants and sub-grants. The agency has access to the Interim Finance Contingency Fund and the Disaster Relief Fund when the volume or severity of fire incidents result in insufficient funds to meet state obligations each respective year. Statutory Authority for this program can be found in NRS 472.

BASE

This request continues funding for ongoing programs. One-time expenditures have been eliminated and partial year costs have been annualized.

ENHANCEMENT

E500 REVENUE CONVERSION TO MATCH E500 IN BA 4195

This request exchanges funding sources for budget accounts 4194 and 4196. By exchanging the funding sources, both budget accounts will become better aligned in terms of funding sources matching expenditures. Firefighters will have predictable and stable funding and county contributions will offset wildland fire fighting expenditures.

PROGRAM DESCRIPTION

This budget account no longer exists within the Nevada Division of Forestry (NDF) and needs to be eliminated. NDF previously operated an All-Risk Fire Management Program under NRS 473, which was repealed.

The previous All-Risk Fire Management Program operated a number of fully functioning fire stations that provided first responder services in various regions throughout the state. These facilities provided emergency responses to situations threatening public safety, property, or natural resources according to the terms of inter-governmental cooperative agreements with applicable federal, state, and local political subdivisions.

BASE

This request continues funding for ongoing programs. One-time expenditures have been eliminated and partial year costs have been annualized.

DCNR - FORESTRY - WILDLAND FIRE PROTECTION PRGM

101-4194

PROGRAM DESCRIPTION

The Division of Forestry (NDF) manages the Wildland Fire Protection Program (WFPP), a cooperative arrangement established in the 2013-2015 biennium that provides wildland fire management services to participating entities. Counties voluntarily opt-in to the WFPP. Doing so allows local governments to focus limited resources on local needs, while NDF focuses on wildland fire protection. The WFPP educates and prepares landowners for fire, mitigates existing wildfire risk, and provides rapid response to fire events with a specially trained and equipped suppression force. The WFPP also participates in rehabilitation efforts to damaged lands after a fire. Statutory Authority for this program can be found in NRS 472.

BASE

This request continues funding for 15 positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

PROGRAM DESCRIPTION

This budget account contains three distinct programs administered by the Nevada Division of Forestry (NDF). The Nursery, Seedbank, and Forest Products Utilization programs are rooted in the agency's overall mission and are an integral part of both the fire suppression and natural resources programs operated by NDF.

The Nevada Nursery Program, under the oversight of the NDF Natural Resource Program, was first established in 1957 to provide technical assistance and conservation plant materials (tree seedlings, shrubs, forbs and seed) to meet the conservation needs of Nevada's private landowners and public land management agencies. The nurseries also offer custom growing services for conservation plants native to or adapted to the Mojave Desert, Great Basin Desert, and Sierra Nevada. They produce low-cost native or adapted plant species acclimated to Nevada's environmental conditions for conservation purposes, including windbreaks, green-strips, stream bank stabilization, wetland and riparian restoration, mine reclamation, reforestation, wildlife habitat enhancement, and rehabilitation of wildfire damaged lands or other disturbed sites. The Nevada Nursery Program is comprised of two nursery facilities, one in Washoe Valley and one in the Las Vegas Valley.

The Nevada Seedbank was established in 1995 and provides seed, equipment, and other materials to rehabilitate wildland fire and fire suppression related damages and assists private landowners and public agencies with conservation treatments on their lands to reduce soil erosion, increase plant diversity, improve wildlife habitat, and reduce the threat of wildland fire. The Nevada Seedbank facility is co-located with the nursery in Washoe Valley.

The Forest Products Utilization Program began in state fiscal year 2012. The program focuses on adding value to cut wood that occurs from the agency's normal fuel reduction and forest health enhancement projects. Prior to the initiation of the program, much of the wood that was cut was piled and burned in place as the most expedient method of disposal. The acquisition of harvesting and processing equipment is allowing NDF to extract the wood from the forest, process it into a useful end product, and transport it out of the forest. The value added products, typically wood chips, fuel wood, and saw logs are sold from the nursery/seed-bank facility in Washoe Valley.

All of these enterprise programs receive operating funds based on the sale of conservation plant materials and forest products. Statutory Authority for this program can be found in NRS 472, 527 & 528.

DCNR - NEVADA TAHOE REGIONAL PLANNING AGENCY
101-4166

PROGRAM DESCRIPTION

The Nevada Tahoe Regional Planning Agency (NTRPA) assures that all establishments housing gaming in the Lake Tahoe Basin are in compliance with the provisions of the Tahoe Compact. As such, the NTRPA reviews all proposals to modify or remodel structures housing gaming in the Tahoe Basin to ensure compliance. Federal and state law requires that the NTRPA Board meet at least once annually to select the at-large members of the board.

BASE

This request continues funding for ongoing programs. One-time expenditures have been eliminated and partial year costs have been annualized.

DCNR - NATURAL HERITAGE - The Natural Heritage Program develops and maintains central information for all endangered, threatened, sensitive and at-risk species in the state. The agency provides environmental review services, technical assistance and expertise to all agencies. The agency supports planning, conservation management, research/education and economic development activities statewide.

Division Budget Highlights:

1. **Nevada Natural Heritage** - The Nevada Natural Heritage budget contains no significant changes.

Activity: Develop, Maintain, and Provide Species Data

The Natural Heritage Program collects and manages locational and biological data on endangered, threatened, sensitive and at-risk plant and animal species from multiple sources.

DCNR - NEVADA NATURAL HERITAGE

101-4101

PROGRAM DESCRIPTION

The mission of the Nevada Natural Heritage Program is to maintain comprehensive information on the locations, biology and conservation status of all endangered, threatened, sensitive and at-risk plant and animal species in Nevada. The agency manages data on rare and at-risk species, including data collection, data input and quality control. These data are provided to other state agencies, federal agencies, non-governmental organizations, consultants and the public to facilitate federally mandated planning and environmental impact statements as well as collaborative conservation planning to minimize future resource conflicts and to help prevent species from becoming threatened or endangered.

DCNR - STATE ENVIRONMENTAL COMMISSION

101-4149

PROGRAM DESCRIPTION

The Nevada State Environmental Commission (SEC) serves as the primary rule-making, variance, and appeal body for environmental regulations in Nevada. The commission is an eleven member body that meets to establish regulations and resolve appeal actions for the Division of Environmental Protection. Expenses of the SEC are supported by fees. The SEC was originally established in the Air Pollution Control statutes (NRS 445B.200). Other statutes establish the jurisdiction of the SEC to adopt environmental regulations, set fees, and hear appeals. Statutory Authority: NRS 444.560, 444A.020, 445A.270, 445A.425, 445A.860, 459.3818, 459.485, 459.656, 459.826, and 519A.160.

BASE

This request continues funding for costs associated with operation of the Nevada State Environmental Commission.

DCNR - DEP AIR QUALITY

101-3185

PROGRAM DESCRIPTION

The mission of the Bureaus of Air Pollution Control and Air Quality Planning is to achieve and maintain levels of air quality, which will protect human health and safety; prevent injury to plant and animal life; prevent damage to property; preserve visibility and scenic, esthetic, and historic values of the state; and implement provisions, at the facility level, to prevent accidental chemical releases in the state. To accomplish this mission, staff assigned to these bureaus plan, direct, coordinate and control air quality monitoring, permitting, and compliance assurance. This budget account is funded by federal grants and fees. Statutory Authority: NRS 445B.100 - 445B.845, 486A.010 - 486.200 and 459.001 - 459.930.

BASE

This request continues funding for 60 employees and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

DCNR - DEP WATER POLLUTION CONTROL

101-3186

PROGRAM DESCRIPTION

The Bureau of Water Pollution Control ensures compliance with water pollution control laws by issuing permits to discharge to surface and/or ground water. Facilities are inspected to ensure compliance, and enforcement actions are taken if necessary. Staff reviews the design of wastewater treatment plants and infrastructure. Subdivisions are reviewed to ensure that adequate systems are in place to treat wastewater. This budget account is funded by federal grants and fees. Statutory Authority: NRS 445A.300 to 730.

BASE

This request continues funding for 32 positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

E901 TRANSFER WELLHEAD TO BA3197

This request transfers the Source Water Protection Program from the Bureau of Water Pollution Control, budget account 3186, to the Bureau of Safe Drinking Water, budget account 3197. Since the primary objective of the Source Water Protection Program is to prevent water supply contamination, the Division determined that the program would be better aligned within the Bureau of Safe Drinking Water. This is a no-cost transfer that moves both the expenses and the federal revenue.

DCNR - DEP WASTE MGMT AND CORRECTIVE ACTION

101-3187

PROGRAM DESCRIPTION

The Bureau of Waste Management and Corrective Action funds the Bureau of Corrective Actions, the Bureau of Federal Facilities, and the Bureau of Waste Management. The Bureau of Corrective Actions is responsible for the analysis and remediation of contaminated sites; the certification of environmental consultants; the regulation of underground storage tanks; remediation of leaking underground storage tanks; and the administration of the Petroleum Claims Fund. The Bureau of Federal Facilities provides oversight of all operational activities and clean-ups on the Nevada National Security Site and several off-site locations to ensure compliance with environmental regulations. The Waste Management program is responsible for ensuring safe management of hazardous waste by regulating its handling, transportation, treatment, storage and disposal; ensuring safe collection and disposal of solid waste; and encouraging businesses, institutions, and individuals to reduce the amount of waste generated, participate in recycling programs, and conserve natural resources. This budget account is funded by federal grants and fees. Statutory Authority: NRS 444.440 - 444.645; 444A. 010 - 444A.110; 445A.060 - 445A.730; 445C.010 - 445C.410; 459.400 -459.600; and 459.800 - 459.856.

BASE

This request continues funding for 61 positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

DCNR - DEP MINING REGULATION/RECLAMATION

101-3188

PROGRAM DESCRIPTION

This bureau is responsible for the mining regulatory program, which includes reclamation. The bureau established a system, which is responsive to both environmental and economic concerns associated with the development of Nevada's natural resources. The workload of the bureau, to some degree, is dependent upon rising and falling metal prices, which cause fluctuations in mining activity. A number of regulatory and procedural revisions were implemented in the past 12 years to address bankruptcies and abandonment of mining operations that occur when metal prices are low. Measures were taken to enhance the strength and security of the regulations, especially in the areas of mine closure and bonding. Nevada's mining regulatory programs address the design, construction, operation, closure, and reclamation of mining and exploration operations. Principle objectives include protection of human health, ground and surface water resources, and completion of reclamation activities, which provide for productive post-mining land use. Major program elements consist of permitting, inspection, compliance monitoring, enforcement, and plan and report review. This budget account is funded by fees. Statutory Authority: NRS 445A.300 through 445A.730 and NRS 519A.010 through 519A.280.

BASE

This request continues funding for 22 positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

DCNR - DEP WATER QUALITY PLANNING

101-3193

PROGRAM DESCRIPTION

The Bureau of Water Quality Planning (BWQP) is responsible for implementing programs to meet requirements of the Clean Water Act and Nevada water quality statutes and regulations that protect and/or improve the chemical, physical, and biological integrity of the waters of Nevada. Bureau staff conduct water quality testing; bio-assessment and physical habitat monitoring; develop and/or revise water quality standards for adoption by the State Environmental Commission; develop the impaired waters list; develop Total Maximum Daily Loads (TMDLs) and/or watershed implementation plans to address water quality impairments; issue certifications to ensure that proposed discharges meet applicable effluent limitations and water quality standards; assist in the development and review of area-wide waste management plans; mitigate the adverse effects from nonpoint source pollution through implementation of water quality improvement and public education projects; promote intra and inter-agency program coordination; and provide technical assistance. This budget account is funded solely by federal grants. Fees collected through the Bureau of Water Pollution Control National Pollutant Discharge Elimination System permit programs are used as the state match to the Federal Clean Water Act, Section 106 grant. Statutory Authority: NRS 445A.300 through 445A.730.

DCNR - DEP SAFE DRINKING WATER REGULATORY PROGRAM

101-3197

PROGRAM DESCRIPTION

The Bureau of Safe Drinking Water (BSDW) implements the Public Water System Supervision Program (PWSSP), and the Laboratory Certification Program (LCP). The PWSSP is authorized under the federal Safe Drinking Water Act (SDWA), and maintains primacy for the State of Nevada. State implementation of the PWSSP ensures Nevada's public water systems comply with state and federal drinking water standards by enforcing the sampling and monitoring requirements for water quality and enforcing requirements for surface water treatment and corrosion control. The program assesses water sources (including identification of potential contaminant sources); conducts annual sanitary surveys; certifies the qualifications of public water system operators; and requires public notification when systems are out of compliance. The bureau also reviews engineering plans for public water systems and the subdivision of land. Additionally, PWSSP provides training, information transfer, and regulatory update presentations at meetings of water industry associations. This program is funded by federal grants and fees. The LCP produces data used in regulatory decision-making by division programs in Safe Drinking Water, Water Pollution Control, Mining Regulation and Reclamation, Waste Management, and Corrective Actions. Pursuant to NRS 445A.428, 445A.863 and NRS 459.501, laboratories that perform analyses to meet requirements of the Clean Water Act, SDWA, and the Resource, Conservation and Recovery Act must be certified by the State of Nevada. The LCP program ensures that analyses are conducted according to Environmental Protection Agency (EPA) and state approved methods with accurate and reproducible results. Statutory Authority: NRS 445A.800 through 445A.955, 445A.300 through 445A.730, and 459.400 through 459.600.

BASE

This request continues funding for 28 positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

DCNR - DEP INDUSTRIAL SITE CLEANUP

101-3175

PROGRAM DESCRIPTION

The Bureau of Industrial Site Cleanup (BISC) is responsible for regulatory oversight of assessment and corrective action at contaminated sites and oversees the Nevada Environmental Response Trust (NERT) as well as the evaluation and cleanup of perchlorate and other hazardous substances released from the former Kerr-McGee Tronox site in southern Nevada. The BISC budget was approved in the 2015 legislative session. The budget funds regulatory oversight of investigation and cleanup of hazardous substance releases from five major industrial sites near Henderson, NV. Statutory Authority: NAC 445A.226-22755; NRS 232.090; NRS 232.070; NRS 445A.425; NRS 459.530; NRS 459.537.

BASE

This request continues funding for 12 positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

WILDLIFE - FISHERIES MANAGEMENT

101-4465

PROGRAM DESCRIPTION

The mission of the Fisheries Division is to manage, protect, and enhance Nevada's native aquatic species; to promote fishing in Nevada through a system of strategically located hatcheries and by managing Nevada's waters to their highest end use for anglers; to provide anglers with information essential to their sport; and to prevent the introduction of additional aquatic invasive species to Nevada and minimize the impacts to established fisheries and aquatic habitats.

BASE

This request continues funding for 43 positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

PROGRAM DESCRIPTION

The Wildlife Diversity Division is dedicated to the protection, preservation, management and restoration of Nevada's diverse wildlife heritage. Through sound science, data management and synergistic partnerships, the division will maintain healthy wildlife populations and habitats; thereby, fulfilling Nevada's responsibility to maintain local, regional, and global species diversity. Through the division's efforts, the scientific, educational, recreational, and economic values of Nevada's wildlife will be enhanced and preserved for future generations.

The Wildlife Diversity Division is responsible for sensitive species management and surveying; Endangered Species Act consultation and recovery work; implementation of the Nevada Wildlife Action Plan; habitat restoration; the Department of Wildlife's portion of the Tahoe Environmental Improvement Program and the Geographic Information System section.

BASE

This request continues funding for 17 positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

DEPARTMENT OF TRANSPORTATION - The Nevada Department of Transportation (NDOT) provides a better transportation system for Nevada through unified and dedicated efforts.

Department Budget Highlights:

- 1. Nevada Shared Radio System Replacement** - The Department of Transportation, as the lead agency on behalf of the State of Nevada, is working to replace the existing Land Mobile Radio system through the Request for Proposal process in partnership with the two other infrastructure owners, Washoe County and NV Energy.
- 2. Statewide Fueling System Upgrade** - Continued funding for the upgrade of the Department of Transportation's existing statewide fueling system upgrade that was approved during the 2015 legislative session.
- 3. Bond Sale for Project NEON Construction** - Third and final bond sale for the continued construction of Project NEON in Las Vegas Nevada. This construction project, started in FY 2016, will improve safety and traffic flow, and reduce congestion through US 95 and I-15 Interchange.

NDOT - BOND CONSTRUCTION

201-4663

PROGRAM DESCRIPTION

Authority is requested for budget account 4663 to accept and expend bond proceeds to fund the construction of project NEON in Clark County as a design-build project. Bond principal payments are planned to be reimbursed with federal funds at 95% and 5% state match. Per NRS 408.273 Transportation Board and Board of Finance approval is required to complete the bond sales. The issuance of bonds will allow the Department of Transportation to accelerate the delivery of project NEON in the most cost-effective manner.

NDOT - TRANSPORTATION ADMINISTRATION

201-4660

PROGRAM DESCRIPTION

The Nevada Department of Transportation (NDOT) is governed by Article 9, Section 5, of the Nevada Constitution: "The proceeds from the imposition of any license or registration fee and other charge with respect to the operation of any motor vehicle upon any public highway in this state and the proceeds from the imposition of any excise tax on gasoline or other motor vehicle fuel shall, except costs of administration, be used exclusively for the construction, maintenance, and repair of the public highways of this state."

BASE

This request continues funding for 1,824.53 positions, in addition to a variable number of seasonal workers, and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

TAHOE REGIONAL PLANNING AGENCY - The mission of the Tahoe Regional Planning Agency (TRPA) is to "cooperatively lead the effort to preserve, restore and enhance the unique natural and human environment of the Lake Tahoe region now and in the future." Our vision is to have a lake and environment that is clean, healthy and sustainable for the community and future generations. TRPA is the leading partner for plans and actions to preserve the environment of the Lake Tahoe region including developing and administering the Regional Plan and the Environmental Improvement Program (EIP). TRPA works with local, regional, state and federal organizations and governments to facilitate a cooperative approach in implementing these plans and programs.

Department Budget Highlights:

1. **Shoreline Initiative** - The Governor's Executive Budget includes funding for the Shoreline Initiative, which is a complete comprehensive environmental impact report/statement.

Activity: Project and Program Delivery, Review and Management

TRPA works with the Tahoe Interagency Executive Steering Committee to administer and coordinate the five year priority environmental improvement project list for Lake Tahoe. TRPA leads the tracking and reporting for all expenditures and accomplishments across the multiple implementing agencies.

TAHOE REGIONAL PLANNING AGENCY

101-4204

PROGRAM DESCRIPTION

The Tahoe Regional Planning Agency (TRPA) was jointly created by the states of Nevada and California and the United States Congress. The TRPA leads the cooperative effort to preserve, restore and enhance the unique natural and human environment of the Lake Tahoe region. TRPA's vision is to have a lake environment that is sustainable, healthy and safe for the community and future generations. Under the Tahoe Regional Planning Compact, requests for state funds by the TRPA must be apportioned two-thirds from California and one-third from Nevada. As a planning agency, TRPA has the power to exercise effective environmental controls and perform other essential functions over the water, land, air, wildlife and development of the Lake Tahoe region. Starting in 1997, with the Nevada and California Governors' Memorandum of Understanding and the Presidential forum, TRPA has led the cooperative efforts of funding the Environmental Improvement Program. Statutory Authority: NRS 277.190-277.220.

BASE

This request continues funding for 63 positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

PERS - PUBLIC EMPLOYEES' RETIREMENT SYSTEM

101-4821

PROGRAM DESCRIPTION

The purpose of the Public Employees' Retirement System (PERS) of Nevada is to provide public workers and their dependents with a retirement program that provides a reasonable base income for retirement or for periods where a disability has removed a worker's earning capacity. Additionally, it is to encourage those workers to enter into and remain in government service for such periods of time to give public employers and the people of the State of Nevada the full benefit of their training and experience. Statutory Authority: NRS 286.110.

BASE

This request continues funding for 69 positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

**NDVS - SOUTHERN NEVADA VETERANS HOME ACCOUNT
101-2561**

PROGRAM DESCRIPTION

The Nevada State Veterans Home (the Home) is a 180 bed state-skilled nursing care facility. The Home, dedicated on June 28, 2002, admitted its first residents on August 12, 2002. The Home provides 24-hour skilled nursing care to eligible veterans, spouses of veterans, and Gold Star Parents who had a child who died while in military service. A minimum of 75% of the Home's residents must be veterans. The 180 bed facility consists of three 60 bed wings and is located on 50 acres in Boulder City. One of the Home's three wings houses a secured care unit intended for residents with severe dementia. The Home is certified by Medicaid, Medicare, and the US Department of Veterans Affairs. The Home provides a full range of services including: physicians; laboratory; pharmacy; physical, occupational, respiratory and speech therapy; dental; social and spiritual services; medical records; activities; transportation; maintenance; dietary; barber; laundry; housekeeping; and financial services. The Home's primary mission is "Caring for Nevada's Heroes." Statutory Authority: NRS Chapter 417.

COMMISSION ON ETHICS

101-1343

PROGRAM DESCRIPTION

The Nevada Commission on Ethics is an eight member body appointed by the Governor and Legislative Commission to interpret and enforce the provisions of the Ethics in Government Law set forth in NRS Chapter 281A ("Ethics Law"). The Ethics Law establishes the public policy and standards of conduct necessary to ensure the integrity and impartiality of government, free from conflicts of interest between public duties and private interests of state, local public officers and employees. The commission and its staff focus on four main functions: 1) interpreting and enforcing the provisions of the Ethics Law; 2) investigating and adjudicating public complaints alleging ethics violations by public officers and employees; 3) providing outreach and education to public officers and employees to enhance their awareness and understanding of ethics requirements and prohibitions under Nevada law; and 4) accepting and monitoring various filings required of certain public officers.

BASE

This request continues funding for six positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

DEFINITION OF TERMS

Activity

A service provided or function performed for a specific purpose and/or population to accomplish a defined goal or objective consistent with the agency's mission and strategic plan.

- Primary Activity - Activities clearly related to the agency's mission.
- Support Activity - Internal activities necessary to enable the agency to perform the primary activities.

Activity Budget

A budget building approach that identifies and prioritizes an agency's activity and defines the resources allocated toward that activity.

Adjusted Base Budget

The budget after adjustments have been made to the base budget to eliminate one-time expenditures or to increase (annualize) revenues and expenditures for ongoing programs that were not operational for the entire base year.

Agency Specific Inflationary Adjustments

Adjustments for the price increase of goods and services unique to a particular agency.

Appropriation

A legislative allocation from the state General Fund or Highway Fund for a specific purpose or to support the operation of an agency.

Authorization

The authority granted by the Legislature that allows state agencies to collect and expend funds from sources other than the General Fund or Highway Fund, such as federal funds, county funds, gifts, grants, donations, fees, sales, etc.

Base Budget

The budget to continue services at the same level as was provided in the Base Year of the current biennium. The sum total of revenue and expenditures for a budget account in the even numbered year preceding the legislative session.

Base Year

The first year of a biennium, that is, the even-numbered year in a biennium.

Biennium

A two year period, which, as it applies to Nevada budgeting, is the two consecutive fiscal years following a regular legislative session. The current biennium is denoted 2015-2017 and is comprised of fiscal year 2016 (the Base Year) and fiscal year 2017 (the Work Program Year). The upcoming biennium is denoted 2017-2019 and is comprised of fiscal year 2018 (Year 1) and fiscal year 2019 (Year 2).

Bill Draft Request (BDR)

A written request submitted to the Legislative Counsel Bureau by a legislator, an executive agency, a member of the judiciary, or a local government proposing a new or modified law for enactment.

Capital Improvement Project (CIP)

The construction of a new building and the furniture, fixtures and equipment (FF&E) for that building; a modification to structures for existing state buildings; remodeling, repairs, and maintenance work for projects of a non-structural nature over \$100,000; and advanced planning for future construction.

Caseload

The number of cases handled in a given period by an agency.

Classified Employee

An employee, other than non-classified, unclassified or an elected official, who is selected and governed by the state's merit system as found in the NAC and NRS.

Core Functions

A collection of related, structured activities or tasks that produce a specific service or product (to service a particular goal) for a particular customer. This function ties the state's strategic goals and priorities to its activities by defining state government's primary purposes/functions.

Decision Unit(s)

A stand-alone, balanced budget request that displays the revenues and expenditures associated with a new program or changes to existing programs.

Economic Forum

A five-member committee from the private sector directed to provide a forecast of future state General Fund revenues by December 1 of even-numbered years and May 1 of odd-numbered years. The forecasts are based on the existing revenue structure and are used by agencies, the Governor, and the Legislature in recommending and approving a new budget. (See [NRS 353.226 - 353.229](#).)

Enhancement Decision Unit

A stand-alone, balanced budget request that displays the revenues and expenditures associated with a new program or for new services or initiatives, or revisions or deletions that aren't currently reflected in the agency's base budget and the change is meant to improve or streamline existing services.

Federal Mandates

Orders issued by the federal government. As it applies to budgeting, those mandates that directly impact the level of programs or services provided by an agency.

Fringe Benefits

Expenditures paid by the state that are associated with employee compensation other than salary, such as group insurance, retirement group insurance, worker's compensation, unemployment compensation, Medicare and PERS contribution and payroll and personnel assessments.

FTE

A full-time equivalent position as defined in [NAC 284.065](#).

General Fund

The major operating fund of the state that receives its income from unrestricted revenue such as Sales Tax, Gaming Taxes, Insurance Premium Tax, Casino Entertainment Tax, the Proceeds of Mines Tax, the Business License Fee, other minor taxes and miscellaneous sources such as interest income, licenses, and fees and fines.

Governor's Strategic Priorities

A list of enhancement decision units that express the Governor's goals for the state in the upcoming biennium.

Highway Fund

A fund that derives its income from state fuel taxes, fees on the use and operation of motor vehicles, and federal highway funds and is restricted for use for the construction, maintenance and repair of public highways and related administrative costs.

Internal Service Fund

A fund used to account for the financing of goods or services furnished by a designated department or agency to governmental units within its own organization or to other departments or agencies on the basis of reimbursement for costs.

Non-Classified Employee

An employee in the Office of the Governor or the Governor's Office of Economic Development, or an employee in the Judicial or Legislative Branches of State Government.

One-Shot Appropriation

A one-shot appropriation is a unique General Fund or Highway Fund appropriation for a particular purpose that is not anticipated to continue.

Performance Measures

A method of systematically and objectively tracking and quantifying the agency's progress toward achieving its mission and goals.

Reserve

Funds available at the end of a fiscal period to be carried forward into the next fiscal period for future obligations or reverted at the end of the current period.

Reversion(s)

The balance of an appropriation or authorization that is remaining after the close of a specific time period that are returned to the original source of the appropriation or authorization.

Statewide Strategic Priorities

Statewide goals issued by the Governor and used by agencies to identify and justify the purpose of a decision unit built into their Agency Request Budget.

Statewide Inflationary Adjustments

The amount added to projected expenditures that represent the state's estimate of future cost increases for those items or services authorized by the Governor.

Statutory Authority

Authority granted or implied by the NRS for a particular activity or function or the establishment of a position, agency, or other entity.

Transfer In/Out Decision Unit

A decision unit to move program revenue and expenditures from one budget account to another.

Unclassified Employee

An official, officer, or employee of the Executive Branch of state government whose position is filled by the responsible appointing authority or board without regard to the state's merit system (not all unclassified positions are listed in the NRS, but all will be included in the pay bill).

Vacancy Savings

Savings calculated by the Budget Division based on historic vacancy percentages by budget account and applied against salary and fringe benefits costs (not applied against overtime, standby, travel differential, longevity, etc.), projected to occur in each year of the biennium in the personnel services category due to vacancies.
