Office of the Governor

January 17, 2017

Honorable Members of the Senate and Assembly:

Transmitted herewith is the 2017-2019 Executive Budget for the State of Nevada.

Over the course of the past six years of my administration, our great state has experienced dynamic growth across a variety of sectors. Decades of aspirations regarding economic diversification have finally materialized, as the industries of the future continue to choose Nevada, making our state their home for innovative, ground-breaking enterprises. The jobs lost during an unprecedented economic downturn have been restored, and our private sector businesses continue to grow at a rate that outpaces nearly every other state in the nation. Communities across Nevada are flourishing, our population is steadily rising, and the prospect of a new Nevada has never been brighter. The Silver State has emerged from an era of challenge stronger than ever, and we are poised to compete for the future. The budget I propose reflects my vision for a strong, successful, and thriving Nevada, as well as my firm belief that our best days are still ahead.

While the progress we have made together is encouraging, significant work remains for us to do if we are to fully realize the vast potential for continued success and prosperity across our state. It is imperative that we continue to explore new opportunities, and this budget represents a critical next step in our efforts to build upon the strong foundation we have established over the past six years.

My budget is informed by strategic priorities that are essential for Nevada's continued success. Those priorities include supporting economic growth and diversification, enhancing the quality of healthcare and expanding access to health resources for more families, ensuring that our neighborhoods and communities are safe, providing the tools our students and young learners need to prepare for the jobs of tomorrow, modernizing our infrastructure, and improving the efficiency and responsiveness of Nevada's government agencies.

My budget is built with no new taxes, with one exception. The voters approved the Regulation and Taxation of Marijuana Act (IP2) at the November 2016 election. This Initiative included a 15% Wholesale Tax on products and Fees to be charged to the new establishments growing, producing, testing and dispensing product. This revenue will be used to pay the related operating costs of the Department of Taxation and local entities implementing and enforcing the Act, with the balance being sent to the Distributive School Account (DSA). My budget recommends an additional 10% tax at the retail level of sale. The revenue from this new excise tax is included in the DSA budget and is projected to produce \$70 million over the coming biennium. In total, Marijuana taxes and fees going to the DSA are projected to exceed \$99 million. This includes both medical and recreational fees/taxes, net of operating costs.

The development of the Executive Budget for the next biennium involved a thorough review of the activities and functions of agencies throughout the executive branch. More than 500 activities were reviewed to

ensure that Nevada's state government operations meaningfully support the strategic priorities I've outlined in this budget.

Two shining examples of state agencies finding ways to become more efficient and effective can be found in the Department of Health and Human Services.

Nearly \$60 million in General Fund savings is expected in the next two years by reviewing Supplemental Payments made to hospitals, automating the Medicaid/Medicare Part B Buy-in process, implementing an Asset Verification System, and effective review and prior authorization of certain services.

The Welfare Division will save nearly \$2 million in staffing costs and eliminate 19 positions as a result of the previous biennium's investment in technology which has resulted in added productivity and improved customer service.

In addition to a significant enhancement of efficiency in operations across state government, my budget also includes new enhancements and investments that will propel innovation and creativity, promote greater improvements across health, education, and public safety programs, and sustain the levels of economic growth we are currently experiencing well into the future. The strategic investments contained in my budget include:

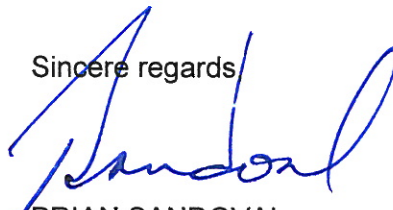

- \$115 million in new investment for the University System, including, increasing student enrollment at the Universities, Career and Technical Education funding enhancements for the Community Colleges, Capacity Building Projects at all teaching institutions and the Desert Research Institute, added funding for the UNLV School of Medicine, Capital Improvement Projects funding (finish Hotel College, New Engineering Building, and Deferred Maintenance projects), and a doubling of funding for the Silver State Opportunity Grants.
- \$107 million for Supplemental Support to Schools (weighted formula approved during the last legislative session) as part of a comprehensive effort to meet the needs of Nevada's students, particularly at-risk learners facing unique barriers to success in the classroom and beyond.
- \$60 million to fund the Education Savings Account program, one of the most significant school choice measures in Nevada's history and a critical component of the historic reforms passed during the last session aimed at transforming our state's education delivery system for generations to come.
- \$20 million in one-shot funding to fully fund the Millennium Scholarship program in addition to the regular funding stream, which since its inception has enabled tens of thousands of Nevada high school graduates to earn a college degree and succeed as professionals.
- \$36 million is included in the Capital Improvement Program (CIP) to construct the new Veterans Skilled Nursing Facility in Northern Nevada. These funds will ultimately be repaid by the federal government, and will ensure the Veterans Home is constructed timely. \$7.6 million is also included to manage and operate the Home until a steady revenue stream develops from patient insurance.
- \$15 million in funding for a State Parks initiative designed to preserve and enhance Nevada's cultural heritage, fostering broader appreciation for the natural history of the Silver State and promoting an increase in the outdoor recreation and tourism industries which are so vital to our economic vitality.

- A \$3.5 million investment in a comprehensive initiative to enhance cyber defense within the Department of Public Safety and the Division of Enterprise Information Technology Services, representing an effort to align statewide cyber defense programs and ensure that Nevada's digital infrastructure, consumer information, and data storage are safe and secure in an era of unprecedented challenges in the digital universe.
- A reorganization and additional funding for a statewide workforce development initiative that will directly support the training and development of a competitive workforce comprised of Nevadans who are equipped with the skills, credentials, and tools they need to meet the demands of a 21st century, new Nevada economy.
- \$173 million for Medicaid caseload growth and declining matching funds from the federal government, and \$73 million for related inflationary costs. This will ensure low-income Nevadans and children have access to affordable health care.
- \$73 million in funding to provide a 2% per year Cost of Living Adjustment (COLA) in each year of the biennium for all State and University employees. Additional salary adjustments totaling \$17.5 million are included for certain critical classes, such as correctional officers and IT professionals. Additionally, \$20.6 million in funding is provided to ensure State Employees and Retirees health care benefits are stable.
- A \$1.5 million investment in enhancements to Nevada's criminal justice system, including funding to improve outcomes in the juvenile justice system.

These investments, as well as others included in the Executive Budget, are designed not only to sustain the growth and progress Nevada has made over the past six years, but to strategically build upon that progress in a way that promotes unprecedented prosperity for Nevada's future. It is imperative that we seize the opportunities before us, and that we continue to look toward the horizon mindful of the not-too-distant past and the lessons of our history.

The Executive Budget I have proposed for the next biennium will enable our state to explore new opportunities, to forge paths in uncharted frontiers, and to write the next great chapter of the Nevada story.

Sincere regards,

BRIAN SANDOVAL
Governor

“Generations to Come”

2016 - 2020

**First Edition
April 11, 2016**

Nevada's Strategic Planning Framework

“We must continue to push forward, to build that stronger Nevada and make it a place where the generations to come will call home.”

Governor Brian Sandoval
Second Inaugural Address
January 5, 2015

The Promise of Opportunity

For 150 years, Nevadans have exemplified the American Dream. Pioneers joined the American Indian tribes in calling this beautiful and rugged land “home.” Miners and prospectors flocked here. Farmers and ranchers made the land their own. Engineers raised the Hoover Dam. Gaming and tourism innovators set the gold standard for an international market. Home builders and community visionaries carved whole new cities out of the desert landscape. And today, advanced manufacturers, information technology innovators, and Internet distributors are redefining the economy in new and previously unimagined ways.

Generation after generation has sought to fulfill the promise of opportunity afforded by Nevada’s historic willingness to take risks, think outside the box, and get back up again on those rare occasions when we have been knocked down. We have, as Frank Sinatra would say, done it our way.

The early years of the 21st Century tested Nevadans’ courage and our moxie. We responded. In the last five years, Nevadans from all walks of life have rededicated themselves to innovation and hard work. The results have been outstanding. As Nevada celebrated its sesquicentennial, the state’s economic comeback from the Great Recession made national headlines.

But we are not done yet. We must ensure that all Nevadans have the opportunity to share in our new economic prosperity, and that all aspects of life in the Silver State continually improve. Toward that end, we must have a State Government focused on leadership, public service, and problem solving. This Strategic Planning Framework, dedicated to Nevada’s generations to come, provides a roadmap to that future.

The Framework sets out the Goals and Objectives that will guide State Government for the next five years. Crafted by Governor Brian Sandoval and his Cabinet, the Framework acknowledges how far we have come and sets a point on the horizon toward which state agencies will steer. The budgets, legislation, and agency strategic plans that follow will implement this Framework because – just as Nevada has recently turned the page on the next chapter in its history – the story of the Nevada family is waiting to be told...

Where We Are Headed

Governor Sandoval has charted a course toward what he calls the new Nevada – a place of innovation, new and sometimes disruptive technologies, and policies that amplify Nevadans' innate desire to succeed. Each agency of government must play a role in ensuring this journey is a success. We are therefore bound together by common principles...

Vision: Nevada's best days are yet to come.

Mission: To create a new Nevada while honoring and enhancing 150 years of success.

Values: Action
Collaboration
Inclusiveness
Integrity
Leadership
Optimism
Service

How We Will Get There

The Governor has established four over-arching Strategic Priorities as the foundation of his administration:

- Vibrant and Sustainable Economy
- Educated and Healthy Citizenry
- Safe and Livable Communities
- Efficient and Responsive State Government

Within each of these priorities lie the programs and services of State Government, funded by the Executive Budget and given powers of implementation through legislation, regulations, and agency policy. Cabinet structures change, departments reorganize, procedures ebb and flow. But there are several essential Core Functions of Government that provide the organizational template for this Strategic Planning Framework:

- Business Development and Services
- Infrastructure and Communications
- Education and Workforce Development
- Health Services
- Human Services
- Public Safety
- Resource Management
- State Support Services

Within this organizational framework, the Goals and Objectives to be achieved by State Government over the next five years are presented. While not an exhaustive list of all that Nevada hopes to achieve, these tasks represent the unifying “To Do” list for state agencies and the dedicated employees who serve within them. Budgets, legislation, and agency actions will provide the strategies and tactics that carry out this Framework. Progress is monitored through the Executive Budget’s performance measures and the individual strategic plans of the many departments, agencies, boards and commissions which comprise State Government. The collective impact of this work will ensure that our shared vision for Nevada becomes a reality...

“I believe we now stand at the threshold of a new Nevada – a Nevada prepared to take its place among the most innovative, visionary, and well-prepared states in the union.”

Governor Brian Sandoval
State of the State Address
January 15, 2015

How The Framework Is Organized

Strategic Priority – one of the four organizing principals established by the Governor

1. Core Function of Government – statutory responsibilities of State Government
 - 1.1 Goal – broad statements of the desired result from State Agency action
 - 1.1.1 Objective – measurable indicators of progress toward a goal

VIBRANT AND SUSTAINABLE ECONOMY

No other state in the nation felt the effects of the Great Recession as severely as Nevada did. As a result, a decades-long conversation about diversifying an economy heavily dependent on disposable income reached a phase of urgency that compelled deliberate and targeted action to transform Nevada's economic landscape. While Nevada's traditional and foundational industries and sectors remain inextricably linked to the state's success, efforts must continue to recruit and retain dynamic, emerging businesses that are on the forefront of innovation and that offer job opportunities for a new generation of workers. While the new Nevada economy will be built on the emerging industries and technologies of the future, we must also guard our competitive

advantage and reputation for excellence in foundational industries such as gaming, tourism, agriculture, and mining. The momentum that has been generated over the last five years must continue, not only to ensure a full recovery from the economic downturn of 2008, but also to ensure that when the next downturn strikes, Nevada's economic vitality will be fortified.

1. BUSINESS DEVELOPMENT AND SERVICES

1.1 Lead the nation in high-quality job creation.

- 1.1.1 By 2020, the job growth rate in Nevada will exceed the national average.
- 1.1.2 Meet or exceed national real wage growth rates on an annual basis.
- 1.1.3 Nevada will increase the number of jobs in the following emerging sectors:
 - Advanced Manufacturing
 - Food Manufacturing
 - Information Technology
 - Health Care
 - Logistics
 - Renewable Energy Technology and Development
 - Unmanned (Autonomous) Systems and Advanced Mobility
 - Water Technology
- 1.1.4 Cultivate a diverse and inclusive workforce and ensure equal employment opportunities.

1.2 Ensure a business-friendly regulatory environment.

- 1.2.1 Instill a regulatory and administrative framework that minimizes bureaucratic barriers to business success.
- 1.2.2 Expedite professional licensure in all fields.

1.3 Maintain our historic leadership role in tourism and gaming.

- 1.3.1 Foster innovation in the gaming and entertainment industries.
- 1.3.2 Achieve a 25% increase in out-of-state visitor counts over the next decade.
- 1.3.3 Demonstrate quantifiable gains in the 18-34 age demographic.

2. INFRASTRUCTURE AND COMMUNICATIONS

2.1 Ensure a safe and reliable transportation infrastructure.

- 2.1.1 Reduce congestion on state highways.
- 2.1.2 Increase the percent of traffic incidents cleared within Quick Clearance Guidelines.
- 2.1.3 Improve condition of state's bridges and reduce the anticipated backlog of bridge preservation work.
- 2.1.4 Support expanded affordable, reliable public transportation options across all geographic regions within the state, especially for individuals with disabilities.

2.1.5 Reduce the incidents of animal/car collisions along state highways statewide.

2.2 Enhance access to broadband services and digitally-delivered information.

- 2.2.1 Increase the percent of cities, libraries and schools connected with broadband.
- 2.2.2 Increase the percent of Nevadans that have access to broadband at speeds that meet national benchmarks.

2.3 Improve pedestrian and traffic safety on streets and highways.

- 2.3.1 The rate of fatalities on streets and highways will be below the national average by 2020.
- 2.3.2 Increase the percent of primary seat belt usage.
- 2.3.3 Encourage civic planning that promotes the safety needs of those with disabilities.

EDUCATED AND HEALTHY CITIZENRY

Nevada's greatest resource is, and always has been, our people. We are the Battle Born state comprised of a citizenry defined by an indomitable spirit, an unflinching optimism, and a boundless faith in the ideals of hard work, enterprise, and determination. But in order for our people to fully pursue their dreams and aspirations, in order for our young

citizens to develop into the leaders, entrepreneurs, job creators and innovators of the future, they must have the tools they need to succeed. It is a fundamental responsibility of State Government to ensure that all citizens have access to high-quality education opportunities that prepare students for the new economy, not only as professionals and employees in an increasingly competitive, world economy, but also as participants in a civil society. State Government is also equally charged with safeguarding the health and welfare of Nevada's

citizens. The state must not only ensure access to high-quality and effective health care services, but must also promote initiatives that encourage citizens to take an active role in early detection, prevention, and self-care methods and practices that reduce preventable diseases and harmful conditions and lead the way in ensuring a safety net of services which contribute to sound health and a higher overall quality of life.

3. EDUCATION AND WORKFORCE DEVELOPMENT

3.1 Prepare all students for college and career success.

- 3.1.1 By 2025, all third grade students, including targeted subgroups, will demonstrate proficiency in reading needed to matriculate to fourth grade.
- 3.1.2 By 2020, double the number of students from each subgroup who score proficient on the ACT.
- 3.1.3 By 2020, Nevada's high school graduation rate will meet or exceed the national average.
- 3.1.4 Increase student proficiency, enrollment, and attainment rates in STEM-focused coursework and programs.

3.2 Ensure a highly skilled and diverse workforce.

- 3.2.1 By 2025, close the college attainment gap for traditional underrepresented populations.
- 3.2.2 Expand the availability of STEM-focused career pathways and training.
- 3.2.3 Increase the number of educational programs that require internship/work experience program completion.

3.3 Increase the number of Nevadans with a postsecondary credential or college degree.

- 3.3.1 By 2025, 60% of Nevadans aged 25-34 will have attained some form of post-secondary degree, certificate or credential.

4. HEALTH SERVICES

4.1 Promote health and wellness across all age groups.

- 4.1.1 By 2025, reduce the number of deaths from preventable diseases and conditions with proven early detection and treatment methods to below the national average.
- 4.1.2 By 2020, increase immunization rates among Nevada children for recommended combined vaccine series by 10%, from 67.7% to 77.7%.

4.2 Improve the quality and accessibility of primary medical services.

- 4.2.1 By 2025, connect all rural hospitals, health clinics, and state correctional facilities to a broadband connection sufficient to provide tele-health services.
- 4.2.2 Increase the number of medical professionals by leveraging educational resources, residencies, and streamlining State licensing.

4.3 Reduce the prevalence of risky and addictive behaviors.

- 4.3.1 Reduce suicide rates among Nevada's veterans, senior citizens, and those younger than 18 years to below the national average by 2020.
- 4.3.2 Reduce heroin and opioid overdose deaths by 5% per year beginning in 2017.
- 4.3.3 By 2020, institutionalize the use of Screening, Brief Intervention and Referral Treatment methodology in all integrated behavioral health and primary care settings.

5. HUMAN SERVICES

5.1 Reduce the unemployment rate among target populations.

- 5.1.1 By 2020, Nevada's overall unemployment rate will be lower than the national unemployment rate.
- 5.1.2 The unemployment rate for veterans will be below the national average.
- 5.1.3 The unemployment rate for persons with disabilities will be reduced by 50%.
- 5.1.4 The unemployment rate for African Americans will be at or below the state's unemployment rate.

5.2 Improve the accessibility and quality of supportive services for at-risk populations.

- 5.2.1 Increase by 20% the number of children screened for autism by age 24 months.
- 5.2.2 Increase by 20% the availability of home-and-community-based services to vulnerable adults.
- 5.2.3 Increase Early and Periodic Screening, Diagnosis, and Treatment (EPSDT) screening ratio by 20% by 2020.

5.3 Be the most veteran-friendly state in the nation.

- 5.3.1 Complete the Northern Nevada Veterans Home by 2018 and implement facility modernization initiatives at the Southern Nevada Veterans Home by 2019.

- 5.3.2 Ensure that all Nevada veterans, no matter where they live in the state, have knowledge of and access to benefits and opportunities for which they are eligible.
- 5.3.3 Reduce veteran homelessness to functional zero by 2020.
- 5.3.4 Ensure that every Nevada veteran who obtains a postsecondary credential, certificate, or degree is fully employed with a livable wage six months after graduation.
- 5.3.5 Ensure that every generation of veterans is acknowledged in a ceremony, information campaign, or other form of annual recognition.

5.4 Reduce dependency on social services by 2020.

- 5.4.1 Incentivize workforce reintegration innovations in the social safety net.
- 5.4.2 Reduce dependency on Supplemental Nutrition Assistance Program (SNAP) by 10% by 2020.
- 5.4.3 Reduce dependency on Temporary Assistance for Needy Families (TANF) by 10% by 2020.

5.5 Reduce food insecurity

- 5.5.1 Increase participation in Federal Child Programs by 5 percent.
- 5.5.2 Increase utilization of all Federal Commodity funds to reduce Nevada’s food insecure population.

SAFE AND LIVABLE COMMUNITIES

Perhaps no other responsibility of State Government is as critical as maintaining law and order and ensuring the public's safety in an environment that is conducive to their health and well-being. This priority is necessary not only as a quality of life consideration for

private citizens, but also within the context of economic development efforts, as new businesses consider relocating to Nevada and need confidence that employees and their families will be safe. Nevada's law enforcement personnel must be sufficiently trained and equipped to respond effectively to crime and public safety incidents and emergencies, including cyber-security threats, Nevada's safety infrastructure must be modernized to ensure optimum resiliency to natural and man-made disasters, and our families, our citizens, and our businesses must

have full and complete confidence that they live, work, and operate in a state that is safe and secure. All of this must take place against the backdrop of clean air and water, with sensible environmental stewardship rooted in the cultural and historic landscape that in turn makes Nevada unique. We must provide adequate open space, including state parks, and recognize that Nevada is a state with a long history of drought, while continuing to grapple with the issue of federal control over most of Nevada's public lands.

6. PUBLIC SAFETY

6.1 Prevent crime and protect the rights of all Nevadans.

- 6.1.1 By 2020, reduce prison inmate recidivism by 10% through education programs and intervention services and resources, particularly in the areas of behavioral health, drug addiction, and workforce training.
- 6.1.2 Reduce incidents of domestic violence by 10% by 2020.
- 6.1.3 Nevada's law enforcement officers will have access to offender, parole, and probation information through a secure interface with a mobile device.
- 6.1.4 Modernize public safety personnel training programs.
- 6.1.5 Improve the connectivity of the statewide emergency communication network.

6.2 Ensure Nevada's justice systems and law enforcement processes are effective and fair.

EFFICIENT AND RESPONSIVE STATE GOVERNMENT

Nevada's State Government exists to serve Nevadans. The constituents who have placed their confidence in the Governor, and by extension in his administration and the various agencies and departments of which it is comprised, are fully deserving of a government culture that is responsive to their needs, prudent in the stewardship of public resources, efficient and transparent in conducting the people's business, and ever accountable to the citizens of this state for the decisions which are made on their behalf. Public agencies must, therefore, strive to offer unrivaled customer service in the execution of their respective missions. We must continually encourage innovation and the streamlining of processes where possible, reducing bureaucracy and cutting out regulatory red tape in order to maximize efficiency and reduce waste or redundancy. At the same time, government must be effective at establishing and maintaining a regulatory framework that is fair and that provides certainty, predictability, and stability. This means we must also continue to attract high-quality, talented, and service-oriented personnel who are committed to carrying out the roles and responsibilities of the state's public sector agencies and organizations in the new Nevada.

8. STATE SUPPORT SERVICES

8.1 Provide excellent customer service and improve transparent reporting.

- 8.1.1 Reduce wait times.
- 8.1.2 Simplify paperwork.
- 8.1.3 Develop opportunities to increase web-based transparency and customer engagement.
- 8.1.4 Transition state agency applications and records management processes to a "paperless" environment by 2020.

8.2 Improve the efficiency of operations and service delivery.

- 8.2.1 Eliminate redundant policies, procedures, and practices.
- 8.2.2 Focus information technology investments to streamline processes, eliminate paperwork, and improve the customer experience using data to make resource allocation decisions.
- 8.2.3 Streamline procurement of goods and services to increase buying power, save time, and reduce costs.

8.3 Recruit and retain a mission-ready workforce.

- 8.3.1 Support best practices to increase employment opportunities, foster innovation, and reduce barriers to employment for persons with disabilities.
- 8.3.2 Design systems that secure the retention of top-performing employees and promote professional development initiatives within state agencies.
- 8.3.3 Recruit career-focused employees to address attrition from retirement.
- 8.3.4 Reform state civil service to include a modernized job classification system, including a modernized job application system.

A Message From Governor Sandoval

Dear Fellow Nevadan:

The Strategic Planning Framework you've just read is the culmination of hundreds of hours of work on the part of Cabinet members, my staff, and state employees. But it also reflects the opinions and values of the people with whom we come in contact every day as stewards of your State Government. The Framework is not perfect; you no doubt have additions, observations, or corrections. We welcome your feedback and participation as the state agencies convert this planning tool into action through the submission of budget requests, legislative proposals, and agency rules. More importantly, we welcome your participation and engagement in writing the next chapters of the ongoing story of the Nevada family. As Governor, this narrative has been personally moving and humbling.

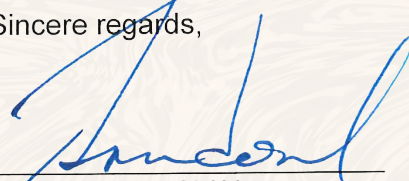

In my State of the State Address in 2015, I told the story of how I felt when I was asked to write a letter to a future Governor of Nevada as part of the Nevada Sesquicentennial time capsule project. I literally penned a note to someone who will succeed me, to be opened 50 years in the future during Nevada's bicentennial celebration.

What I know today to be true is that this Strategic Planning Framework and all the collective effort we have jointly invested into the creation of a new Nevada will in fact be evidenced in that future Governor, a Nevadan who will have inherited the state we now seek to build. Think of the possibilities...

- He or she will have been inspired by an innovator like Elon Musk or one of the engineers today exploring the boundaries of autonomous vehicles and synchronized transport.
- He or she will have benefited from a Zoom School for English language learners, or participated in Victory School and literacy funding, or chosen a STEM career based on our commitment to creating career pathways and building a diverse workforce.
- He or she will have witnessed neighborhoods transformed and re-gentrified, the environment preserved and protected, streets made safer and roadways more efficient.
- He or she will have been served by a state government that is transparent and customer-centered in its design.

The possibilities are endless – because the work we are doing now, and what we will do over these next few years, is truly redefining Nevada for the generations to come. It is work that makes me proud to be your Governor and ever and increasingly hopeful about the limitless potential of what this state can yet accomplish. Pursuing that promise has been the essence of the Nevada story for more than 150 years. I look forward to writing the next chapter with you.

Sincere regards,

BRIAN SANDOVAL
Governor

TAX INCENTIVES

TAX ABATEMENTS PROGRAMS FISCAL YEARS 2015 AND 2016 NEVADA GOVERNOR'S OFFICE OF ECONOMIC DEVELOPMENT

Summary of Programs

Abatement of Taxes on Business

The Nevada Governor's Office of Economic Development (GOED) was created during the 2011 Session of the Nevada Legislature through a collaboration of the Nevada Governor's Office and the Leadership of the Nevada State Senate and State Assembly. GOED promotes a robust, diversified and prosperous economy in Nevada, attracting new business and facilitating community development, stimulating business expansion and retention, encouraging entrepreneurial enterprise. In an effort to incentivize business development in Nevada, GOED administers multiple tax abatement programs.

The programs outlined below reflect the requirements and the abatements offered to eligible businesses. GOED reviews the abatement applications, conducts public hearings to determine eligibility, and reviews annual compliance reports after abatements have been granted.

The Executive Director and the GOED Board have approved 97 tax abatement applications in the last two fiscal years. Companies approved represent a variety of companies in multiple sectors and reflect the goals of the office as set forth in the State Plan for Economic Development. Those companies testify before the GOED Board that

the incentive programs are an important factor in the company's decision to locate or expand their business in the State.

Summary of Each Incentive

Local Sales and Use Tax Abatement (NRS 374.357, NRS 360.750)

A partial abatement of sales and use taxes is available to qualified companies that locate or expand their business in Nevada. The tax abatement is on the gross receipts from the sale, and the storage, use or other consumption, of eligible capital equipment. The sales and use tax rates vary by county within Nevada. The abatement reduces the sales and use tax rate to 2%. The approved business is eligible for tax abatements for a two-year period beginning the date the abatement becomes effective.

Modified Business Tax Abatement (NRS 363B.120, NRS 360.750)

A partial abatement of the Modified Business Tax is available to qualified companies that locate or expand their business in Nevada. The current tax imposed on each employer is at the rate of 1.475% on taxable wages over \$50,000 in a quarter. A business may qualify for a partial abatement of up to 50% of the amount of the business tax due during the first four years of operations.

For a new company, the abatement of the Modified Business Tax applies to the number of new employees stated in its application. For an expanding business, the abatement does not apply to existing employees of the business, but does apply to the number of new employees directly related to the expansion.

Personal Property Tax Abatement (NRS 361.0687, NRS 360.750)

A partial abatement from personal property tax is available to qualified companies that locate or expand their business in Nevada. This tax abatement can be up to 50% of the tax due for 10 years beginning from when the abatement becomes effective. The applicant must apply for abatement not more than one year before the business begins to develop for expansion or operation in Nevada.

A partial abatement of personal property taxes applies only to the same list of machinery and equipment eligible for the sales and use tax abatement allowed under NRS 374.357. Property tax rates vary by taxing district within Nevada.

Real Property Tax Abatement for Recycling (NRS 701A.210, NRS 360.750)

A partial abatement of real property (land and buildings) tax is available for businesses and facilities using recycled material that have as a primary purpose the conservation of energy or the substitution of fossil sources for other sources of energy. To qualify, the business must be in the primary trade of recycling at least 50% of raw material or an intermediate product onsite; or converting the energy derived from recycled material (specifically, industrial, domestic, agricultural or municipal waste) into electricity. Qualifying businesses can receive a partial abatement of up to 50% of the tax due on real property for

not more than 10 years beginning from when the abatement becomes effective.

Aviation Tax Abatement (NRS 360.753)

Partial abatements from Personal Property and Sales & Use Taxes are available to companies that locate or expand their business in Nevada. The personal property tax abatement can be up to 50% for 20 years on the taxes due on tangible personal property, and the sales & use tax abatement reduces the applicable tax rate to 2% for a similar 20 year period, a near 75% reduction in most jurisdictions.

Note: the Sales & Use tax abatement excludes aircraft purchase.

Eligible Goods: for sales & use tax imposed on the purchase of tangible personal property used to operate, manufacture, service, maintain, test, repair, overhaul or assemble an aircraft or any component of an aircraft. For personal property tax imposed on an aircraft and the personal property used to own, operate, manufacture service, maintain, test, repair, overhaul or assemble an aircraft or any component of an aircraft.

Data Center Tax Abatement (NRS 360.754)

A partial abatement from personal property tax and sales and use tax are available to data center companies that locate or expand their business in Nevada. The personal property tax abatement can be up to 75% of the taxes due for 10 or 20 year abatement periods. Abatements for sales and use tax are for taxes imposed on the purchase of eligible machinery or equipment. The abatement reduces the applicable tax rate to 2% for a period of 10 or 20 years, a near 75% reductions in most

jurisdictions. Abatements apply to colocated businesses of the data center.

Note: for fiscal year 2015-2016 any partial abatement must not include an abatement of the local school support tax imposed by chapter 374 of NRS.

Eligible Goods: personal property located at the center. From the tax imposed in the gross receipts from the sale, and the storage, use or other consumption, of eligible machinery or equipment for use at a data center. Machinery or equipment necessary to and specifically related to the business of the data center or colocated business. The term does not include vehicles, buildings or the structural component of buildings.

Tax Abatements for a Capital Investment of at least 1 Billion (NRS 360.893)

A partial abatement from personal property tax, modified business tax, real property tax, and a full abatement from sales and use tax are available to companies that locate or expand their business in Nevada and have a minimum capital investment of 1 billion dollars within 10 years. The personal property, modified business tax, and real property tax abatement can be up to 75% of the taxes due for a 10 year abatement period. Full abatements for sales and use tax are for taxes imposed on the purchase of eligible personal property and construction materials for a 15 year period. As a condition of approving a partial abatement of taxes pursuant to NRS 360.880 to 360.896, inclusive, the Executive Director of the Office of Economic Development, if he or she determines it to be in the best interests of the State of Nevada, may require the lead participant to pay at such time or times as deemed appropriate, an amount of money

equal to all or a portion of the abated taxes into a trust fund in the State Treasury to be held until all or a portion of the requirements for the partial abatement have been met. Interest and income earned on money in the trust fund must be credited to the trust fund. Any money remaining in the trust fund at the end of a fiscal year does not revert to the State General Fund, and the balance in the trust fund must be carried forward to the next fiscal year.

Tax Abatements for a Capital Investment of at least 3.5 Billion (NRS 360.965)

A full abatement from personal property tax, modified business tax, real property tax, and sales and use tax are available to companies that locate or expand their business in Nevada and have a minimum capital investment of 3.5 billion dollars within 10 years. The personal property, modified business tax, and real property tax abatement can be up to 100% of the taxes due for a 10 year abatement period. Full abatements for sales and use tax are for taxes imposed on the purchase of eligible personal property and construction materials for a 20 year period.

Catalyst Fund/ Transferable Tax Credits (NRS 231.1577)

Created in 2011, Nevada's Catalyst Fund incentivizes the expansion or relocation of businesses that will quickly result in the creation of high-quality, primary jobs in Nevada. This fund offers a tool to Regional Development Authorities to assist their efforts to close deals with viable companies that will enhance the state's economic sectors and offer stable jobs with good pay and benefits.

The new program will involve the issuance of Transferable Tax Credits to companies approved via NRS 231.1577.

***Transferable Tax Credits for Film and Other Productions
(NRS 360.758 - 360.7598)***

A transferable tax credit is available to production companies producing a film, television series, commercial, music video or other qualified production in Nevada. A production may qualify for a transferable tax credit of up to 25% of the qualified direct production expenditures incurred in Nevada if at least 60% of the total qualified expenditures are incurred in Nevada. The applicant must spend at least \$500,000 in Nevada and apply for the transferable tax credit not more than 90 days before the commencement of principal photography.

***Workforce Innovations for a New Nevada (WINN)
(NRS 231.141 - 231.152)***

The Workforce Innovations for a New Nevada (WINN) Account was established as a result of the approval of Assembly Bill 1 of the 29th Special Session of the Nevada Legislature. The legislation requires the Governor's Office of Economic Development (GOED) to develop and implement programs to provide customized workforce development services (defined in the bill as workforce recruitment, assessment and training) to companies that create and expand businesses in the state and relocate businesses to the state. The legislation was inspired by the need for customized workforce training in advanced manufacturing and related skills to serve the needs of emerging industries in the state. Statutory Authority: NRS 231.141 through NRS 231.152.

In mid-2016 GOED approved the expenditure of \$500,000 for initial capital expenses for the Workforce Innovations for a New Nevada (WINN) program to benefit Faraday Future, Inc. The \$500,000 was used to purchase training equipment including electrical and pneumatic training stations, robotic arms, and other advanced

manufacturing equipment. Additional phases of the program will be authorized as Faraday Future begins to prepare to hire the workforce needed for its new manufacturing facility in North Las Vegas; funds will be used to support recruiting, assessments, and training.

TAX ABATEMENTS PROGRAMS: FISCAL YEARS 2015 AND 2016

NEVADA GOVERNOR'S OFFICE OF ENERGY

Summary of Programs

Renewable Energy Tax Abatements

The mission of the Governor's Office of Energy is to ensure the wise development of Nevada's energy resources in harmony with local economic needs, and to position Nevada to lead the nation in renewable energy production, conservation, and exportation. In an effort to incentivize the development of renewable energy in Nevada, the Governor's Office of Energy administers Nevada's renewable energy tax abatements.

The program awards partial sales and use tax and partial property tax abatements to eligible renewable energy facilities. The Governor's Office of Energy reviews the abatement applications, conducts public hearings to determine eligibility, and reviews annual compliance reports after abatements have been granted. The projects must make a capital investment of \$3 million or \$10 million, dependent on project location.

The state of Nevada has approved 30 tax abatement applications, which include large scale solar PV, solar thermal, biomass, geothermal, and wind projects throughout the state. Renewable Energy development is important to the Governor's Office of Energy as a way to utilize Nevada's renewable energy resources, create jobs, and bring large investments into the state.

Summary of Each Incentive

Real and Personal Property Taxes

The partial abatement of Real and Personal Property Taxes is for a duration of the 20 fiscal years immediately following the date of approval of the application. The abatement of taxes is equal to 55% of the taxes on real and personal property payable by the facility each year. The abatement must not apply during any period in which the facility is receiving another abatement or exemption from property taxes.

Local Sales and Use Taxes

The partial abatement of Local Sales and Use Taxes applies to the 3 years following the approval of the application. The applicant will only be required to pay sales and use taxes imposed in the state of Nevada at the rate of 2.6%. The abatement must not apply during any period in which the facility is receiving another abatement or exemption from local sales and use taxes.

Footnotes

- * This includes 3 years of direct sales tax revenue only and 10 years of property tax revenue. Additional revenue made by the sales taxes paid by the facility are not calculated/tracked after the 3-year abatement expiration.
- ** Net Direct and Indirect new taxes
- *** Wages calculated for NV residents only
- **** This project did not report any direct operational employee wages

Date = Date the partial abatement was approved

Considerations:

Facilities with a 10 yr net new tax \$ per abatement \$ below 1.00 generally reported lower than average construction costs on Sch 2 of their application

Considerations:

Facilities with a 10 yr net new tax \$ per abatement \$ below 1.00 generally reported lower than average construction costs on Sch 2 of their application

Summary of Program

Green Building Tax Abatement Program

The Governor's Office of Energy administers the green building tax abatement program based on criteria set forth in the LEED or Green Globes rating system and certification from the U.S. Green Building Council (USGBC) or the Green Building Initiative (GBI). Both LEED and Green Globes rating systems provide a complete framework for assessing building performance and meeting environmental sustainable goals. They use industry recognized standards for designing, operating and certifying green building projects. The program was instituted in 2007 as an incentive for business owners to improve the energy efficiency of new and existing buildings. To qualify for the tax abatement applicants must earn a minimum number of points for energy conservation to meet the Silver Level or higher through the LEED rating system or two globes or higher under the Green Globes rating system. LEED and GG building rating systems are based on a set of standards for the environmentally sustainable design, construction and operation of the building.

There are currently 86 buildings in Nevada that are receiving tax abatements from the GOE program. The buildings range from existing, new construction, and core and shell. These include a wide range of building types: hotel casino resorts, retail shopping centers, health care facilities, manufacturing and distribution centers and restaurants. Of the 86 buildings in Nevada, currently 28 are LEED Silver, 53 are LEED Gold, two are LEED Platinum, and three projects have received three Green Globes.

Summary of Each Incentive

Real Property Taxes

Incentives range from 25% to 35% of the portion of the taxes imposed pursuant to chapter 361 of NRS, other than any taxes imposed for public education, for a period of 5 to 10 years, depending on the certification level.

For a new building or other structure that meets the equivalent of the silver level or higher under the LEED standard for LEED-NC or LEED-CS, or that meets the equivalent of the rating of two globes or higher under the Green Globes standard for GG-NC, the duration of the partial tax abatement for the building or other structure is set based upon the number of points awarded by the U.S. Green Building Council or Green Building Initiative, as applicable, for energy conservation in the Optimize Energy Performance credit or Energy Performance section under the applicable LEED standard or Green Globes standard as provided in the following table:

LEED or Green Globes Certification Level	5-6 points in the Optimize Energy Performance credit category (LEED) or 32-39 points in the Energy Performance section (Green Globes)	7-10 points in the Optimize Energy Performance credit category (LEED) or 40-55 points in the Energy Performance section (Green Globes)	11-12 points in the Optimize Energy Performance credit category (LEED) or 56-63 points in the Energy Performance section (Green Globes)	13-14 points in the Optimize Energy Performance credit category (LEED) or 64-71 points in the Energy Performance section (Green Globes)	15-16 points in the Optimize Energy Performance credit category (LEED) or 72-79 points in the Energy Performance section (Green Globes)	17-21 points in the Optimize Energy Performance credit category (LEED) or 80-100 points in the Energy Performance section (Green Globes)
Silver level or 2 globes	25 percent abatement for 5 years	25 percent abatement for 6 years	25 percent abatement for 7 years	25 percent abatement for 8 years	25 percent abatement for 9 years	25 percent abatement for 10 years

For an existing building or other structure that meets the equivalent of the silver level or higher under the LEED standard for LEED-EB, or that meets the equivalent of the rating of two globes or higher under the Green Globes standard for GG-CIEB, the duration of the partial tax abatement for the building or other structure is set based upon the number of points awarded by the U.S. Green Building Council or Green Building Initiative, as applicable, for energy conservation in the Optimize Energy Performance credit or Energy Performance section under the applicable LEED standard or Green Globes standard as provided in the following table:

LEED or Green Globes Certification Level	5-6 points in the Optimize Energy Performance credit category (LEED) or 32-39 points in the Energy Performance section (Green Globes)	7-10 points in the Optimize Energy Performance credit category (LEED) or 40-55 points in the Energy Performance section (Green Globes)	11-12 points in the Optimize Energy Performance credit category (LEED) or 56-63 points in the Energy Performance section (Green Globes)	13-14 points in the Optimize Energy Performance credit category (LEED) or 64-71 points in the Energy Performance section (Green Globes)	15-16 points in the Optimize Energy Performance credit category (LEED) or 72-79 points in the Energy Performance section (Green Globes)	17-21 points in the Optimize Energy Performance credit category (LEED) or 80-100 points in the Energy Performance section (Green Globes)

EXECUTIVE BUDGET OVERVIEW

The executive budget is presented in two formats: activities and line-item. The activities format provides some distinct differences from the older line-item presentation and shows an alternative format based on the strategic priorities set by the Governor.

The activities portion of the budget is structured at the core function of government level. Services provided by departments and divisions are aligned to objectives which tie into broader level goals which are tied directly to the eight core functions of government. Work levels and achievements for each activity are assessed using performance measures. Where appropriate, information on the specific populations served by, or generating the need for, the budgeted activity is provided.

The traditional line-item budget has a three-part format with revenue and expenditure detail for each component of Base, Maintenance and Enhancements. This portion of the budget is structured at the department and division level, and this format uses the traditional budget accounts instead of activities.

- Base expenditures are historical amounts, adjusted to reflect current costs of operations.
- Maintenance expenditures are incremental costs of conducting state business to keep pace with increasing demands such as caseload changes or inflation.
- Enhancements are new or expanded programs which seek to increase or improve service levels.

Comparable information for this portion of the budget is demonstrated for last year (Fiscal Year 2015-2016), the work program for the current year (Fiscal Year 2016-2017) and the Governor's recommendations for Fiscal Years 2017-2018 and 2018-2019.

ECONOMIC OVERVIEW

The U.S. Economy at a Glance

Seven years into the economic recovery, annual growth in the national economy has been modest, about two percent per year, and output has run below its long-term potential, a sign that there is some room for the economy to grow. The U.S. economy is on track to grow at a moderate pace in the near term and many indicators point towards an optimistic future.

- As of November 2016, the U.S. economy has added more than 15 million jobs since the depths of the recession and, during the last year, monthly job gains have averaged 180,000 jobs. Even though the pace of hiring has slowed somewhat, job creation is above what is required to keep up with potential labor force growth. The jobless rate, at 4.6 percent, indicates a tightening labor market and sign of stronger wage gains in the future.
- Wage growth has increased faster than inflation, increasing consumers' real spending power, although at a slower pace than in past recoveries. In a healthy economy, growth in average weekly earnings should be around four percent, but growth has been little more than half of that. As the labor market approaches full employment, wage pressures will build and more wage inflation will follow.
- The strengthening domestic economy will allow the Federal Reserve to continue the process of normalizing the monetary policy by gradual interest rate increases while a strengthening dollar is expected to put further pressure on the commodities market and the manufacturing sector.
- The national housing market shows gradual improvement from its collapse nearly a decade ago. The Federal Housing Finance Agency reports that as of October 2016, home prices are up 6.1 percent compared to the prior year, and low inventory levels continue to put upward pressure on home prices. While this trend has helped bring millions of homeowners back from negative equity, it has also reduced housing affordability. Rising interest rates will compound the affordability issue. Improvement in single-family construction remains steady. Overall, it is likely new housing construction and home buying will continue to be less robust than in previous expansions.
- Consumer confidence is an important indicator of near-term economic growth because consumer spending accounts for about two-thirds of U.S. economic activity. In the third quarter of 2016, consumer spending expanded at a three percent clip according to the Bureau of Economic Analysis' December report, and consumer confidence has risen to pre-financial crisis levels; a sign consumers continue to support economic growth. Although motor vehicle sales have slowed, increased wage growth will support a steady pace of spending.
- Despite the overall positive outlook for the economy, there are a number of fiscal policy risks in the coming year resulting from the outcome of the 2016 presidential and congressional elections. However, it is too soon to assess any impact the proposed policies may have on the national economy.

Overview of the Nevada Economy

Nevada is highly sensitive to the health of the national economy because the state's economy is still heavily reliant on consumer driven sectors. Therefore, an improving national economy is good news for Nevada. Today, Nevada's economic landscape stands in stark contrast to the one of six years ago when the state began to emerge from the recession. The Nevada economy is on an upswing and gains are broad-based. In many ways, Nevada's economy has recovered better than many other states.

- In 2016, Las Vegas is on pace to beat last year's record of 42.3 million visitors. As gaming has become more available throughout the U.S., the southern Nevada tourism industry has diversified its offerings by expanding its amenities beyond gaming with world class entertainment, dining and high-end shopping. In fact, non-gaming revenue now makes up about two thirds of this industry's revenue.
- Nevada's population growth reflects the overall improvement of the economy and continued recovery from the recession. According to the Census Bureau, Nevada's 2016 population estimate is at 2.94 million, a 1.95 percent increase and the second strongest growth rate in the nation. Over the next biennium, the state Demographer projects Nevada's total population to increase by almost 74,700 people, 68 percent of which will come from net migration.
- On the employment front, there has been consistent and widespread growth. Recently the state reached a major milestone; all of the 186,400 jobs lost during the recession were recovered. Nevada's job gains continue to outpace not just the nation but many other states. As of November 2016, the jobless rate has dropped to 5.2 percent, the lowest rate in nine years, and Nevada's employment is up 2.7 percent, the fifth fastest growth in

the country. The gap between the national and Nevada unemployment rate, once at a staggering 4.4 percent has narrowed to just a 0.6 percent differential.

- Nevada's economy continues to indicate improvement in personal income and wage growth. In the third quarter of 2016, personal income was up 4.5 percent relative to a year earlier, the sixth fastest growth nationwide. Similarly, wage and salary disbursements are up 5.5 percent relative to a year ago, ranked eighth in the country.
- Even though home prices and starts are below pre-recession levels, the Nevada housing sector continues to recover and is on a more sustainable path. Home prices have risen for the past four years. According to the Federal Housing Finance Agency Home Price Index, third quarter 2016 home prices were up 7.7 percent in Nevada compared to the same quarter in 2015, the eighth largest increase in the nation. Going forward, home price inflation is expected to increase more in line with income growth. There are some concerns of the effect of rising interest rates and how they may reduce housing affordability and become a headwind for the real estate market.

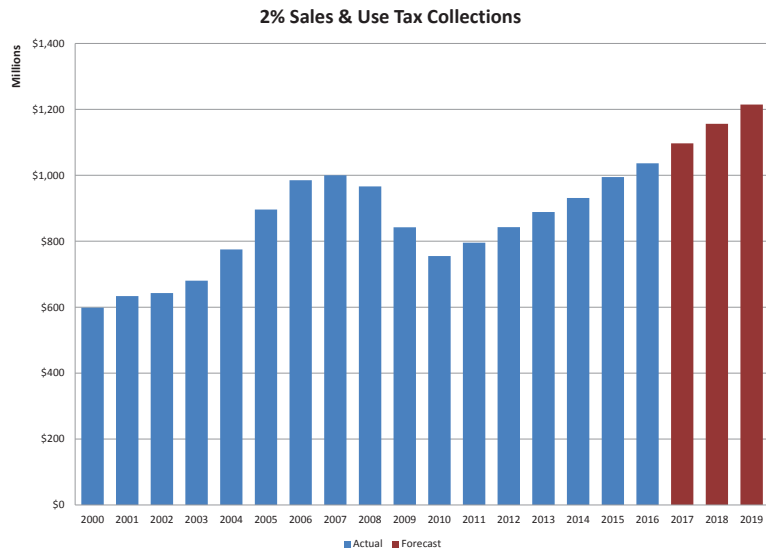

Historically, gaming and hospitality have driven economic growth in the Silver State. Since Nevada's economy, built on tourism and gaming, is very consumption-oriented, Nevada felt the effects of the Great Recession the hardest. Job losses and wealth destruction on the national level following the recession had an overwhelming effect on the state's largest industries: tourism, retail and gaming. In addition, Nevada's construction sector which had benefited from booming casino development and a robust housing sector was disproportionately affected with roughly 100,000 construction jobs lost due to the recession. As the national economy has improved, so has Nevada's with those industries rebounding and showing solid growth after years of stagnation.

- Trends in gaming revenues and taxable sales are positive.
 - Gaming revenues are up two percent through the first ten months of the calendar year 2016. Nearly every reporting area in the state is showing growth through the first ten months.
 - Taxable sales have increased 75 straight months and are up 5.2 percent through the first nine months of the calendar year 2016.
- Nevada's real gross domestic product (GDP) grew at a faster clip than the nation at 2.3 percent during the second quarter of 2016 over the previous quarter annualized. Gains were broad across several industries. Transportation and warehousing contributed the most growth while the mining industry posted the biggest decline. Mining, a highly cyclical industry in nature, continues to show weakness due to lower gold prices.

One of the lessons learned from the Great Recession was the need to diversify the state's economy to hedge against economic downturns since reliance on a few highly cyclical industries for growth will lead to continued volatility in the future. Even though gaming, hospitality and retail-oriented sectors will continue to support the state's economic growth going forward, there have been widespread efforts to expand the state's industrial structure beyond tourism. Those efforts, along with Nevada's pro-growth policies, business-friendly environment and proximity to western markets are starting to generate successes, as evidenced by a diverse group of companies either relocating, opening or expanding operations in Nevada.

- The Tesla gigafactory, which will be the world's largest and most advanced battery factory, is just one of several examples of economic diversification in the state. Significant growth is also being seen in advanced manufacturing, logistics, technology and e-commerce.

- The state is also benefitting from developments in the unmanned aerial vehicle (drone) industry since being selected as one of only six authorized testing sites by the Federal Aviation Administration. The state is a leader in the commercial testing space and a prominent player in this up and coming industry.

REVENUE SUMMARY

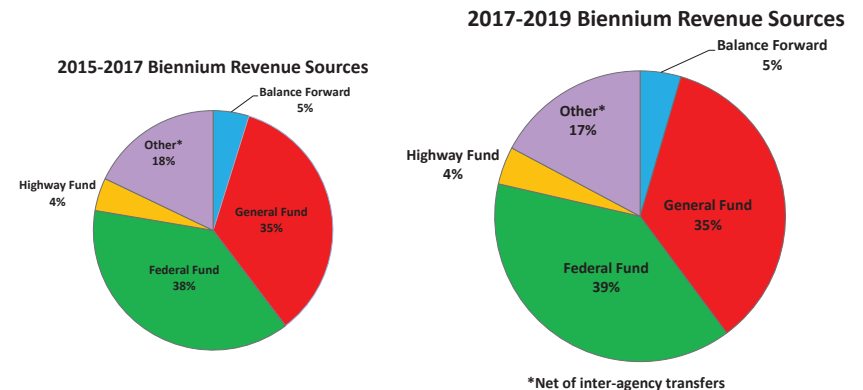

Sources of Funding

Nevada's General Fund is the major operating fund of the state. The state also has access to federal funds, the State Highway Fund, and various other resources to support services. However, most specialized funds, such as the Highway Fund, may be spent only on specific activities. By contrast, there are few restrictions on how money in the General Fund is spent.

The Governor's Executive Budget must be balanced to revenue projections made by the Economic Forum, a group of private economic and financial experts appointed by the Legislature and the Governor. The Forum's General Fund revenue forecasts are binding on the Governor's Executive Budget and on the Legislature's approved budget. On December 6, 2016, the Economic Forum set the revenue projections that the Governor used to construct his recommended 2017-2019 biennial budget. The Economic Forum will reconvene on or before May 1, 2017 to prepare the forecast that must be used for the Legislature's approved budget.

General Fund resources represent 35 percent of total state revenues. Federal funds continue to be increasingly significant in the 2017-2019 biennium and will comprise 39 percent of revenues. The primary driver of federal fund increases remains related to changes and growth in the Medicaid program, as discussed in the Spending Summary Section that follows. State Highway Fund represents 4 percent of revenues and the balance comes from other funding sources.

**General Fund Revenue by Source
2017-2019 Biennium**

The state's General Fund revenues have increased along with the improving economy. After accounting for the effect of the estimated tax credits that may be taken against certain General Fund revenues, total revenue in Fiscal Year 2015-2016 was \$3,693.8 million, up 12.5 percent from the previous fiscal year. Through September, 2016, net revenue year-to-date is \$7.5 million, or 0.7 percent, above the December 2016 Economic Forum's forecast for Fiscal Year 2016-2017.

Following the significant decline in General Fund revenues starting in the 2007-2009 biennium, the State of Nevada implemented a succession of spending reductions, one-time funding mechanisms and tem-

porary revenue enhancements. Many of the revenue enhancements were extended through actions of the 2011 and 2013 Legislatures to fund the social service and educational needs of Nevadans. The 2015 Legislature fundamentally restructured the State's taxes by broadening the base and creating new revenue streams to align better with today's economy. The Legislature made permanent changes to the business license fee, the commercial recording fee, the modified business tax and the cigarette tax as well as a change to the structure and rate for the live entertainment tax for both gaming and non-gaming establishments.

The 2015 Legislature also implemented two new taxes. The Commerce Tax applies an industry-specific rate on businesses whose Nevada gross revenue in a fiscal year exceeds \$4 million. The Commerce Tax generated \$143.5 million in Fiscal Year 2015-2016 and is expected to generate \$194.4 million in Fiscal Year 2016-2017 and \$181.2 million and \$189.9 million in Fiscal Year 2017-2018 and Fiscal Year 2018-2019, respectively. An implementation year grace period until mid-February 2017 to remit the Fiscal Year 2015-2016 tax is the reason for the higher estimate for Fiscal Year 2016-2017. The Passenger Carrier Excise Tax, also known as the Transportation Connection Tax, applies a three percent tax on fares of transportation network companies, common carriers, and taxicabs. The Passenger Carrier Excise Tax generated \$11.9 million in Fiscal Year 2015-2016 and is expected to generate \$21.0 million in Fiscal Year 2016-2017 and \$16.8 million and \$22.2 million in Fiscal Year 2017-2018 and Fiscal Year 2018-2019, respectively. This tax went into effect in September 2016 with the first \$5.0 million in each biennium committed to the Highway Fund.

Finally, the 2015 Legislature extended the additional revenue to the General Fund generated from the 10 percent increase in the depreciation rate schedules for autos and trucks used to calculate the Governmental Services Tax. In Fiscal Year 2015-2016, the full amount of

\$66.7 million was deposited in the General Fund, and in Fiscal Year 2016-2017 the revenue is to be split equally between the General Fund and Highway Fund.

In order to support the Governor's goal of preparing Nevadans to meet the workforce needs of employers as well as to continue the commitment to improving the state education system to provide for the specific educational needs of students, the Governor recommends the following:

Previously Enacted Revenue Diversions

- The diversion to the General Fund of the Governmental Services Tax revenues resulting from the 10 percent depreciation schedule should continue with 25 percent of the revenue to be allocated to the General Fund and 75 percent to the Highway Fund.
- The diversion of room tax revenues resulting from Initiative Petition 1 to the Distributive School Account should cease with the revenues used to fund supplemental per pupil programs for special education, at-risk, English language learner, gifted and talented and other categorical programs in support of K-12 education.

Additional Revenue Reforms

- Nevadans voted to legalize recreational marijuana in the November 2016 elections. Under the new state law, persons over 21 can possess up to an ounce of marijuana beginning January 1, 2017. A 15 percent excise tax, levied at the wholesale level,

can be used to fund the costs of the Department of Taxation and Local Governments to administer the new program with any remaining revenue used to support K-12 education.

- The Governor is also recommending a 10 percent retail excise tax on the sale of recreational marijuana to support K-12 education programs.

The actual amounts of previously enacted revenue enhancements and the proposed revenue reforms are listed in the “Statement of Projected Unappropriated General Fund Balance.”

SPENDING SUMMARY

Expenditures for the 2017-2019 biennium total \$23.4 billion. This is an increase of approximately \$2.4 billion, or 11.7 percent, over the current biennium.

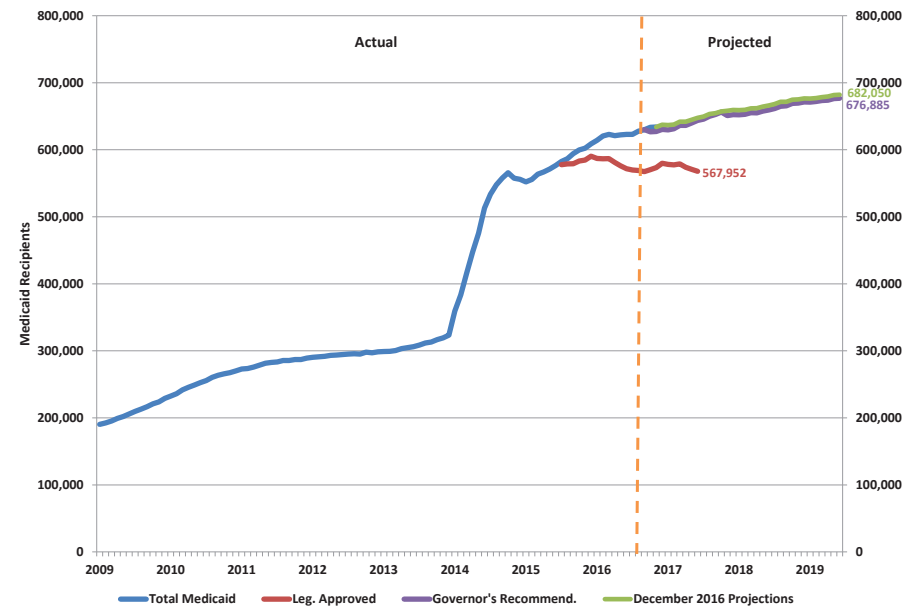

When compared to the 2015-2017 Legislatively Approved budget, General Fund appropriations increase by \$964 million or 13.2 percent, while federal funds increase by \$1.1 billion or 13.8 percent.

The budget building process was approached with a focus on providing those services necessary to protect the health and safety of our citizens and our natural resources, while making necessary investments to improve education and strengthen our workforce for the new Nevada economy.

Caseload measures the change in demand for services based on population. For example, the Department of Education caseload is the number of students enrolled in school districts, charter schools and university schools, while caseload for the Nevada Department of Health and Human Services is the number of Nevadans participating in one or more social service programs.

Medicaid caseloads have continued to trend higher than anticipated during the 2015-2017 biennium following the implementation of the Affordable Care Act and the expansion to additional populations. As of November 2016, over 634,000 Nevadans are covered by Medicaid compared to the 573,000 projected when the Legislature approved the current budget in 2015. The Executive Budget projects that almost 677,000 individuals will be enrolled in Medicaid by the end of the 2017-2019 biennium, an increase of approximately 6.8 percent over the current population.

Total Medicaid Recipients

Recognizing the need to develop a workforce for the emerging sectors of the Nevada economy, the Executive Budget includes funding to expand career and technical education programs at the community colleges as well as capacity building enhancement initiatives throughout the Nevada System of Higher Education. The budget also includes permanent funding for the Office of Workforce Innovation which will provide direction to the local workforce development boards and align apprenticeship efforts as well as provide statewide direction for education and employment initiatives.

The Executive Budget continues the Governor's commitment to economic development by investing in the Knowledge Fund to encourage start-up enterprises in Nevada, and the Workforce Innovations for the New Nevada (WINN) account to develop and implement customized workforce development services for companies that expand in or relocate to Nevada.

The Governor is dedicated to providing and the Executive Budget includes additional resources for elementary and secondary education initiatives relating to English language learners; at-risk students; special education; and gifted and talented education. The budget also provides continued funding for low performing schools; early learning and literacy; technology in the classroom; greater access to social workers and mental health services in schools; professional development; and pathways to improve the teacher pipeline. Finally, the budget includes funding for the school choice Education Savings Account Program.

The Executive Budget takes advantage of a once-in-a-lifetime opportunity to acquire three riverfront ranches in central Nevada to create a new state park that will provide an abundant variety of recreational activities for all Nevadans. The budget also includes funding for a second new state park on existing state land in Clark County to create a fossil interpretive site at Tule Springs. Finally, the budget includes campground improvements, cabins, maintenance and stabilization projects and other improvements throughout the state park system.

Understanding the environment we live in, the Executive Budget includes funding for drought monitoring and water conservation incentive programs to inventory and protect this vital natural resource throughout the state. The budget also provides one-time funding to continue the Sagebrush Ecosystem Conservation Credit System to conserve the habitat of the Greater Sage-grouse.

In order to promote the health and well-being of Nevadans, the Executive Budget provides funding for several health and human services initiatives while recognizing efficiencies gained through automation of processes. The budget includes a change to the service model for Early Intervention Services to improve the delivery system for children and families as well as the adoption of standard risk and needs assessments for implementing evidence-based practices for juvenile justice programs. The budget also includes the implementation of cost savings initiatives through technology improvements and the expanded use of community providers. The budget includes rate changes for providers in certain key areas to align to the market and also identifies areas where changes to service delivery creates Medicaid eligible reimbursements to maximize federal funding.

The Executive Budget includes funding to implement several reforms relating to the state's parole system to focus on alternatives to incarceration and to align with nationally recognized evidence-based practices. This funding includes efforts to streamline the parole process while insuring adequate supervision of parolees.

The Executive Budget also contains significant investments in capital improvements throughout the state as well as for the replacement of outdated and unsupported technology systems and upgrades to the technology security infrastructure.

After six years of pay reductions and furlough days, the 2015 Legislature eliminated the last of the furlough days for state employees and provided a one percent cost of living increase effective July 1, 2015 along with a two percent increase effective July 1, 2016. Acknowledging the sacrifices made by state employees during the Great Recession and the impact of current salary levels on recruiting and retaining a qualified staff, the Executive Budget provides for a two percent cost of living adjustment effective on July 1, 2017 and

an additional two percent effective July 1, 2018. Recognizing salary disparities in certain key areas, the budget also provides for a one grade increase for Department of Corrections' officers and information technology professionals. In addition, the budget funds increased health insurance contribution rates to cover medical inflation while continuing most of the enhanced benefits provided to employees and retirees over the last several years.

FUND BALANCES

General Fund

The Governor’s Executive Budget must have a General Fund reserve for each fiscal year of between 5% and 10% of proposed General Fund appropriations for the operation of state government. The General Fund balance at the end of Fiscal Year 2015-2016 was \$418.5 million. The ending balances for Fiscal Years 2016-2017, 2017-2018 and 2018-2019 are projected to be \$420.1 million, \$236.0 million and \$215.8 million, respectively. The Fiscal Year 2016-2017 projected fund balance represents an approximate ending fund balance of 11.1 percent.

The 5% minimum ending balance is calculated as a percent of that year’s operating expenses. The Governor’s Executive Budget exceeds this requirement for each of the budget years as detailed in the

Rainy Day Fund

The State of Nevada’s “Rainy Day Fund” — formally known as the Account to Stabilize the Operation of State Government — is a financial reserve distinct from the General Fund reserve that exists to cover revenue shortfalls. Revenues are allocated to the Rainy Day Fund per NRS 353.288:

- When the ending General Fund balance is greater than 7% of General Fund operating appropriations, 40% of the amount in excess of 7% of General Fund operating appropriations is allocated to the Rainy Day Fund.
- Beginning July 1, 2017, one percent of the revenue projected for each fiscal year of the biennium by the Economic Forum at their May meeting in each odd-numbered year, as adjusted by any legislation enacted by the Legislature that affects state revenue for that fiscal year, shall be appropriated from the General Fund to the Rainy Day Fund at the beginning of each fiscal year.
- The maximum balance allowed in the Rainy Day Fund is 20% of the total of all General Fund appropriations made for the operation of the government, the funding of schools, and the regulation of gaming.

After using the Rainy Day Fund to cover the General Fund Shortfall in Fiscal Year 2014-2015 resulting from the significant shortfall in Net Proceeds of Minerals and a projected shortfall in Gaming Taxes as well as increased K-12 enrollment during the 2013-2015 biennium, the balance in the Rainy Day Fund was zero entering Fiscal Year 2015-2016. Based on the General Fund ending fund balance for Fiscal Year

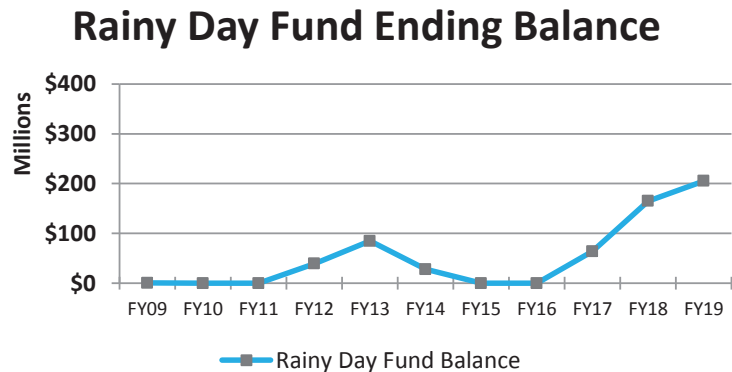

General Fund Ending Balance

2015-2016 of \$418.5 million, a transfer of \$63.9 million was made in Fiscal Year 2016-2017. Based on the projected General Fund ending fund balance of \$420.1 million for Fiscal Year 2016-2017 as detailed in the supporting schedules, it is projected an additional transfer of \$62.0 million will be made in Fiscal Year 2017-2018.

Pursuant to NRS 353.213, the Executive Budget shall include a transfer to the Rainy Day Fund of one percent of the revenue projected for each fiscal year of the biennium by the Economic Forum at their December meeting from the previous even-numbered year, adjusted for any changes or adjustments to state revenue recommended in the proposed budget. The Executive Budget includes transfers to the Rainy Day Fund in the amount of \$38.9 and \$40.3 for Fiscal Years 2017-2018 and 2018-2019 respectively.

Based on the projected transfers, the Rainy Day Fund balance at the end of the 2017-2019 biennium will be \$205.2 million.

EXPENDITURE LIMITATION

The limit on total proposed expenditures provided by NRS 353.213 was added to the budgeting process in 1979. It caps General Fund spending per Nevadan at the 1975-1977 biennium level adjusted for inflation and population growth. The budget submitted by the Governor cannot exceed the amount appropriated for the 1975-1977 biennial budget multiplied by the percent change in population from July 1974 and the percent change in the Consumer Price Index (CPI) from the same month. Construction expenditures are exempt from this limit, as are deposits to the Rainy Day Fund and payments to reduce the unfunded liability for retirees' health insurance.

Since 1974, the state's population has grown nearly 395 percent and the CPI has increased more than 387 percent. Starting with the base 1975-1977 biennium budget of slightly less than \$390 million, calculating the increase for population and CPI places the spending cap for the 2017-2019 biennium at \$9.378 billion which is \$1.490 billion more than the revenue projected by the Economic Forum for the 2017-2019 biennium at its December 6, 2016 meeting. The Executive Budget does not meet or exceed the spending cap.

The corresponding table shows the calculation of the expenditure limit and the chart shows the Legislatively Approved Operating Appropriations compared to the spending cap from the 1981-1983 biennium to current. In compliance with NRS 353.213, the Executive Budget appropriation amount in the chart includes all proposed expenditures for the 2017-2019 biennium except those for construction or for transfer to the Rainy Day Fund.

The sums appropriated to the Performance Funding Pool account by section __ of this act for Fiscal Year 2018-2019 may be transferred to the respective formula-funded budget accounts of the Nevada system of Higher Education in Fiscal Year 2018-2019 with the approval of the Interim Finance Committee upon the recommendation of the Governor.

3. Any balance of money appropriated for Fiscal Year 2018-2019 but not transferred from the Performance Funding Pool account in Fiscal Year 2018-2019 pursuant to subsection 2 may be carried forward to Fiscal Year 2019-2020 for transfer to the respective formula-funded budget accounts in Fiscal Year 2019-2020 with the approval of the Interim Finance Committee upon the recommendation of the Governor.

4. Any remaining balance of money appropriated for Fiscal Year 2017-2018 but not transferred from the Performance Funding Pool account in fiscal Year 2017-2018 or fiscal Year 2018-2019 may be carried forward to Fiscal Year 2019-2020 for transfer to the State Funded Perkins Loan account in section __ of this act in Fiscal Year 2019-2020 to be used for system-wide, need-based student financial aid with the approval of the Interim Finance Committee upon the recommendation of the Governor.

5. Any remaining balance of money appropriated for Fiscal Year 2018-2019 but not transferred from the Performance Funding Pool account in Fiscal Year 2018-2019 or Fiscal Year 2019-2020 may be carried forward to Fiscal Year 2020-2021 for transfer to the State-Funded Perkins Loan account in section __ of this act in Fiscal Year 2020-2021 to be used for system-wide, need-based student financial aid with the approval of the Interim Finance Committee upon the recommendation of the Governor.

Sec. __. It is the intent of the Legislature that the amounts appropriated in sections __, __ and __ of this act for the Nevada System of Higher

Education shall not be allocated by the Nevada System of Higher Education to support expenditures related to professional merit salary increases.

Sec. __. 1. Except as otherwise provided in sections __, __ and __ of this act, any balances of the appropriations made in this act for the Fiscal Years 2017-2018 and 2018-2019 must not be committed for expenditure after June 30 of each fiscal year by the entity to which the appropriation is made or any entity to which money from the appropriation is granted or otherwise transferred in any manner, and any portion of the appropriated money remaining cannot be spent for any purpose after September 21, 2018, and September 20, 2019, for each fiscal year respectively, by either the entity to which the money was appropriated or the entity to which the money was subsequently granted or transferred and, except as otherwise provided in subsection 2, must revert to the fund from which appropriated on or before September 21, 2018, and September 20, 2019, of each fiscal year respectively.

2. Any balance of the appropriations made to the Legislative Fund by section __ of this act does not revert to the State General Fund but constitutes a balance carried forward.

Sec. __. The State Controller shall provide for the payment of claims legally obligated in each fiscal year of the 2017-2019 biennium on behalf of state agencies until the last business day of August immediately following the end of each fiscal year. The State Controller shall process any transactions requested by the Director of the Office of Finance or his designee from the prior fiscal period until the third Friday in September immediately following the end of the fiscal year.

Sec. __. The State Controller shall transfer among the appropriate accounts and funds the amounts necessary to carry out the budget approved by the Legislature, and the amounts so transferred shall be deemed appropriated.

Sec. __. The State Controller shall pay the annual salaries of Supreme Court Justices, Court of Appeals Judges, District Court Judges, the Governor, the Lieutenant Governor, the Secretary of State, the State Treasurer, the State Controller and the Attorney General in biweekly installments for each day worked up to and including the date of payment. The payment of a portion of the annual salaries of these officers at the end of a calendar year for the purpose of reconciling the amount of the salary paid during that calendar year with the amount of the salary set forth in statute for that office must not be made if it will result in the issuance of a separate check.

Sec. __. 1. If the Director of the State Department of Conservation and Natural Resources determines that, because of delays in the receipt of revenue for services billed to the Federal Government, local governments and other state governments, the amount of current claims for expenses incurred in the suppression of fire or response to emergencies exceeds the amount of money available to pay such claims within 30 days, he or she may request from the Director of the Office of Finance a temporary advance from the State General Fund to pay authorized expenses.

2. The Director of the Office of Finance shall provide written notification to the State Controller and to the Senate and Assembly Fiscal Analysts of the Fiscal Analysis Division of the Legislative Counsel Bureau if he or she approves a request made pursuant to subsection 1. The State Controller shall draw his or her warrant upon receipt of such a notification.

3. An advance from the State General Fund:

(a) May be approved by the Director of the Office of Finance only for expenses incurred in the suppression of fires or response to emergencies charged to the budget account for forest fire suppression of the Division of Forestry of the State Department of Conservation and Natu-

ral Resources. Before approving the advance, the Director shall verify that billings for reimbursement have been sent to the agencies of the Federal Government, local governments or other state governments responsible for reimbursing the Division of Forestry for costs incurred in fire suppression or emergency response activities.

(b) Is limited to the total due from outstanding billings for reimbursable expenses incurred in the suppression of fires or response to emergencies as approved for payment to the State by agencies of the Federal Government, local governments and other state governments.

4. Any money which is temporarily advanced from the State General Fund to the budget account for forest fire suppression pursuant to this section must be repaid on or before the last business day in August immediately following the end of the fiscal year.

Sec. __. 1. If the Governor orders the Nevada National Guard into active duty as described in NRS 412.122 for an emergency as described in NRS 353.263 and the Adjutant General of the Nevada National Guard determines expenditures will be required, the Adjutant General may request from the Director of the Office of Finance a temporary advance from the State General Fund for the payment of authorized expenses.

2. The Director of the Office of Finance shall provide written notification to the State Controller and to the Senate and Assembly Fiscal Analysts of the Fiscal Analysis Division of the Legislative Counsel Bureau of the approval of a request made pursuant to subsection 1. The State Controller shall draw his or her warrant upon receipt of the approval by the Director of the Office of Finance.

3. An advance from the State General Fund:

(a) Must be approved by the Director of the Office of Finance for expenses incurred as a result of activation of the Nevada National Guard.

(b) Is limited to \$25,000 per activation as described in subsection 1.

4. Any money which is temporarily advanced from the State General Fund to an account pursuant to subsection 3 must be repaid as soon as possible, and must come from the Emergency Account established by NRS 353.263.

Sec. __. If the State of Nevada is required to make payment to the United States Treasury under the provisions of Public Law 101-453, the Cash Management Improvement Act of 1990, the State Controller, upon approval of the State Board of Examiners, may make such payments from the interest earnings of the State General Fund or interest earnings in other funds when interest on federal money has been deposited in those funds.

Sec. __. 1. If projections of the ending balance of the State General Fund fall below the amount estimated by the 79th Session of the Nevada Legislature for Fiscal Year 2017-2018 or Fiscal Year 2018-2019, the Director of the Office of Finance shall report this information to the State Board of Examiners.

2. If the State Board of Examiners determines that the ending balance of the State General Fund is projected to be less than \$100,000,000 for Fiscal year 2017-2018 or Fiscal Year 2018-2019, the Governor, pursuant to NRS 353.225, may direct the Director of the Office of Finance to require the State controller or the head of each department, institution or agency to set aside a reserve of not more than 15 percent of the total amount of operating expenses or other appropriations and money otherwise available to the department, institution or agency.

3. A reserve must not be set aside pursuant to this section unless:

(a) The Governor, on behalf of the State Board of Examiners, submits a report to the Legislature or, if the Legislature is not in session, to the Interim Finance Committee, stating the reasons why a reserve is needed and indicating each department, institution or agency that will be required to set aside a reserve; and

(b) The Legislature or Interim Finance Committee approves the setting aside of the reserve.

Sec. __. There is hereby appropriated \$2,500,000 in fiscal year 2017-2018 and \$2,500,000 in fiscal year 2018-2019 for transferable tax credits pursuant to NRS 360.759. Any amount of the transferable tax credits issued pursuant to this section not approved during the fiscal year in which they are appropriated must be carried forward and made available for approval during the immediately following two fiscal years pursuant to NRS 360.7594.

Sec. __. There is hereby appropriated \$20,000,000 in fiscal year 2017-2018 for the Governor Guinn Millennium Scholarship Account created pursuant to NRS 396.926. Any amount of the appropriation pursuant to this section not expended during the fiscal year in which they are appropriated must be carried forward and made available for approval during the immediately following fiscal year.

ACTIVITY BUDGET SUMMARY

The activities portion of the budget is structured at the core function of government and services provided by departments and divisions. Activities are predefined and tie to goals which are tied directly to the eight core functions of government. The amounts

reported in the Activity Budget include interagency transfers but do not include fund restorations, restricted transfers, Rainy Day Fund transfers, Disaster Relief Fund transfers, and Capital Improvement Projects funded with cash.

GOVERNOR'S WASHINGTON OFFICE

101-1011

PROGRAM DESCRIPTION

The Washington, D.C. office is responsible for identifying, monitoring, and providing information on selected federal issues of high priority to the State of Nevada such as nuclear waste, transportation funding, and gaming. Other responsibilities include the identification of Economic Development Programs undertaken in other states that might be utilized in Nevada, dissemination of information on legislative decisions of importance to Nevada businesses, and assistance to encourage foreign investment in Nevada.

BASE

This decision unit continues funding operating costs at the current level for the Governor's Washington Office. One-time expenditures have been eliminated and partial year costs have been annualized.

GOVERNOR'S OFFICE OF ENERGY

101-4868

PROGRAM DESCRIPTION

The mission of the Governor's Office of Energy is to ensure that the wise development of the state's energy resource is in harmony with local community economic needs and that Nevada leads the nation in renewable energy production, energy efficiency, conservation and exportation of energy. The office facilitates cooperation between key stakeholders; leads initiatives to stimulate economic development; job growth; attracts and retains energy-related businesses in the state; develops energy-related plans and recommendations; and collaborates with local, regional and federal partners to ensure a reliable and sustainable clean energy system. Statutory Authority: NRS 701 and 701A.

BASE

This request continues funding for 13 positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

OFFICE OF SCIENCE, INNOVATION AND TECHNOLOGY - The mission of the Office is to coordinate and align efforts by K-12 and higher education, workforce development and employers to improve Science, Technology, Engineering, and Mathematics (STEM) education and STEM workforce development so that Nevada's workforce can meet the demands of its growing and diversifying economy. Additionally, the office seeks to coordinate and align state efforts to facilitate and promote broadband services, and expand IT infrastructure to Nevada's schools, health care institutions, and departments of public safety. The office also supports the Advisory Council on STEM, applies for federal grants and administers STEM workforce challenge grants.

Division Budget Highlights:

1. **E-rate Consortium** - Funds are transferred from the Department of Education to develop a statewide E-rate consortium to leverage E-rate dollars from the Federal Communications Commission.

OFFICE OF SCIENCE, INNOVATION AND TECHNOLOGY

101-1003

PROGRAM DESCRIPTION

This program is created to staff and support Science, Technology, Engineering and Math (STEM) education and workforce programs that will be administered through the Governor's Office of Science, Innovation and Technology. The program will also administer grants obtained for such initiatives and coordinate the planning, mapping and procurement of broadband in this state. Statutory Authority: NRS 223.085

BASE

This request continues funding for four positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

GOVERNOR'S FINANCE OFFICE - DIV OF INTERNAL AUDITS

101-1342

PROGRAM DESCRIPTION

The Division of Internal Audits conducts performance audits to help agencies identify ways to enhance their operational efficiencies and effectiveness. These audits are presented to the Executive Branch Audit Committee which is chaired by the Governor and includes the Lieutenant Governor, Secretary of State, State Treasurer, State Controller, Attorney General and a representative of the public. The Division also performs reviews of agencies' transactions and procedures to determine compliance with state and federal guidelines and assists agencies in maintaining and developing internal controls and financial practices that prevent and detect fraud and safeguard assets. Statutory Authority: NRS 353A and 353.090.

BASE

This decision unit continues funding for 13 employees and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

NEVADA P20 WORKFORCE REPORTING

101-3270

PROGRAM DESCRIPTION

NRS 386.650 mandates an automated system of accountability for Nevada that includes a system of identification that allows for identifying a student in both the public schools and NSHE. Legislation enacted during the 2011 Session of the Nevada State Legislature requires linking data for workplace purposes (Senate Bill 449, NRS 397). NRS 612.265 defines the circumstances under which the Administrator of DETR's Employment Security Division may share employment information.

The Nevada P20 Workforce Reporting system links the various data systems, automating the exchange of data and facilitating the assignment of unique IDs that will de-identify the data and enable the participating agencies and stakeholders (e.g., Executive Office, Nevada Legislature, Nevada policy makers) to augment their access, research and reporting capabilities.

BASE

This request continues funding for one position and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

LIEUTENANT GOVERNOR

101-1020

PROGRAM DESCRIPTION

The Lieutenant Governor is elected for a four-year term. The Lieutenant Governor is the highest officer in the state after the Governor and serves as Acting Governor when the governor is out of state or temporarily incapacitated.

The Lieutenant Governor's executive duties include serving as Chairman of the Commission on Tourism, Vice-Chairman of the State Board of Transportation, a member of the Board of the Governor's Office of Economic Development, and a member of the Executive Budget Audit Committee. Additionally, the Lieutenant Governor serves as an appointed member to the Governor's Commission on Homeland Security and Chairman of the Cyber Security Subcommittee. The Lieutenant Governor is the only elected official with specific duties and powers in two branches of state government: the executive and legislative branches. When the State Legislature convenes for its biennial sessions, the Lieutenant Governor serves as the President of the Senate. Although the Lieutenant Governor is the Senate's presiding officer, he is not a member and cannot vote on any question or legislative measure except to break a tie. Additionally, the Lieutenant Governor can pursue up to three legislative initiatives during regular sessions. Constitutional Authority: Article 5, Section 17 and 18; Statutory Authority: NRS 224.

BASE

This request continues funding for five employees and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

PROGRAM DESCRIPTION

The federal Uniform Criminal Extradition Act requires governors of each state to return any person charged in another state with treason, a felony, or any other crime, and who has fled from justice and is subsequently apprehended in a state in which the crime was not committed. The Interstate Agreement on detainers covers inmates who are imprisoned in another state penal institution and wanted by the demanding state to stand trial on criminal charges. The Extradition Coordinator, who also serves as Nevada's Agreement Administrator, is responsible for ensuring the ends of justice are promoted by effectuating the return and/or temporary transfer of fugitives who have taken asylum in this state to the requesting states; effectuating the return and/or temporary transfer to Nevada of fugitives who have taken asylum in other states within the statutorily prescribed methods, procedures and time limits; recovering the monetary costs to which the state is entitled by virtue of this undertaking; and providing high quality continuing legal education on all aspects of extradition and detainer laws. Statutory Authority: NRS Chapters 178 and 179.

BASE

This request continues funding for two positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

AG - SPECIAL LITIGATION FUND

101-1031

PROGRAM DESCRIPTION

The Attorney General Special Litigation Fund was established to pay expenses directly related to investigation, preparation, prosecution, and defense of suits unknown at the time of budget preparation. Certain expenses are reimbursable by other state or county agencies. The Nuclear Waste Litigation Category covers any costs of litigation against the United States. The General Fund supports the General Litigation Category and the state portion of Nuclear Waste litigation. Statutory Authority: NRS Chapter 228.

The Litigation Division, directed by the Solicitor General, is responsible for managing all of the litigation in the Office of the Attorney General. The nature of litigation is such that the number, complexity, and cost of cases cannot be predicted. The Solicitor General monitors all litigation and discovery costs. This account pays for the depositions, independent medical examinations, expert testimony, and witness testimony required for a proper defense in many of these cases.

The Construction Law Counsel represents the Public Works Board. The Construction Law Counsel maintains a part-time office at the Public Works Board office and works closely with them to negotiate and administer contracts; develop regulations, policies and procedures; and coordinates with local government and state agencies. The Construction Law Counsel also works closely with staff to provide early intervention on potential disputes to promote early resolution where appropriate to avoid costly litigation.

BASE

This request continues funding for one position and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

AG - WORKERS' COMP FRAUD

101-1033

PROGRAM DESCRIPTION

The Workers' Compensation Fraud Unit (WCFU) is responsible for the investigation and prosecution of all workers' compensation fraud committed in the State of Nevada by employers, employees (claimants) or medical providers against companies providing insurance and any of Nevada's self-insured employers. The WCFU is also the sole government agency responsible for prosecuting any fraud committed in the administration of workers' compensation. Statutory Authority NRS Chapters 228 and 616D.

The Insurance Fraud Unit has the primary statutory responsibility to criminally prosecute those who make, or assist someone else in making, material misrepresentations on applications for insurance and/or submit false claims for benefits with private insurance companies. Statutory Authority NRS Chapters 228.412 and 686A.2815.

AG - CRIME PREVENTION

101-1036

PROGRAM DESCRIPTION

The mission of the Crime Prevention/Missing Children Unit is to assist in locating missing children and to protect children from exploitation. The unit operates as a center for public education of state and federal laws pertaining to missing, exploited, and victimized children. This unit provides assistance in judiciary education to law enforcement agencies. Statutory authority: NRS 432.150-220. This budget is supported by the General Fund appropriations and fees generated by the sale of the missing children license plates, and civil penalties received pursuant to NRS 217.260 & NRS 228.280.

BASE

This request continues funding for four positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

AG - MEDICAID FRAUD

101-1037

PROGRAM DESCRIPTION

The Medicaid Fraud Control Unit (MFCU) is responsible for investigating and prosecuting medical provider fraud in the Nevada Medicaid Program; neglect or abuse of patients in Medicaid-funded medical facilities; and misappropriation of patient trust funds at medical facilities receiving Medicaid funding. The MFCU jurisdiction was extended by act of Congress in 1999 to allow investigation of fraud in all federally-funded health care programs and to investigate resident abuse or neglect in non-Medicaid-funded board and care facilities. (42 U.S.C. 1396b(q)). In addition to criminal prosecutions, the MFCU may also seek civil monetary penalties as set forth in NRS 422.580. Statutory Authority: NRS Chapters 228 and 422.

BASE

This request continues funding for 19 positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

PROGRAM DESCRIPTION

This budget account was renamed in the state fiscal year 2017 - 2019 biennial budget from the Violence Against Women Grants to the Grant Unit. This budget account was created in state fiscal year 2006 for recording domestic violence grants. This account does primarily contain Violence Against Women Grants, however, the name change recognizes this budget account now records various different grants received by the Office of the Attorney General. Two Violence Against Women formula Grants are received annually, the STOP Violence Against Women Formula Grant and the Sex Assault Services Program Grant. In addition to these grants this office seeks supplemental awards to fund various projects for the Attorney General's office.

BASE

This request continues funding for six positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

AG - COUNCIL FOR PROSECUTING ATTORNEYS

101-1041

PROGRAM DESCRIPTION

The mission of the Advisory Council for Prosecuting Attorneys is to develop and implement a training program for prosecutors in the state; to coordinate the development of policies for conducting criminal and civil prosecutions; and to coordinate proposed legislation for submission to the Legislature. Statutory Authority: NRS 241A.010 to NRS 241A.090. In 2001, the Legislature enacted Assembly Bill 548, which authorizes the Advisory Council for Prosecuting Attorneys to be funded with administrative assessments. See NRS 176.059. In addition, the council is authorized to receive grant funding pursuant to NRS 241A.090.

BASE

This request continues funding for one position and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

AG - VICTIMS OF DOMESTIC VIOLENCE

101-1042

PROGRAM DESCRIPTION

The Victims of Domestic Violence budget encompasses programs relating to domestic violence, sexual assault, stalking, batterer treatment, and the Office of Ombudsman for Domestic Violence. The Domestic Violence Ombudsman, in conjunction with the Batterer's Certification Committee, is responsible for standardizing and overseeing the treatment of domestic violence offenders as well as assisting in the statewide coordination of domestic violence services and training.

The purpose of the Office of Ombudsman is to prepare reports relating to victims of domestic violence, provide necessary assistance to victims, and provide education to the public related to domestic violence, including prevention assistance available to victims and treatment available for persons who commit domestic violence. The Ombudsman administers the account for district court assessments collected as a result of domestic violence convictions. The district court assessment monies can be utilized to assist in training law enforcement, prosecutors, the judiciary, and the general public in the area of domestic violence. District court assessments also support the Committee on Domestic Violence activities and have been partially used in previous years to support the Ombudsman position itself.

The purpose of the Batterer's Certification Committee is to adopt regulations to evaluate, certify, and monitor programs that treat persons who commit domestic violence; review and evaluate existing domestic violence training programs provided to peace officers; and make recommendations to the Commission on Peace Officers' Standard and Training. Statutory Authority: NRS 228.440 and 228.470.

AG - FORFEITURE

101-1043

PROGRAM DESCRIPTION

The Attorney General Forfeiture budget account was created in state fiscal year 2016 to receive funding from the Department of Treasury Equitable Sharing Program. The funds are for any federal, state, or local law enforcement agency that directly participates in an investigation or prosecution that results in federal forfeitures. The participating agency may request an equitable share of the forfeitures net proceeds.

BASE

This request continues funding for ongoing programs. One-time expenditures have been eliminated and partial year costs have been annualized.

AG - ATTORNEY GENERAL TORT CLAIM FUND

715-1348

PROGRAM DESCRIPTION

The Tort Claim Fund is established to pay claims against the state, including those pursuant to NRS 41.0349 and 41.037. Typical claims include automobile accidents, injuries on the state's premises or highways, and damages claimed for violation of the civil rights of inmates incarcerated within the Nevada Department of Corrections, state employees, or the general population. The potential vehicle and general liability for the Tort Claim Fund for the biennium is calculated by an independent actuary every two years. The Tort Claim Fund is an internal service fund financed by assessments on state agencies based on the number of participating vehicles and positions. Statutory Authority: NRS 331.187.

BASE

This request continues funding for two positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

SECRETARY OF STATE'S OFFICE - The mission of the Office of the Secretary of State (SOS) is to effectively and efficiently serve the public by performing statutory duties to ensure the integrity of elections; facilitate business filings and compliance; regulate investment advisors / brokers dealers and protect consumers against securities fraud; preserve certain public records; appoint notaries public and enforce provisions governing the practices of notaries; register document preparation services and enforce provisions governing their registration and practice; administer and maintain registries for advance directives, domestic partnerships, and ministers; and promote public awareness and education in these and related areas.

Department Budget Highlights:

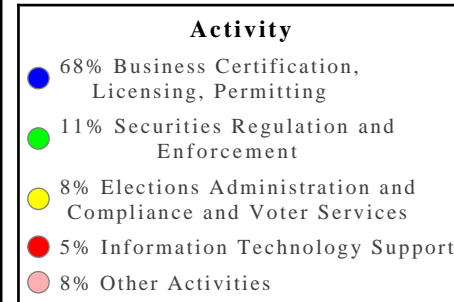

1. **Fund HAVA Program with General Fund** - Eliminates Help America Vote Act (HAVA) budget and moves all HAVA expenditures, including two positions, into the Secretary of State budget account and funds the staff and program efforts with General Fund appropriations, rather than federal monies, which have run out.
2. **Fund Securities Division with General Fund** - Appropriates \$409,600 over the biennium to support the Securities Division with General Fund rather than Securities fee revenue, as well as enhancing the amount for operating expenditures for the Securities Investigation and Enforcement program.
3. **Technology Investment Request eSOS** - Recommends General Fund appropriations of \$6.3 million over the biennium to continue work on the replacement of the eSOS system.
4. **Enhancements for Securities Division** - Provides \$40,215 in fiscal year 2018 and \$32,160 in fiscal year 2019, funded by General Fund appropriations, to increase Securities Division travel, provide uniforms, add one Fleet Services monthly assigned vehicle, and increase reimbursement for expert witnesses and forensic accountants.

SOS - HAVA ELECTION REFORM

101-1051

PROGRAM DESCRIPTION

NRS 293.442 created the Election Account, a special revenue fund administered by the Secretary of State to receive and disburse revenue collected under the Help America Vote Act (HAVA) of 2002, Public Law 107-252, and state appropriation of matching funds. All funds received pursuant to HAVA must be disbursed in accordance with applicable federal guidelines. This program provides for improving the administration of elections for federal office; educating voters concerning voting procedures, voting rights, and voting technology; improving, acquiring, leasing, modifying, or replacing voting systems and technology for casting and counting votes; establishing and maintaining the statewide voter registration list; provisional voting; and improving the accessibility and quantity of polling places, including providing physical access for individuals with disabilities, non-visual access for individuals with visual impairments, and assistance to Native American and individuals with limited proficiency in the English language.

BASE

This decision unit continues funding for two positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

TREASURER'S OFFICE - The State Treasurer's Office ensures the state's investments and debt obligations are managed prudently and in the best interest of the people of Nevada; administers the Governor Guinn Millennium Scholarship Program, Nevada Prepaid Tuition Program, the state's 529 College Savings Plan programs; and safeguards Nevada's Unclaimed Property.

Department Budget Highlights:

1. **Education Savings Account Program Positions** - Addition of four positions to implement the Education Savings Account (ESA) program, as well as using ESA fees to pay back previous IFC Contingency Account allocations and previous Statutory Contingency Fund payments to outside legal counsel for ESA litigation services.
2. **Continue Base College Kick Start Funding** - Recommends continuing the \$50 per child funding for each College Kick Start account for a total of \$2.2 million per fiscal year, which includes both the cost for the accounts as well as marketing costs.
3. **New Education Savings Account Budget** - Recommends establishment of an Education Savings Account (ESA) budget to house both the grants to students as well as administrative expenses for the program incurred by the Treasurer's Office.
4. **Reclaiming Unused College Kick Start Funding** - Recommends reclaiming \$4.4 million in unclaimed College Kick Start funding from accounts that were funded for kindergartners in fiscal years 2014 and 2015. Funds will be returned to the Endowment Account in fiscal year 2019 and reclaiming unused funding is planned to continue annually.

TREASURER - MUNICIPAL BOND BANK REVENUE

745-1086

PROGRAM DESCRIPTION

The Municipal Bond Bank, administered by the State Treasurer, was created by the 1981 Legislature for support of certain municipal projects through a bond bank. The Bond Bank allows the state to sell its general obligation bonds to provide funds to purchase local bonds. The state's higher bond rating saves local entities substantial amounts of interest payments. Statutory Authority: NRS 350A.140

BASE

This request continues funding for ongoing programs. One-time expenditures have been eliminated and partial year costs have been annualized.

TREASURER - EDUCATION SAVINGS ACCOUNTS

101-1097

PROGRAM DESCRIPTION

Pursuant to Senate Bill 302 of the 2015 Legislature, the Treasurer's Office is authorized to implement the Education Savings Accounts Program (ESA). The Treasurer's Office may deduct not more than three percent of the ESA grants to fund the administration of the program. This budget account houses both the ESA grants to families as well as the Treasurer's Office's operating costs of the program.

ENHANCEMENT

E227 EFFICIENT AND RESPONSIVE STATE GOVERNMENT

This decision unit funds four new state positions to support the Education Savings Account (ESA) Program, as well as paybacks of the IFC Contingency allocations previously made and Statutory Contingency Fund payments previously made to outside legal counsel for ESA matters.

TREASURER - COLLEGE SAVINGS TRUST - The 529 College Savings Division administers two types of qualified 529 plans: the Nevada Prepaid Tuition program and the Nevada 529 College Savings Plans program, as authorized by 26 U.S.C. section 529. The programs are designed to assist parents and students in taking advantage of the Internal Revenue Service 529 College Savings Plans, which offer savings and tax advantages to account holders.

Division Budget Highlights:

1. **Continue Base College Kick Start Funding** - Recommends continuing the \$50 per child funding for each College Kick Start account for a total of \$2.2 million per fiscal year, which includes both the cost for the accounts as well as marketing costs.

2. **Reclaiming Unused College Kick Start Funding** - Recommends reclaiming \$4.4 million in unclaimed College Kick Start funding from accounts that were funded for kindergartners in fiscal years 2014 and 2015. Funds will be returned to the Endowment Account in fiscal year 2019 and reclaiming unused funding is planned to continue annually.

Activity: Research, Research Management and Public Outreach

Working with the College Savings Board, the Treasurer, as chairperson, is responsible for creating an awareness campaign for the Nevada College Savings Plans to Nevada families, as well as nationally. The goal is to provide Nevada families with greater information about the various opportunities to save for college.

CONTROLLER - CONTROLLER'S OFFICE

101-1130

PROGRAM DESCRIPTION

The State Controller is the Chief Fiscal Officer of the state and one of six constitutional officers elected to a four-year term. The office administers the state accounting system to permit fair, accurate, and consistent financial reporting in accordance with Generally Accepted Accounting Principles and provides agencies with current and historic financial information to facilitate their decision-making process. The office pays claims against the state; ensures compliance with state, fiscal, and federal revenue laws; and administers the state's debt collection program. Constitutional Authority: Article 5, Section 19.

BASE

This request continues funding for 43 positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

LEGISLATIVE BRANCH - The Legislature enacts the State's laws and also creates the machinery for carrying out those enactments. In establishing departments, boards, commissions, and bureaus, the Legislature defines the scope of their powers and the extent of their responsibilities. Through the enactment of laws, the Legislature also approves the budgets that grant or deny state agencies the authority to hire employees and expend public funds.

Department Budget Highlights:

- Position Upgrades** - As submitted by the Legislative Commission, the Governor's Executive Budget includes funding for position upgrades to ensure compensation for positions is commensurate with duties assigned and to ensure that compensation is competitive with other public and non-public employers.

LEG - LEGISLATIVE COUNSEL BUREAU - The Legislative Counsel Bureau is the non-partisan, central staff for the Legislature. The bureau consists of the Legislative Commission, an Interim Finance Committee, a director, and five divisions (Administrative, Audit, Fiscal Analysis, Legal, and Research). The divisions are made up of professional staff who provide a variety of services to legislators and the public. The design of the bureau is intended to limit political pressure on its employees. Employees are required to maintain neutrality and to not participate in partisan activities or groups.

Division Budget Highlights:

1. **Position Upgrades** - As submitted by the Legislative Commission, the Governor's Executive Budget includes funding for position upgrades to ensure compensation for positions is commensurate with duties assigned and to ensure that compensation is competitive with other public and non-public employers.
2. **New Software** - As submitted by the Legislative Commission, the Governor's Executive Budget includes funding for new Data Analytics and Geographic Information Systems software to assist Legislative Auditors in conducting their audits and new Adobe Creative Cloud licenses for the Research Division.
3. **Other Enhancements** - As submitted by the Legislative Commission, the Governor's Executive Budget includes funding for staff training, replacement furnishings and equipment for LCB staff and enhanced travel funds for the Nevada Interim Legislature.

LEG - PRINTING OFFICE

741-1330

PROGRAM DESCRIPTION

Nevada State Printing Office provides mission-critical and other offset and digital printing, copying, and related services to all three branches of state government and other government entities in a timely and cost-efficient manner. All work is done on a fee basis and these fees are intended to recover the State Printing Office's costs, and to allow replacement of equipment as needed. Examples of mission-critical material would be decisions of the Supreme Court; tax bills for the Department of Taxation; bills, histories, and journals for the Legislature; and sample ballots for the counties. The State Printing Office also produces all the forms, business cards, letterhead, envelopes, training material, and reports needed to make government function. Statutory Authority: NRS 344.021.

SUPREME COURT

101-1494

PROGRAM DESCRIPTION

Article 6 of the Nevada Constitution provides that the Nevada Supreme Court shall administer the Nevada Judicial System; has exclusive jurisdiction to hear appeals for all civil and criminal cases from District Courts; has the power to issue Writs of Mandamus, Certiorari, Prohibition, Quo Warranto and Habeas Corpus; shall proscribe the rules and requirements for the licensure of lawyers and impose discipline as appropriate; and shall hear all appeals from the Judicial Discipline Commission for the discipline of judges. The Nevada Supreme Court is funded primarily through administrative assessments collected pursuant to NRS 176.059, and through a General Fund appropriation.

BASE

This request continues funding for 80.53 positions and associated operating costs, including the operating costs of 7 justices. One-time expenditures have been eliminated and partial year costs have been annualized.

COURT OF APPEALS

101-1489

PROGRAM DESCRIPTION

In November 2014, Nevada voters approved the creation of the Court of Appeals by allowing an amendment to Article 6 of the Nevada Constitution. Comprised of three judges, the Court of Appeals hears categories of cases assigned to it by Supreme Court Rule.

BASE

This request continues funding for 19 positions and associated operating costs, including the operating costs of 3 judges. One-time expenditures have been eliminated and partial year costs have been annualized.

JUDICIAL SELECTION

101-1498

PROGRAM DESCRIPTION

Article 6, Section 20, of the Nevada Constitution created the Commission on Judicial Selection. The commission's role is to select three nominees for any Supreme Court justice, Court of Appeals judge, or district judge vacancy that might occur before the expiration of any term of office. The commission's workload depends on the number of mid-term vacancies that occur out of the ninety-two judicial elected officials seats and the number of applicants per vacancy. This budget funds the costs associated with the commission and the judicial selection process through a General Fund appropriation. See NRS 1.380 through 1.410.

BASE

This request funds the costs of two judicial selection processes in each year of the biennium.

SENIOR JUSTICE & SENIOR JUDGE PROGRAM

101-1496

PROGRAM DESCRIPTION

Article 6, Section 19, of the Nevada Constitution authorizes the Chief Justice to recall to active service any justice or judge who consents to such a recall and who has not been removed for cause or defeated for retention in office. Former judges are recalled to expedite judicial business, assist in districts with congested calendars, and act for those who are disqualified or unable to perform. This budget compensates the "senior justices and senior judges" that are recalled and assigned temporary duty. The assignment of former judges is a cost-effective method for state and county governments to avoid the costs of funding full-time judicial positions and from having to provide additional courtroom facilities and staff. This program is funded primarily through a General Fund appropriation and administrative assessment revenue collected pursuant to NRS 176.059.

BASE

This request continues funding primarily for coverage of district courts when judges are unavailable for a myriad of reasons, and continues funding for senior judges to participate in other matters such as settlements and specialty courts.

LAW LIBRARY

101-2889

PROGRAM DESCRIPTION

The Supreme Court Law Library serves as a comprehensive, current, and archival legal research facility for the Supreme Court while also providing legal research services to the Office of the Attorney General, the Legislature, other state and local governmental agencies, the state bar and the public. It is the collection of last resort for legal materials in the state. Its web site provides pro se information and forms. The budget is funded primarily through a General Fund appropriation. Statutory authority: NRS 2.410 through NRS 2.490.

BASE

This request continues funding for 6 positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

JUDICIAL PROGRAMS AND SERVICES DIVISION

101-1484

PROGRAM DESCRIPTION

The Judicial Programs and Services Division manages programs and projects to assist trial courts in providing access to justice throughout the Nevada judiciary. The primary functions of the division include: administering the Court Interpreters Program for certification of court interpreters (NRS 1.500-1.560, NRS 50.054); assisting rural courts with requests related to forms, grants, security assessments/risks, etc.; tracking and monitoring felony bond forfeitures submitted to the state (NRS 178.508, NRS 178.512, NRS 178.514); administering the Uniform System for Judicial Records, which includes collecting, analyzing, and reporting statewide court and judicial statistics [NRS 1.360 (4, 8, 10), NRS 38.255]; and administering Federal Court Improvement Program grants. The budget is funded primarily from a General Fund appropriation.

BASE

This request continues funding for 10 positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

UNIFORM SYSTEM OF JUDICIAL RECORDS

101-1486

PROGRAM DESCRIPTION

The Uniform Systems of Judicial Records (USJR) standardizes, advances, and supports technology in all seventy-nine trial courts throughout the state. USJR staff work directly with local, state and federal criminal justice agencies and courts to provide technological solutions to manage judicial caseloads and records, and to improve and address statistical reporting requirements. Major projects include the Nevada Court System (a centralized case management system that distributes case information to multiple courts via secured wide area networks), and the Multi-County Integrated Justice Information System (a secured data exchange system interfacing various criminal justice agencies, such as law enforcement, prosecuting offices, Public Safety, and the courts). The budget is funded primarily from administrative assessments collected pursuant to NRS 176.059.

BASE

This request continues funding for 11 positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

JUDICIAL EDUCATION

101-1487

PROGRAM DESCRIPTION

Judicial Education provides for the continuing education of district court judges, justices of the peace, and municipal court judges pursuant to NRS 3.027, 4.035, and 5.025, respectively, and Supreme Court Order. Judicial Education also may provide for the continuing education of quasi-judicial officers such as masters, and for trial court personnel if funding permits. The budget is funded from administrative assessments collected pursuant to NRS 176.059.

BASE

This request continues funding for 4 positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

SPECIALTY COURT

101-1495

PROGRAM DESCRIPTION

Specialty Courts are judicial problem-solving processes designed to address the root causes that contribute to criminal involvement. Specialty Courts facilitate testing, treatment, and oversight of certain persons over whom the court has jurisdiction and whom the court determines suffers from a mental illness or abuses alcohol or drugs. This includes, without limitation, Specialty Courts established pursuant to NRS 176A.250, 176A.280, 484C.340 and 453.580. A Specialty Court Funding Committee comprised of justices and general and limited jurisdiction judges authorize distribution of funds to Specialty Courts. The budget is funded from administrative assessment revenue collected pursuant to NRS 176.0613, administrative assessment revenue collected pursuant to NRS 176.059, and ten percent of bail forfeitures collected pursuant to NRS 178.518.

BASE

This request continues funding for Specialty Court programs at reduced levels due to the continued decline in the various revenue sources that fund these programs.

JUDICIAL SUPPORT, GOVERNANCE AND SPECIAL EVENTS

101-1493

PROGRAM DESCRIPTION

The Judicial Support, Governance and Special Events budget funds the travel costs of district court judges in relation to their judicial duties and assignments; and other expenses associated with governing the judiciary deemed reasonable and necessary by the Supreme Court pursuant to Supreme Court Rule 48.1.

BASE

This request continues funding costs in support of the Nevada judiciary such as routine business travel of district judges, judicial committees and commissions, and trial court improvements in the form of grants. One-time expenditures have been eliminated and partial year costs have been annualized.

JUDICIAL DISCIPLINE

101-1497

PROGRAM DESCRIPTION

The Nevada Commission on Judicial Discipline ("Commission") was created by constitutional amendment on November 2, 1976, and charged with the responsibility of investigating allegations of misconduct, violations of the code of judicial conduct, or disability of judges. The seven-member Commission receives and investigates complaints against full-time and part-time judges, judicial officers and aspirants to judicial office. For a time, the Commission's proceedings were governed by administrative and procedural rules of the Nevada Supreme Court. However, on February 21, 2003, the Nevada Supreme Court repealed Part VII of its rules and the Commission has since adopted its own procedural rules to govern its proceedings. Statutory Authority: Nevada Constitution, Art. 6, Section 21.

The Standing Committee on Judicial Ethics ("Standing Committee") was created in 1998 by Supreme Court Rule to resolve ethical disputes arising in the course of campaigns for judicial office. It also provides judges and aspirants to judicial office advisory opinions regarding ethical matters that may arise in the ordinary course of judicial service or in the elective or appointment process. In 2011, the Nevada Supreme Court repealed a section of the rule and eliminated the need for the Standing Committee to resolve ethical disputes arising in the course of campaigns for judicial office. The Standing Committee continues to consider opinion requests regarding ethical matters that may arise in the ordinary course of judicial service, or in the elective or appointment process. The Standing Committee also assists the Nevada Supreme Court by studying and recommending additions to, amendments to, or repeal of provisions of the Revised Nevada Code of Judicial Conduct or other laws governing the conduct of judges and judicial candidates. Statutory Authority: NRS 1.425 to 1.4695, inclusive. Rule Authority: Nevada Supreme Court's Inherent Power to Make Rules.

BASE

ADMIN - EMPLOYEE BENEFITS DIVISION - This division recognizes the fiduciary responsibility of the Public Employees Benefits Program and promotes wellness, transparency, ease of use, communications and integration of Employee Benefit programs centered around the people we serve.

Division Budget Highlights:

1. **Comprehensive Employee/Retiree Benefit Program** - This budget offers state and non-state (local jurisdiction) employees, retirees, and their dependents access to group health, life, and short-term/long-term disability insurance as well as various voluntary products.
2. **Employee/Retiree Health Plan Choice** - This budget continues to provide multiple health plan offerings across the state, to include a Consumer Driven Health Plan (PPO Plan), two regional Health Maintenance Organization (HMO) Plans and access to a nationwide Medicare Exchange. All plans provide consistent benefits across the state.
3. **Continuation of Enhanced Benefits** - The Board approved the continuation of lowered deductibles, increased coinsurance, increased dental coverage, annual vision exams and various cost containment strategies for the Consumer Driven Health Plan funded by excess reserves.

PROGRAM DESCRIPTION

The Nevada Public Employees Deferred Compensation Program (NDC), a voluntary tax-deferred supplemental state retirement plan (IRC 457(b)), provides participants and their beneficiaries with a reasonable supplement to their Nevada Public Employees Retirement System Pension, Social Security and any other retirement savings. The program operates solely in the interest of plan participants and beneficiaries. The NDC Committee, appointed by the Governor pursuant to NRS 287.325, oversees the program and strives to provide quality investment options at minimal costs while maintaining high standards of customer service. The Nevada Deferred Compensation Program Coordinator and staff monitor the program contractors; communicate and educate qualified employees on the importance of supplemental savings through seminars, newsletters and other educational efforts; and administer the program in accordance with established state and federal guidelines. All program expenses are paid from revenue sharing or other established fee arrangements adopted and directed by the NDC Committee and implemented through the program's contracted record-keeper.

ADMINISTRATION - IT - OFFICE OF CIO

721-1373

PROGRAM DESCRIPTION

The Enterprise Information Technology Division (EITS), Office of the Chief Information Officer (CIO) provides services to coordinate efficient, effective and secure use of information, ensuring the economical use of information systems and personnel. The division provides cost effective enterprise-wide information technology solutions and assists state agencies and governing bodies by providing technical information and guidance. The Administrator of EITS is appointed by the Director of the Department of Administration and may also serve as the State Chief Information Officer if so appointed by the Governor. The Office of the CIO oversees EITS operational units. The CIO/Administrator of EITS is on the Attorney General's Technological Crime Advisory Board (NRS 205A.040); Nevada Commission on Homeland Security's Cyber Security Committee; Nevada Public Safety Communications Committee (NPSCC); Nevada Commission on Educational Technology (NRS 388.790-805), ex-officio/non-voting; and Nevada Broadband Task Force (representing EITS by Executive Order). Statutory Authority: NRS 242.

PROGRAM DESCRIPTION

The Data Communications and Network Engineering Unit is one of three budget accounts in the Communications Division. This unit is responsible for all tasks related to developing, operating, and maintaining statewide data, VOIP, and video-communications infrastructure. Most of this effort is focused on the Wide Area Network (WAN) termed SilverNet and maintaining "connectivity with the outside world" such as internet access for the state and dedicated purpose circuits (e.g., federal program connections). Staff tasks include installing and troubleshooting data circuits; installing, operating and maintaining routers, wireless bridges, firewalls, event logging, and data switches that tie the circuits together; and engineering, analyzing, and troubleshooting the complex WAN itself. Staff supports over 8,500 network nodes representing personal computers, non-intelligent workstations, servers, and network devices (routers, firewalls and switches) in more than 150 locations throughout the state. Customers include all Executive Branch agencies, Constitutional Offices, the Judicial Branch, and to a limited extent, the Legislative Branch. Statutory Authority: NRS 242.

BASE

This request continues funding for 16 positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

PROGRAM DESCRIPTION

The Telecommunications Unit is one of three budget accounts in the Communications Division. This unit is responsible for developing, administering, and maintaining telecommunication services, primarily voice transport, and telephone equipment. This includes a statewide telephone network that integrates VOIP switches into SilverNet as well as commercial telephone service. Staff tasks include operation and maintenance of KEY systems; agency consultation, analysis, basic design to meet their telecommunication needs; including call centers, building wiring design; development, negotiation, and implementation of contract telecommunication services, long distance service, local exchange service, vendor services. Specific services provided include state phone lines and voice mail; long distance; 800-type toll free service; voice system administration; conference calls and PBX network access. Statutory Authority: NRS 242.

BASE

This request continues funding for nine positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

ADMINISTRATION - IT - NETWORK TRANSPORT SERVICES

721-1388

PROGRAM DESCRIPTION

The Network Transport Services Unit is one of three budget accounts in the Communications Division. This unit, through a combination of microwave, fiber optics, and other wireless technologies, provides transport of communications circuits for federal, state, and local government public safety entities, many of which are responsible for public safety. Network Transport Services also provides large transport circuits for data communications and PBX/VOIP services to other communications units within Enterprise IT Services, such as SilverNet and PBX/VOIP telecommunications, thereby indirectly supporting nearly every state agency. Staff tasks include design and development of backbone communication infrastructure; installation, operation and 24/7 maintenance of microwave and fiber optic communication equipment; troubleshooting complex transport system problems; and maintaining and developing remote communication sites and facilities. Staff is directly responsible for microwave circuits and transport equipment at state sites that carry public safety traffic over 1.5 million secure circuit miles. Network Transport Services communication sites also host other agency communications equipment and antennas on its towers, providing commercial and emergency backup power for their equipment. Statutory Authority: NRS 242 & NRS 233F.

PROGRAM DESCRIPTION

The Office of Information Security (OIS) establishes and maintains the enterprise vision, strategy, and program to ensure information assets and technology are adequately protected. As part of the ongoing service delivery, OIS provides leadership and oversight of a comprehensive state information security program which includes continuous monitoring, vulnerability scanning, focus assessments, security incident response coordination and other operational security services for the Executive Branch of the State Of Nevada. The Office of Information Security Staff identifies, develops, implements and maintains Nevada's processes across the state enterprise to reduce information technology risk. The Chief Information Security Officer (CISO) responds to incidents, establishes appropriate standards and controls, manages security technologies, and directs the establishment and implementation of policies and procedures. The CISO is appointed by the Administrator of the Division of Enterprise Information Technology Services of the Department of Administration, chairs the State Information Security Committee, and is on the Nevada Commission on Homeland Security's Cyber Security Committee and Nevada Homeland Security Working Group. Statutory authority: NRS 242.

BASE

ADMIN - FLEET SERVICES DIVISION - The mission of the Fleet Services Division is to provide safe, efficient, environmentally friendly, and cost-effective transportation solutions to state employees.

Division Budget Highlights:

1. **Vehicle Replacements** - Fleet Services is funding the replacement of vehicles to continue providing quality, safe vehicles to state agency customers. Due to consistent professional maintenance, Fleet Services is able to reduce their normal replacement of vehicles by 33%.
2. **New Position** - The Fleet Services customer base is growing in Southern Nevada. As a result one new Fleet Service Worker is being added to the Las Vegas facility.
3. **New Southern Nevada Facility** - Due to the continued growth in Southern Nevada, Fleet Services is planning construction of a new facility at the Grant Sawyer site to provide expanded area coverage of fleet services to Las Vegas based state agencies.

PROGRAM DESCRIPTION

The vehicle purchase account serves as a holding account for the accumulation of funds realized from vehicle sales, insurance recoveries from vehicles totaled in accidents, depreciation allowances for fleet replacement, and appropriations used to purchase additional vehicles for agencies' use. Funds for depreciation expense in the division's operating budget, which is budget account 1354, are then transferred to the Capital Purchase account, budget account 1356, as revenue. Statutory Authority: NRS 336.

BASE

This request continues funding of the current program. One-time expenditures have been eliminated and partial year costs have been annualized.

PROGRAM DESCRIPTION

The Victims of Crime Program (VOCP) provides financial assistance to qualified Nevada residents, U.S. citizens, or others entitled to reside in the U.S., who sustain injuries in a violent crime committed in Nevada. The VOCP pays hospital bills, medical and dental treatment, mental health counseling, lost wages, funeral costs, and other crime-related expenses. Program revenues are derived from fines and penalties imposed by the courts in criminal proceedings. Statutory Authority: NRS 217.010.

BASE

This request continues funding for seven positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

ADMINISTRATION - HRM - UNEMPLOYMENT COMPENSATION

101-1339

PROGRAM DESCRIPTION

The 1977 Session of the Nevada Legislature extended unemployment insurance protection to most public employees effective January 1, 1978. Payroll centers of those agencies within the payroll system of the Division of Human Resource Management participate along with elected and judicial officials. The Employment Security Division bills the account quarterly for actual benefits paid that are attributable to the eligible service time in participating agencies. Statutory Authority: NRS 612.

BASE

This request continues funding for the state's unemployment benefit obligations. One-time expenditures have been eliminated and partial year costs have been annualized.

ADMIN - NV ST LIBRARY, ARCHIVES AND PUBLIC RECORDS - The Nevada State Library and Archives (NSLA) provides comprehensive government information services to state and local government and Nevada citizens through relevant efficient library, archives and records management programs.

Division Budget Highlights:

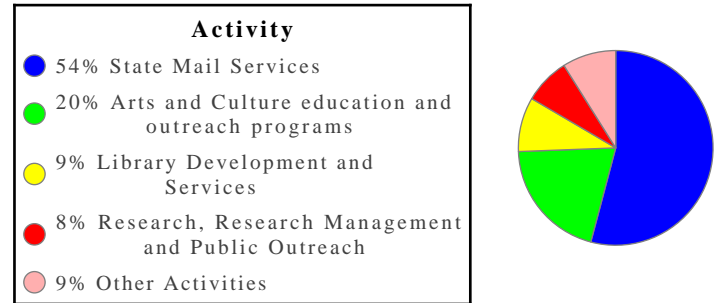

- 1. Publication Elimination and Subscription Reduction** - The Nevada State Library is efficiently reducing costs by eliminating printed publications that can be obtained online. This office is also reducing the subscription level of their World Book Encyclopedia subscription as similar services can also be obtained online at reduced or no cost.
- 2. Position Elimination** - The Nevada State Library, Archives and Records section is eliminating a Program Officer position and reducing non-required local government records retention services to provide efficiencies and cost savings.

ADMINISTRATION - NSLA - NEVADA STATE LIBRARY

101-2891

PROGRAM DESCRIPTION

The Nevada State Library, Archives and Public Records (NSLAPR) is the institutional memory of the state and is responsible for preserving and developing the state's most valuable assets: its heritage, the collective product of its people, resources, business endeavors and government. The State Library provides governments, agencies, businesses, libraries and citizens a full range of information services including: reference, research materials and support services; library planning and development; and services designed for citizens with disabilities. The State Library houses the State Data Center, which offers census information statewide. The library functions as a depository of US government documents. The library operates the State Publications Distribution Center, which distributes official state government documents electronically statewide to ensure Nevada citizens have free access to state government publications. The State Library develops state information policies to ensure equal access to government information is available in all formats. Library development services provide leadership, grants and other assistance to Nevada's libraries, archives and literacy communities to improve services for all Nevadans including general consulting; administering funds for improvement of library services; collaborating with local, state and federal agencies to develop and implement programs; and facilitating statewide planning efforts. The Nevada Talking Book Services provides direct library services statewide to individuals who qualify due to visual and/or physical impairments. Statutory Authority: NRS 378.010 through 378.210.

BASE

This request continues funding for 17 positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

PROGRAM DESCRIPTION

The State Archives and Records Management programs administer comprehensive, cost-effective programs for the creation, maintenance, retention, preservation and disposition of state government executive branch records. Archives and Records program staff offer technical support to the Nevada Supreme Court, Legislative Counsel Bureau, tribal and local governments and the Nevada System of Higher Education. The State Archives preserves and makes accessible records that document the history, organization and functions of Nevada state government; its influence and impact on the lives of its people; and protection of their civil rights. The Records Management program prepares records retention schedules, enabling all state agencies to reduce their record storage holdings and the related costs. This department also operates the State Records Center, providing high-capacity, low-cost, secure storage for over 53,000 cubic feet of inactive official state records. These records may be accessed on demand by state agencies as needed. In addition, the Imaging and Preservation Services (IPS), provides high-quality digital imaging and microfilm capture of essential government documents at significant savings to client agencies of state and local governments. The program ensures government documents are preserved in accordance with NRS 239.070, 378.255 and 378.280 and provides services for scanning, printing, and storage of large format maps and plans onto either microfiche or roll film. The program develops and duplicates film for state and local government agencies and District Courts. Statutory Authority: NRS 378.230 through 378.320.

PROGRAM DESCRIPTION

The Cooperative Libraries Automated Network (CLAN) is a cooperative regional network of various types of libraries and related agencies. The mission of this cooperative network is to develop and enhance library services and implement and achieve regional library service. The cooperative plans, develops, shares, operates and maintains services for the management of automated library functions for the benefit of the public. The office of the cooperative provides advanced library and technological services to 41 service locations throughout 16 or the 17 counties in Nevada. Statutory Authority: NRS 379.147-379.150 and NRS 277.080-277.180.

BASE

This request continues funding for two positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

ADMIN - PURCHASING DIVISION - Nevada State Purchasing Division's mission is to obtain services and supplies on behalf of state agencies and local governments in a timely and cost-effective manner.

Division Budget Highlights:

1. **E-Procurement System** - The Purchasing Division is fully automating the procurement of products and services with the addition of an e-procurement system which will provide statewide efficiencies for all state agencies and vendors.
2. **Position Changes** - The Purchasing Division is restructuring positions to better protect its customers by eliminating an Administrative Services Officer position and adding a General Counsel position to provide legal oversight on the state solicitation and contracting process.
3. **Preferred Purchase Program** - In an effort to consolidate purchasing efforts, the Preferred Purchase Program is being transferred from the Department of Employment, Training and Rehabilitation to the State Purchasing Division.

ADMIN - RISK MANAGEMENT DIVISION - The mission of the Risk Management Division is to preserve and protect state property and personnel. This is achieved by integrating agency programs that systematically identify and analyze exposures to risk, selecting and implementing appropriate risk control strategies, financing anticipated or incurred losses, and regular monitoring for continual improvement and enhancement.

Division Budget Highlights:

1. **Risk Management** - The Governor's Recommended budget contains no significant changes to Risk Management.

Activity: Regulation, Regulatory Compliance and Regulatory Supervision

The property/casualty program provides a reduction of the financial impact as a result of property, automobile and liability losses to state agencies. The workers' compensation program provides benefits to all state employees and volunteers. The division provides safety training with the goal to reduce on the job injuries.

ADMIN - STATE PUBLIC WORKS DIVISION - The State Public Works Division (SPWD) efficiently and effectively plans and manages capital improvements, maintenance services for state-owned facilities, and provides leasing services for state agencies, including Boards and Commissions residing in non-state-owned facilities. As the state's building official, the SPWD regulates all construction on state lands in order to safeguard public health, safety, and welfare. The division also provides a reliable Marlette Lake water delivery system and maintains all associated infrastructure.

Division Budget Highlights:

- 1. Major Building Maintenance and Renovations** - The SPWD budget includes major maintenance and building renovation projects for multiple state-owned facilities to ensure state buildings are safe and provide readily available, safe and usable space for state agency and the general public.

ADMINISTRATION - SPWD - FACILITY COND & ANALYSIS

101-1560

PROGRAM DESCRIPTION

The State Public Works Division's (SPWD) Facility and Condition Analysis Unit is responsible for inspecting and evaluating the short and long-term facilities maintenance needs for all state-owned buildings. The Unit performs physical inspections of all state buildings to identify and quantify the potential short and long-term fiscal obligation and projected inventories of deferred maintenance. Staff attempts to inspect and evaluate every state building on a three-year cycle and works with state agencies to identify, evaluate, and document immediate facility condition issues and/or concerns. Staff generates Facilities Condition Analysis reports, estimate cost of repairs, make recommendations as to the priority and urgency of the facilities' maintenance needs and makes that information available to state agency directors, the Division Administrator, the Legislature, and the Budget Office. Statutory Authority: NRS 338, 341, 393 and 444.

ADMINISTRATION - SPWD - BUILDINGS & GROUNDS

710-1349

PROGRAM DESCRIPTION

The Buildings and Grounds section of the State Public Works Division (SPWD) provides physical building and grounds maintenance and housekeeping for most state-owned buildings in Carson City, Reno and Las Vegas. Services are provided by agency staff and contracted vendors ranging from general janitorial and maintenance to minor remodeling. The agency also provides office space for agencies in state-owned buildings and when not available, locates and negotiates leases in privately owned buildings. Additionally, the agency provides administrative oversight of the Marlette Lake Water System. The division also funds the Capitol Police section of the Department of Public Safety, which provides building security for the Capitol Complex in Carson City and the Grant Sawyer Building in Las Vegas. Statutory Authority: NRS 331.

BASE

This request continues funding for 61 positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

ADMINISTRATION - SPWD - MARLETTE LAKE

712-1366

PROGRAM DESCRIPTION

The Marlette Lake Water System was authorized for purchase by the 1963 Legislature from the Curtiss-Wright Corporation at a cost of \$1,650,000. The State Public Works Division of the Department of Administration administers the system. The adjoining lands are administered and controlled by the Department of Conservation and Natural Resources. The major objectives of this system are to preserve and protect local water sources, provide adequate supplies of water to the areas served, maintain the system in a condition sufficient to ensure dependable supplies of water to water customers, and sell water under equitable and fiscally sound contractual arrangements. This system is funded from water sales to Carson City and Storey County. Statutory Authority: NRS 331.160.

BASE

This request continues funding for three positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

DEPARTMENT OF TAXATION

101-2361

PROGRAM DESCRIPTION

The Department of Taxation is responsible for providing fair, efficient, and effective administration of the tax programs in accordance with applicable statutes, regulations and policies, and serves taxpayers, and state and local government entities. The department administers and collects taxes for distribution to the state General Fund, other state agencies and to local government entities. The department collects and distributes all sales and use taxes, the modified business tax, the estate tax, the net proceeds of mines tax, the commerce tax, and the property tax on interstate and inter-county companies. It also collects excise taxes and fees on liquor, cigarettes, other tobacco products, tires, short-term lessor, live entertainment, banks, lodging, insurance premiums, medical marijuana and distributes the real property transfer tax received from county recorder collections to the state general fund and local governments.

In addition, the department is responsible for appraising property of an interstate or inter-county nature as well as mining property. It also establishes guidelines for county assessors, recorders, and treasurers; monitors appraisal and assessment performance through ratio studies and performance appraisals of county officials; and ensures statewide compliance with assessment standards established by the Tax Commission. The department reviews local government budgets and audits, prepares the ad valorem tax rates for certification, and advises local governments on budget act compliance and financial management matters. Additionally, the department provides annual population estimates for the state, its counties and incorporated cities.

The department serves as staff to several State Boards and Commissions including the Nevada Tax Commission. The Nevada Tax Commission, as head of the department, adjudicates contested cases, adopts regulations and ensures the fair and equitable treatment of taxpayers across tax types. The department also serves as staff for the State Board of Equalization, which hears and determines property tax appeals and equalizes property tax values. In addition, the department serves as staff to the Committee on Local Government Finance, which provides financial accounting standards for local governments and oversight to financially troubled local government entities.

The department also serves as staff to the Mining Oversight and Accountability Commission, which ensures various state agencies maintain compliance over environmental, mine safety and training, and taxation issues related to the mining industry; and to the Appraiser Certification Board, which ensures all property tax appraisers in the state are certified and maintain continuing education requirements.

TAXATION - MARIJUANA REGULATION AND CONTROL ACCT

101-4207

PROGRAM DESCRIPTION

The Department of Taxation is responsible for administering the Regulation and Taxation of Marijuana Act ("the Act"), which was passed by Nevada Voters on November 8, 2016. The Act legalizes the possession and retail sale of marijuana, up to one ounce for adults 21 years and older. It also assigns responsibility to the Department of Taxation for establishing licensing qualifications and procedures, as well as the regulation of marijuana establishments such as cultivation, testing, product manufacturing facilities, distributors and retailers. The new law imposes a 15% excise tax on marijuana wholesale sales.

ENHANCEMENT

NDE - DISTRIBUTIVE SCHOOL ACCOUNT

101-2610

PROGRAM DESCRIPTION

The Distributive School Account (DSA) provides direct state financial aid to school districts and charter schools for K-12 public education in Nevada. The funding formula, identified by NRS 387.121 as the "Nevada Plan," provides school districts a guaranteed dollar amount of basic state support per student plus additional funds for categorical programs such as special education, class-size reduction, and reimbursement of certain student transportation costs. School districts and charter schools receive either monthly or quarterly apportionments from the DSA on the basis of student enrollment. Each school district is guaranteed a specific amount per student, which is developed through a formula that considers the demographic, economic, and wealth characteristics of the district. Allotments of licensed employees and related costs are determined from tables that recognize the differences in costs between rural and urban school districts as well as small and large districts. Transportation costs are incorporated into the allocation process.

For purposes of calculating basic support, enrollment includes students enrolled in grades kindergarten through twelve, and students in ungraded special education classes and six-tenths of the count of students enrolled in preschool programs for children with special needs. Special education is funded on an amount-per-unit basis as established by each session of the Legislature.

Pursuant to NRS 387.1233, school districts and charter schools are partially protected from decreases in enrollment through a one-year "hold harmless" statutory provision, which guarantees a payment based on the highest enrollment in the current or prior year unless the decrease is greater than 5%, in which case the payment guarantee is based on the higher of the prior two years' enrollment.

The DSA is funded by a General Fund appropriation, sales taxes on out-of-state sales, income from federal mineral land leases, interest from the Permanent School Fund, and a portion of the state taxes on slot machines. In addition to the state funds received by the school districts through the DSA, the school districts receive the 2.60% local school support sales tax that is part of the DSA guarantee; the abated \$0.75 per \$100 of assessed valuation property/mining tax, one-third of which is part of the DSA guarantee; governmental services taxes; franchise taxes; and various other local and federal revenues. Statutory Authority: NRS Chapter 387.

BASE

This request supports the ongoing programs in the Distributive School Account, such as the basic support for public schools, class size reduction and special education.

PROGRAM DESCRIPTION

This budget is designed to accommodate small grants and/or programs funded by the state, other entities or individuals specifically for pass-through to school districts and/or charter schools. In addition, the budget account contains a majority of the special or categorical appropriations received through the Legislative process for pass-through to school districts and charter schools.

BASE

This request continues funding for ongoing programs. One-time expenditures have been eliminated and partial year costs have been annualized.

**NDE - CONTINGENCY ACCOUNT FOR SPECIAL ED SERVICES
101-2615**

PROGRAM DESCRIPTION

The Contingency Account for Special Education Services allows the state to reimburse school districts and charters schools for extraordinary program expenses and related services which are not ordinarily present in the typical special education service and delivery system at a public school, are associated with the implementation of an individualized education program of a pupil with significant disabilities and the costs of which exceed the total funding available to the school district or charter for the pupil.

BASE

This request continues funding for ongoing programs. One-time expenditures have been eliminated and partial year costs have been annualized.

NDE - TEACH NEVADA SCHOLARSHIP PROGRAM

101-2718

PROGRAM DESCRIPTION

The Teach Nevada Scholarship program was created in the 2015 Legislative Session through Senate Bill 511. The purpose of the program is to provide grants to universities, colleges and providers of alternative licensure programs to award scholarship to students entering teaching programs. Scholarships may be awarded to a recipient in an amount not to exceed \$3,000 per semester or \$24,000 in the aggregate. Programs that receive funds shall disburse 75% of the scholarship at the beginning of each semester and place the remaining 25% in a trust account for distribution to the recipient after teaching in a Nevada public school for five consecutive years.

BASE

This request continues funding for the Teach Nevada Scholarship Program.

**NDE - INCENTIVES FOR LICENSED EDUCATION PERSONNEL
101-2616**

PROGRAM DESCRIPTION

NRS 391.166 creates the Grant Fund for Incentives for Licensed Educational Personnel to be administered by the department. The Board of Trustees of each school district in Nevada is required to establish a program of incentive pay for licensed teachers, school psychologists, school librarians, school counselors, and administrators employed at the school level which are designed to attract and retain those employees.

This budget contains the funding for remaining provisions of the 1/5th retirement credit purchase program (previously NRS 391.165). Personnel participating in the 1/5th purchase program in fiscal year 2007 could elect to continue until they had received five 1/5th credit purchases at which time they would be eligible to participate in the incentive program mentioned above.

BASE

This request continues funding for ongoing programs. One-time expenditures have been eliminated and partial year costs have been annualized.

NDE - EDUCATOR EFFECTIVENESS

101-2612

PROGRAM DESCRIPTION

This budget account provides resources to support the certification of administrator and teacher preparation programs, professional development and high quality learning, development, implementation, monitoring, and support of a statewide performance evaluation system, known as the Nevada Educator Performance Framework (NEPF). Federal dollars support high quality teachers and leaders as defined by the Elementary and Secondary Education Act, while state dollars ensure that educator preparation programs and the associated evaluation system meet the requirements of state law. The Teachers and Leaders Council and Statewide Coordinating Council for Regional Training Programs and related task forces are included in this budget account. Authority: NRS 391.037 and 391.038, NRS 391.455, NRS 391.516, 20 USC 2701 et seq.

BASE

This request continues funding for five positions and associated operating costs. One-time expenditures and have been eliminated and partial year costs have been annualized.

**NDE - GEAR UP
101-2678**

PROGRAM DESCRIPTION

The GEAR UP grant is a collaborative effort of the Nevada Office of the Governor, Nevada State Treasurer, Nevada System of Higher Education, Nevada Department of Education, Wells Fargo Bank, AT&T, ACT, and other stakeholders including parents, students, educators, business and agency representatives. Nevada's vision is to change the culture of low achieving students who are economically disadvantaged so they are prepared academically and have the resources to attend and succeed in college. GEAR UP program resources support the following goals: improve academic achievement and increase high school proficiency exam scores; decrease high school dropout rate; increase high school graduation rate; and increase enrollment in college preparation coursework.

NDE - OFFICE OF EARLY LEARNING AND DEVELOPMENT
101-2709

PROGRAM DESCRIPTION

The focus of the Office of Early Learning and Development is to coordinate birth-3rd grade state level work to improve the access and quality of early childhood programs across a variety of settings. The office coordinates state level B-3 reform efforts which are part of a national initiative to transform how children ages 0 to 8 learn. The initiative focuses on building strong connections between learning experiences across these critical years. This approach necessitates that educational standards, curricula, assessment, instruction, and professional development are strongly aligned across programs starting in infancy through 3rd grade.

Authority: 42 USC 9801 et seq. and 9858, et seq., Executive Order #2013-16

NDE - CAREER AND TECHNICAL EDUCATION

101-2676

PROGRAM DESCRIPTION

The Department of Education administers career and technical education programs that meet the requirements of the Nevada State Plan for Career and Technical Education (CTE). The plan is based on the needs of students within the state and serves as the application for the federal funds authorized by the Carl D. Perkins Career and Technical Education Act of 2006. The primary mission of the federal program is to develop and improve CTE programs, focusing on high quality programs aligned to economic and workforce development priorities of the State.

Revenue received through the Carl D. Perkins Basic Grants to States has funding set-a-sides including 5% or \$250,000, whichever is greater, for state administration; 10% for statewide leadership; and 85% for basic grant aid to school districts, charter schools, and community colleges. Federal funds administration must be matched by state funds. In addition, the maintenance of effort provision requires the state to maintain funding at least at prior year levels. Authority: NRS 388.340(2a), 388.360(3) and the Carl D. Perkins Vocational and Technical Education Act of 1998, as amended.

NDE - CONTINUING EDUCATION

101-2680

PROGRAM DESCRIPTION

The Continuing Education account is funded through the federal Adult Education and Family Literacy Act. The purpose of the act is to provide adult basic education (ABE) and English as a Second Language (ESL) services in order to assist adults to become literate and obtain the knowledge and skills necessary for employment and self-sufficiency; to assist adults in the completion of secondary school education; and to assist adults who are parents to obtain the educational skills necessary to become full partners in the education of their children. Funds are granted to eligible educational and community-based organizations on a competitive basis to carry out the purpose of the act. Students enrolled in the programs must be over 18 years of age, must not have a high school diploma or its equivalent and must be withdrawn from high school and not required to be in a school. A federally required 25% match is partially met by state funding for instruction; the local instructional programs contribute the balance of the match. Authority: P.L. 105-220. Workforce Investment Act, Title II, Adult Education and Family Literacy Act; NRS 387.1233

NDE - ACCOUNT FOR ALTERNATIVE SCHOOLS

101-2672

PROGRAM DESCRIPTION

The Account for Alternative Schools is funded by a federal Charter School grant from the United States Department of Education for a new charter school program to increase the number of new high-quality charter school operations within Nevada. This program provides sub-grants to charter schools for projects related to the best practice dissemination; post-charter planning grants - provides charter schools with an express mission to serve students most at risk of not meeting the state's academic standards; implementation grants to provide to charter schools that meet the definition of high-quality and have a demonstrable record of high performance with students at greatest risk for not meeting academic standards.

BASE

This request continues funding for one position and associated operating costs. One-time expenditures and have been eliminated and partial year costs have been annualized.

STATE PUBLIC CHARTER SCHOOL AUTHORITY - The Nevada State Public Charter School Authority (SPCSA) sponsors high-quality charter schools based on state law and nationally recognized standards to serve as a model sponsor and ultimately improve student educational outcomes.

Department Budget Highlights:

- 1. Increased Authorization Responsibilities** - This budget includes four new positions to support increased Charter School authorization responsibilities related to academic framework accountability, transparency, and development which dedicates more resources towards authorizing quality charter schools and legal support.
- 2. Student Caseload Authorization** - Funding for student caseload growth is being implemented to align student driven services such as student information systems, student testing and emergency notifications based upon projected student population growth.

Activity: Quality Charter School Authorization

The SPCSA is designated as a statewide sponsor of quality charter schools. By fulfilling public school obligations and upholding a commitment to high quality, the agency can meet its goal of authorizing quality charter schools which can provide a quality public school of choice for every Nevada child.

PUBLIC CHARTER SCHOOL LOAN PROGRAM

101-2708

PROGRAM DESCRIPTION

The State Public Charter School Authority provides loans at or below market rate to charter schools for the costs incurred in preparing a charter school to commence its first year of operations, and to improve the operations of existing charter schools. The lack of low cost financing, or other capital, to support the operations of new and existing charter schools presents a significant hurdle to expanding and improving the quality of Nevada's charter schools. Statutory Authority: NRS 386.577.

BASE

This request continues funding for associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

NEVADA SYSTEM OF HIGHER EDUCATION (NSHE) - The Nevada System of Higher Education provides higher education services to the citizens of the state at a high level of quality consistent with the state's resources. It accomplishes this mission by acquiring, transmitting, and preserving knowledge. The system endeavors to assist in providing an educated and technically skilled citizenry for public service and the general welfare, contribute toward an educated and trained workforce for industry and commerce and facilitate the individual quest for personal fulfillment.

Department Budget Highlights:

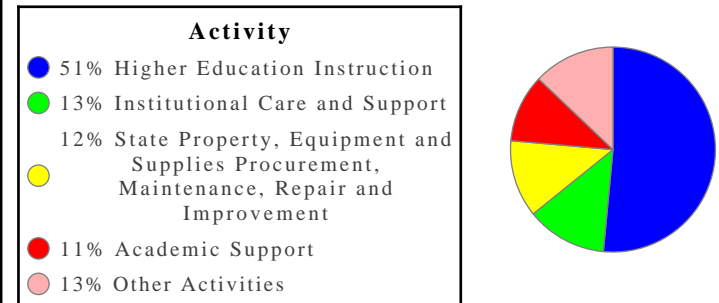

1. **Workforce Development** - Funding for the expansion of the following program/discipline areas: advanced manufacturing; healthcare; teacher education; and advanced science, technology, engineering and mathematics.
2. **Career Technical Education** - Funding for an enhanced weighting in the formula for community colleges in the program/discipline area of Career and Technical Education (CTE).
3. **Statewide Medical Education Expansion** - Funding for the continuation of the development and establishment of a full allopathic medical school at the University of Nevada, Las Vegas School of Medicine.
4. **Nevada State Cloud Seeding Program** - The budget includes funding for cloud seeding efforts to help improve severely drought-reduced water storage supplies within the State of Nevada.
5. **Performance Funding Pool** - Continuation of the Performance Funding Pool, a General Fund appropriation set aside of 20% in fiscal year 2018 and 2019 from each of the seven formula institutions.
6. **College of Engineering Construction Project** - Funding to assist in the construction of an 87,000 square foot Engineering building at the University of Nevada, Reno campus.

NSHE - SPECIAL PROJECTS

101-2977

PROGRAM DESCRIPTION

The Special Project appropriation contains programs not directly related to any of the other Nevada System of Higher Education appropriations. Currently, the only program in Special Projects is the Experimental Program to Stimulate Competitive Research (EPSCoR). It started in 1979 at the National Science Foundation (NSF) when five states received planning grants to develop strategies to build their research infrastructures. The goal of EPSCoR is to stimulate sustainable improvements in the quality of academic science and technology infrastructure of eligible states.

BASE

This request continues funding for 7.68 positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

NSHE - DESERT RESEARCH INSTITUTE

101-3010

PROGRAM DESCRIPTION

In 1959, the Nevada State Legislature created the Desert Research Institute (DRI), as a division of the University of Nevada specifically devoted to conducting research. DRI became an autonomous division of the University and Community College System of Nevada in 1969. From its beginnings, DRI has functioned as a nonprofit research campus uniquely blending academia with entrepreneurship. Approximately 500 research faculty and support staff generate more than \$35 million in research revenue each year, with approximately 85% coming from the federal government or commercial entities. Research projects and programs are supported from the main campuses in Las Vegas and Reno, with additional specialized laboratories in Boulder City, Nevada and Steamboat Springs, Colorado. DRI's environmental research programs are directed from three core divisions (Atmospheric Sciences, Earth and Ecosystem Sciences, and Hydrologic Sciences), as well as interdisciplinary science centers. Grounded in fundamental research, DRI provides both sponsors and clients with innovative solutions to pressing environmental problems, balancing the need to develop resources while sustaining the environment.

NSHE - GREAT BASIN COLLEGE

101-2994

PROGRAM DESCRIPTION

Great Basin College (GBC) serves ten of Nevada's most rural counties with the main campus in Elko and branch campuses in Battle Mountain, Ely, Pahrump, and Winnemucca. In the fall of 1999, the college initiated a Bachelor of Arts in Elementary Education. The Bachelor of Applied Science was implemented in the fall of 2001 and the Bachelor of Integrative and Professional Studies was implemented in the spring of 2002. Currently, GBC offers seven different baccalaureate degrees and several other degree programs are under consideration. Two-year degrees offered are the Associate of Arts, Associate of Science, and Associate of General Studies. Two-year Associate of Applied Science degrees are available in business administration, computer office technology, criminal justice, diesel technology, early childhood education, electrical/instrumentation technology, industrial plant maintenance and welding technology. Distance education technology (i.e., two way interactive video and online modes) are utilized extensively to deliver programs throughout the service area. The college has residential housing for approximately 200 students.

BASE

This request continues funding for 179.57 positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

NSHE - NEVADA STATE COLLEGE AT HENDERSON

101-3005

PROGRAM DESCRIPTION

Nevada State College is a comprehensive baccalaureate institution of higher learning. A member college of the Nevada System of Higher Education, Nevada State College is dedicated to providing quality educational, social, cultural, economic, and civic advancement for the citizens of Nevada. Through student-centered learning, Nevada State College emphasizes and values: exceptional teaching, mentoring, advisement; scholarship; career and personal advancement; continuing education; and service to our community. The college helps address Nevada's need for increased access to higher education for students entering the higher education system and for students transferring from the state's community colleges. The college offers a wide range of baccalaureate programs and selected masters programs designed to meet the general needs of the State of Nevada and the specific needs of the southern region of the state. Special emphasis is placed on addressing the state's need for effective, highly educated and skilled teachers and nurses, and commitment is made to developing and promoting partnerships with Nevada's public school system, the state's health care providers, and Nevada's colleges and universities. The curriculum of Nevada State College will be based upon the community's needs, the needs of business and industry, and the desires and demands of the students.

AGRI - AGRICULTURE REGISTRATION/ENFORCEMENT

101-4545

PROGRAM DESCRIPTION

The Agricultural Registration and Enforcement account supports the registration, inspection, sampling and laboratory analysis of fertilizers and pesticides; inspection, certification and licensing of nursery stock dealers, organic producers and processors, export producers and processors, seed producers, pest control operators, restricted use pesticide applicators and weed free forage producers. Under a US Environmental Protection Agency cooperative agreement the following duties are conducted: pesticide product inspection, monitoring pesticide application, ground water sampling, worker protection and pesticide disposal. This budget also supports the rangeland health, noxious weed and vertebrate pest control programs. Statutory Authority: NRS 561, 555, 556, 576, 586, 587, 588.

BASE

This request continues funding for 26 positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

AGRI - VETERINARY MEDICAL SERVICES

101-4550

PROGRAM DESCRIPTION

The Veterinary Medical Services account is responsible for the implementation of regulatory veterinary programs and disease surveillance programs. The division establishes protective health requirements for domestic and wild animals moving into and within the state; monitors regulatory compliance; tests specimens and animals for diseases of economic and public health significance; and conducts animal disease surveillance for known and emerging diseases in domestic and wild animals. Statutory Authority: NRS 561, 571, 576, and NAC 441A.

BASE

This request continues funding for seven positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

AGRI - COMMERCIAL FEED

101-4541

PROGRAM DESCRIPTION

The Division Commercial Feed is authorized by statute to establish a program to carry out federal regulations concerning certain animal remedies, veterinary biologic and pharmaceuticals for veterinary purposes. Existing law establishes certain requirements for the labeling of commercial feed for livestock in the state. Recently passed Senate Bill 28 declares that it is unlawful for a person to manufacture, distribute or act as a guarantor of commercial feed without a license issued by the State Department of Agriculture. NRS 587.690

BASE

This request continues funding for associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

AGRI - LIVESTOCK INSPECTION

101-4546

PROGRAM DESCRIPTION

The Division of Livestock Inspection is responsible by statute for protecting livestock owners from theft or loss of livestock, the introduction of diseased animals and unfair business practices. This is accomplished by enforcing the mandated statutes of inspection and registration of brands; returning estrays; licensing livestock and agricultural dealers, agents, buyers and public sale yards. The division also provides certified peace officers whose function is to investigate livestock thefts and enforce all livestock laws with a road interdiction program to prevent the ingress/egress of livestock that have not met the mandated requirements of both animal health and livestock identification. The division cooperates with other states to help with the enforcement of their livestock laws as well. Statutory Authority: NRS 561, 564, 565, 575, 571, 554, and 587.

BASE

This request continues funding for seven positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

AGRI - PREDATORY ANIMAL & RODENT CONTROL

101-4600

PROGRAM DESCRIPTION

NRS 567.010-090 authorizes the State Predatory Animal and Rodent Committee (PARC) to cooperate with the US Department of Agriculture (USDA) for the control of predatory animals, and crop-destroying birds and rodents within the State of Nevada. PARC and the USDA collectively form the Nevada Wildlife Services Program (WS). The WS also works cooperatively with the Nevada Department of Wildlife to conduct predation damage management projects to protect Nevada's natural resources such as mule deer, sage grouse, and bighorn sheep. These projects also help protect the public from large predators such as mountain lions, black bears and coyotes.

The mission of the WS is to provide leadership in managing problems caused by wildlife. WS recognizes that wildlife is an important public resource highly valued by the people of Nevada. By its very nature, however, wildlife is a highly dynamic and mobile resource that can damage agricultural and industrial resources, pose risks to human health and safety, and affect other natural resources. The program carries out the state and federal responsibility for helping to solve problems that occur when human activity and wildlife are in conflict with one another. Statutory Authority: The Animal Damage Control Act of March 2, 1931, as amended (46 Stat. 1486; 7 U.S.C. 426-426b) and the Rural Development, Agriculture and related agencies Appropriation Act, 1988 (P.L. 100-202) authorizes the USDA's Wildlife Services program to form cooperative programs with state agencies.

AGRI - CONSUMER EQUITABILITY

101-4551

PROGRAM DESCRIPTION

The powers and duties of the Consumer Equitability Program are mandated in NRS Chapters 581, 582, and 590. The state sealer of Consumer Equitability, the Department Director, is directed to license, test, and deem correct all commercially used weighing and measuring devices. The division obtains samples of motor fuels and delivers them to the petroleum chemists for analysis. If any violations are noted in the device inspections, packaging, scanners, or motor fuel, the inspectors take regulatory action to obtain compliance. The division also maintains the metrology lab which houses the state standards for mass, length, and volume. The meteorologist certifies the field standards used by Consumer Equitability inspectors and registered service agents. Licensed public weigh masters certify weight information for a fee. The division inspects scales and audits weigh tickets for compliance per NRS Chapter 582. The inspection of the advertising and labeling of motor fuel dispensers, storage tanks, and quality of the fuels is covered in the petroleum act as cited in NRS Chapter 590. The responsibility of this division also includes the inspection of packaged goods to determine whether the stated amounts, sizes and pricing are correct.

Additionally, state law mandates the adoption of standards relating to fuel used in internal combustion engines and the testing of fuel against acceptable standards to ensure clean burning, high quality motor fuel. In order to enforce these standards, fuel sampling is conducted throughout the state. Inspectors then investigate any possible violations. Statutory Authority: NRS 590.010 through NRS 590.150.

AGRI - NUTRITION EDUCATION PROGRAMS

PROGRAM DESCRIPTION

The National School Lunch Act of 1946 and the Child Nutrition Act of 1966 allot federal funds to Nevada for nutrition programs. The federal allotment for each program sponsor is based on a formula that may consider meal costs or budgets, the number of individuals served and the income level of those individuals. Sponsors are reimbursed monthly at a unit cost for each meal/milk served. State funding is used to meet the state maintenance of effort and match requirements. This budget also provides the funding needed to administer these programs, including processing payments, monitoring services provided by the program sponsors and providing technical assistance and professional development to the sponsors. Authority: P.L. 79-396; CFDA#'s: 10.553, School Breakfast Program; 10.555, National School Lunch Program; 10.556, Special Milk Program for Children; 10.558, Child and Adult Care Food Program; 10.559, Summer Food Service Program for Children; 10.560, State Administrative Expenses for Child Nutrition.

BASE

This request continues funding for 19 positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

PROGRAM DESCRIPTION

The Food Distribution Program provides US Department of Agriculture (USDA) commodity foods to schools, senior centers, Indian Reservations, food banks and other eligible agencies and individuals in Nevada. The program also provides food packages to women, infants and children. Low income senior citizens may also obtain food packages and coupons to buy fresh fruits and vegetables from local farmers' markets. The food distribution program serves approximately 210 agencies and 10 Indian Reservations throughout the state. Statutory Authority: NRS 333 and Federal Regulations 7CFR part 247, 249 and 250-253.

BASE

This request continues funding for 15 positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

PROGRAM DESCRIPTION

The Dairy Commission is dedicated to assuring the availability of wholesome, nutritious dairy products and to promoting a business climate that is economically viable for those who produce, process, and market dairy products in the State of Nevada.

BASE

This request continues funding for nine employees and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

GAMING CONTROL BOARD - The State Gaming Control Board governs Nevada's gaming industry through strict regulation of all persons, locations, practices, associations, and related activities. The board protects the integrity and the stability of the industry and ensures the collection of gaming taxes and fees that are an essential source of state revenue.

Department Budget Highlights:

1. **Modernize Gaming Technology** - The State Gaming Control Board received funding starting in the 2013-2015 biennium to begin the migration from a Common Business Oriented Language based system. Funding for phase three of this project will continue the development.

Activity: Gaming Regulation, Compliance, and Oversight

This activity audits casinos and other licensees to determine whether they accurately reported and paid gaming and entertainment taxes. This activity also reviews these entities for compliance with regulations pertaining to gaming and live entertainment operations. Finally, a small section collects and distributes gaming taxes and fees.

GCB - GAMING CONTROL BOARD

101-4061

PROGRAM DESCRIPTION

The Gaming Control Board is responsible for regulating Nevada's gaming industry. The Board's purpose is to protect the stability of the licensed gaming industry through investigations, licensure, and enforcement of laws and regulations; to ensure the collection of gaming taxes, which are an essential source of state revenue; and to maintain public confidence and trust in gaming.

BASE

This request continues funding for 404 positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

GCB - GAMING CONTROL BOARD INVESTIGATION FUND

244-4063

PROGRAM DESCRIPTION

The Gaming Control Board Investigative Fund was created as a special revenue fund for the purpose of paying all expenses incurred by the Board and the Commission to investigate a gaming application. Due to the unpredictable and fluctuating nature of the investigations and the subsequent funding to pay for them, it is difficult to predict the amount of money that will pass through this account and the type of expenditures which will occur. Statutory Authority: NRS 463.331.

BASE

This request continues funding for investigative personnel and associated costs. One-time expenditures have been eliminated and partial year costs have been annualized.

DEPARTMENT OF BUSINESS AND INDUSTRY - The Department of Business and Industry's (B&I) objective is to encourage and promote the development and growth of business and to ensure the legal operation of business in order to protect consumers by maintaining a fair and competitive regulatory environment.

Department Budget Highlights:

1. **Low Income Housing Grants** - Includes new grant funding of \$3.4 million per fiscal year from the federal National Housing Trust Fund and the federal Section 811 Grant.
2. **Implement Competition Testing** - Includes funding of \$309,600 per fiscal year for the Nevada State Athletic Commission (NSAC) to implement a program for in- and out-of-competition drug testing, as well as research, seminars, training and travel.
3. **Merger of Manufactured Housing and Housing** - Recommends merger of Manufactured Housing Division with Housing Division in order to leverage inspection, compliance, and consumer service efficiencies by pooling staffing resources for affordable housing issues of all kinds.
4. **New Housing Compliance and Inspection Budget** - Recommends creation of a new budget account (Housing Compliance and Inspection) to co-locate compliance and inspection personnel for both Manufactured Housing and Housing to realize organizational efficiencies.
5. **Continue Real Estate Consumer Assistance Unit** - Recommends continuing support for 5.4 positions to assist consumers with real estate related compliance and enforcement matters, funded by General Fund appropriations instead of Mortgage Settlement monies.
6. **AG Settlement Funds for Consumer Affairs Unit** - Recommends \$1.3 million over the biennium in Attorney General settlement monies to support the continuation of the Consumer Affairs Unit within the B&I Administration budget account.
7. **Automate the Administration Systems** - The budget includes funding of \$149,517 per fiscal year for the Nevada State Athletic Commission to automate the agency's manual administration systems.
8. **Transfer Deputy Director Programs to B&I Admin** - Recommends transfer of Deputy Director of Programs from the Office of Business Finance and Planning to the B&I Administration account and funding the position with cost allocation revenue rather than General Fund appropriations.

B&I - BUSINESS AND INDUSTRY ADMINISTRATION

101-4681

PROGRAM DESCRIPTION

The Director is responsible for the administration of all of the provisions of law relating to the jurisdiction, duties, and functions of the 13 divisions of the Department of Business and Industry. The Director's Office establishes or approves divisional goals, objectives, and priorities; oversees the carrying out of statutory responsibilities; establishes uniform policies and procedures; provides for coordination between divisional programs and business processes within the department; approves division budgets, legislative proposals, and contracts; and provides oversight of the staff development functions to encourage the achievement of department objectives and the development of new ideas and approaches that encourage teamwork, professionalism and increased productivity. Statutory Authority: NRS 232.520 and 232.522.

BASE

This request continues funding for 51.6 positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

ENHANCEMENT

E225 EFFICIENT AND RESPONSIVE STATE GOVERNMENT

This decision unit removes rent costs associated with the four positions in the Office of Business Finance and Planning, whose rent costs were previously absorbed by the departmental cost allocation. There is a companion unit in the Office of Business Finance and Planning budget to add these rent costs and fund them with General Fund appropriations rather than cost allocation revenue.

B&I - INDUSTRIAL DEVELOPMENT BONDS

101-4683

PROGRAM DESCRIPTION

The Director's Office administers bond programs to include the Industrial Development Revenue Bond program to improve access to capital and promote business development and expansion in the state. The Director is also responsible for the allocation of bonding authority (known as Volume Cap) between competing state and local interests. Fees from this program are used for the development or enhancement of programs within the department as mandated under NRS 232.522.

BASE

This request continues funding for ongoing programs. One-time expenditures have been eliminated and partial year costs have been annualized.

B&I - NEW MARKETS PERFORMANCE GUARANTEE

101-4678

PROGRAM DESCRIPTION

Senate Bill 357 of the 2013 Legislative Session provided the Department of Business and Industry the authority to adopt regulations, allowing certain business entities to receive tax credits against the premium tax imposed on insurance companies in exchange for investing in a qualified community development entity. A qualified community development entity that seeks to have an equity investment, or long-term debt security, designated as a qualified equity investment and eligible for tax credits under this chapter must pay a fee in the amount of 0.5% of the amount of the equity investment, or long-term debt security, requested to be designated as a qualified equity investment to the Department. The fee is deposited in the New Markets Performance Guarantee Account and will either be returned to the applicant or reverted to the General Fund based on performance. Senate Bill 357 requires the Department of Business and Industry to collect and maintain a 0.5% Qualified Equity Investment Performance Fee for all applicants and that fee is calculated based on the amount of equity investment or long-term debt security.

PROGRAM DESCRIPTION

A captive insurer is an insurance company established and owned by a parent firm in order to insure its loss exposures while reducing premium costs, providing easier access to a reinsurer and perhaps easing tax burdens. Risk retention group and risk purchasing groups are similar insurers, owned by their members or to purchase insurance as a group, respectively by virtue of federal law. The captive insurer section's budget was established by the 1999 Legislative Session. All fees and assessments received by the Division of Insurance pursuant to NRS 694C must be credited to the account. In addition, 25% of the premium tax imposed under NRS 694C.450 must be deposited for the regulation and supervision of captive insurers. At the end of each fiscal year, the portion of the balance in the account that exceeds \$500,000 must be transferred to the state General Fund. Statutory Authority: NRS 694C and 695E.

BASE

B&I - INDUSTRIAL RELATIONS

210-4680

PROGRAM DESCRIPTION

The Division of Industrial Relations includes the Administrator's Office, the Workers' Compensation Section (WCS), and the Legal Section. The WCS regulates Nevada's workers' compensation programs to ensure that injured workers receive timely and accurate delivery of wage loss compensation, physical impairment compensation, medical compensation, and rehabilitation benefits through a comprehensive program of training, auditing, investigation, and enforcement. The WCS is also responsible for the regulation of private insurers, self-insured employers, associations of public and private self-insured employers, private workers' compensation carriers, third party administrators, managed care organizations, and health care providers. The WCS Compliance Unit enforces the statutory requirement that all employers with one or more employees maintain a policy of workers' compensation. In a non-regulatory capacity, WCS oversees the administration of uninsured claims. The Administrator's Office and Legal Section provide general administration and legal support services to the operating units of Division of Industrial Relations. The Administrator's Office administers the provisions of law, and development of regulations and policies related to the sections of the division. Additionally, the legal section provides accurate and timely legal services to support all Division of Industrial Relations' sections.

BASE

This request continues funding for 68 positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

PROGRAM DESCRIPTION

The Occupational Safety and Health Administration (OSHA) enforces occupational safety and health standards promulgated under the Nevada Occupational Safety and Health Act. OSHA ensures safe and healthy working environments for Nevada employees by conducting workplace inspections and investigations. OSHA staff investigate employee safety and health complaints, employee discrimination complaints, and industrial accidents. Within the Occupational Safety and Health Enforcement budget, the Bureau of Labor Statistics unit collects and publishes statistics on Nevada workplace injuries, illnesses, and fatalities. The Mechanical Compliance Section unit inspect boilers, elevators, pressure vessels, and all other related equipment.

BASE

This request continues funding for 109 positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

B&I - SAFETY CONSULTATION AND TRAINING

210-4685

PROGRAM DESCRIPTION

The Safety Consultation and Training Section (SCATS) assists Nevada's employers to develop and implement effective safety and health programs and reduce workplace hazards by identifying unsafe or unhealthy working conditions through on-site safety and health consultations. Additionally, SCATS offers formal classroom safety and health regulatory awareness training sessions for employers and employees, and provides informational services and technical advice. The primary goal of SCATS is to ensure Nevada workers are provided with safe and healthy working conditions.

BASE

This request continues funding for 30 positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

B&I - LOW INCOME HOUSING TRUST FUND

101-3838

PROGRAM DESCRIPTION

The Low Income Housing Trust Fund assists and encourages the private sector and other governmental entities in creating and maintaining affordable housing throughout the state and serves as the main source of matching funds for federal housing programs. This program supports brick and mortar initiatives or rental assistance for families whose income falls at or below 60% of median income. Additionally, the fund provides down payment assistance for first-time home buyers. Statutory Authority: NRS 319.500.

BASE

This request continues funding for two positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

B&I - WEATHERIZATION

101-4865

PROGRAM DESCRIPTION

The Weatherization Program works in combination with the federal Department of Energy's (DOE) Weatherization Grant Program, the state's Universal Energy Charge (tax), other state agencies, and the private sector to help low-income families improve energy efficiency for their homes, minimizing utility costs. Most funds are expended through sub-grantees who are carefully trained and monitored in their efforts to test for weather-related air and water leakages in homes and multi-family projects of low income families. Once a dwelling unit is determined to need specific assistance, insulation, windows, doors, heaters, or water heaters are procured and installed by licensed contractors. The staff conduct quality control audits, training programs, and assist in outreach efforts. Statutory authority: NRS 702.250.

BASE

This request continues funding for three positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

PROGRAM DESCRIPTION

The Governor recommends establishing a new budget account to house compliance and enforcement personnel from both the Housing and Manufactured Housing Divisions, as well as front-line service personnel, in order to effectively utilize staffing resources to address low-income housing needs for all Nevadans.

BASE

As this is a new budget account, there are no base expenditures. However, the revised Housing Division cost allocation, which reflects the recommended merger of Housing and Manufactured Housing, was placed into the base budget.

ENHANCEMENT

E228 EFFICIENT AND RESPONSIVE STATE GOVERNMENT

This request recommends one new Compliance/Audit Investigator position to support two Governor's Office of Energy programs, Senior Energy Program and State Employee Program. Though the position is funded by reserves, the funding would originally come from transfers of Direct Energy Assistance Loan (DEAL) and HERO monies located in the Weatherization budget account 4865. This funding is transferred from the Governor's Office of Energy.

E903 TRANSFER 3814 E712 TO 3845

This request transfers the replacement of two agency owned vehicles (E712) with newer Fleet Services vehicles from the Manufactured Housing budget account to this account.

The agency owns two vehicles that currently have over 100,000 miles and will be nine years old in the upcoming biennium. These vehicles have had extreme wear and tear. The current condition of these vehicles is detrimental to the agency because they are costly to upkeep and repair, and they pose a safety risk to employees who travel in remote rural areas to carry out their responsibilities.

B&I - EMPLOYEE MANAGEMENT RELATIONS BOARD

101-1374

PROGRAM DESCRIPTION

The Local Government Employee Management Relations Board was created by the Local Government Employee Management Relations Act of 1969 (NRS 288) to provide for collective bargaining between local government employers and the organizations representing their employees and, as necessary, to hear and decide disputes arising out of the interpretation of NRS 288. The board has jurisdiction over 173 city, county, school, hospital, and special district employers engaged in collective bargaining with employee organizations representing 247 bargaining units and over 80,000 employees.

ENHANCEMENT

E350 SAFE AND LIVABLE COMMUNITIES

This recommends the continuation of funding for salaries and operating expenses for 5.4 positions that provide administrative and enforcement functions related to real estate transactions, appraisers, and timeshare licensing. These positions are recommended to be funded by General Fund appropriations, rather than Mortgage Settlement monies. Please see companion decision unit E490.
