

**PUBLIC UTILITIES COMMISSION OF NEVADA
MEMORANDUM**

DATE: 06/24/2016

TO: The Commission
Via Stephanie Mullen, Executive Director
Bre Potter, Commission Secretary

FROM: Grayson Ronk, IT Tech 6

SUBJECT: National, State or Regional Associations and Organizations representation

Member of State IT Security Committee.

In October 2008 the Department of Information Technology (DoIT now EITS) established the Office of Information Security (OIS) to “develop appropriate security regulations and guidance,” to “assist state entities in establishing entity specific security policies, standards, processes, and plans”. NRS 242.101

This committee consists of representatives from state entities with information technology backgrounds who have a vested interest in the development of the security policies, standards and guidance.

I attend the State IT Security Committee monthly meetings to formulate and review security standards, discuss security issues, and represent the Commission’s interests regarding security standards.
