## **Organizational Structure**

The Public Utilities Commission of Nevada ("Commission") is divided into two general sections: Commission Policy/Administration and Regulatory Operations. Commission Policy/Administration includes the Commissioners, Executive Director, Administration, General Counsel, Utilities Hearing Officers, Policy Analysis, the Public Information Office, and Consumer Outreach. Regulatory Operations includes the enforcement and analytical staff of the Commission, containing the Director of Regulatory Operations, Staff Counsel, Resource and Market Analysis, Financial Analysis, Engineering, Rail Safety, and Consumer Complaint Resolution.

---

## **Commission Policy/Administration**

### **Commission**

The Commission is comprised of three Commissioners who are each appointed by the Governor to a four-year term. The Governor designates one Commissioner as Chairman.

In contested matters, rulemakings, and investigations, a Commissioner is assigned to govern the proceedings to act as the Presiding Officer. The Presiding Officer, in contested cases, acts in a quasi-judicial manner by receiving and ruling on the admissibility of evidence and amendments to pleadings, acting upon any pending motions which do not involve a final determination of the proceeding, issuing appropriate interim orders, ruling on all procedural matters, setting timeframes for oral testimony and making findings of fact and conclusions of law for the full Commission to approve. Witnesses are presented and are subject to cross-examination by the other parties, Commissioners and Commissioners' advisors. Likewise, in rulemaking proceedings, the Presiding Officer receives public comment on proposed regulations.

All matters over which the Commission has supervision, control, jurisdiction or advisory power must be approved by a quorum of Commissioners during a public agenda meeting. Thus, during these meetings, the Commissioners vote on Regulatory

Operation Staff (“Staff”) recommendations for resolution of matters which did not go to hearing, and vote on other recommendations presented by the Presiding Officer for final determination of matters in which hearings have been held. The Commissioners also vote on various administrative, legislative, legal and policy issues in state and federal regulatory matters, including those before the Federal Energy Regulatory Commission (“FERC”) and the Federal Communications Commission (“FCC”).

### Commissioners

Name	Title	Telephone	Location
Ann Wilkinson	Chairman	(775) 684-6101	Carson City
Ann C. Pongracz	Commissioner	(775) 684-6101	Las Vegas
Bruce H. Breslow	Commissioner	(775) 684-6101	Carson City

### Executive Director

The Executive Director serves as Chief Financial Officer and directs the daily operations of the Commission including without limitation, budget preparation, administration, human resources, media relations and consumer outreach, purchases and acquisitions made by the Commission and contracts and leases entered into by the Commission. The Executive Director also develops and implements policies and procedures to ensure the efficient operation of the Commission including Regulatory Operations.

### **Business Process Services**

Business Process Services is responsible for the Commission's core business processes relating to docket management. This includes implementing processes necessary to support the acceptance and management of "legally defensible" electronic documents and records. Business Process Services also manages the master dockets, prepares agenda meeting notices and maintains the Commission's master calendar.

### **General Counsel**

General Counsel is responsible for representing the Commission's interests in all proceedings in state and federal court. The division represents the Commission's interests before various state and federal regulatory agencies including the FERC; counsels commissioners and administrative attorneys on legal and policy issues; and reviews and approves notices, orders, notices of agenda meetings, regulations, legislation and other legal documents prepared by administrative attorneys and the legal case manager. The division is also responsible for case management and reviewing the Commission's administrative procedures to assure compliance with the Administrative Procedures Act as well as other statutes and regulations

applicable to the Commission.

---

### **Utilities Hearings Officers**

The Utilities Hearing Officers hold administrative hearings on applications to provide utility services, tariff rates, financial practices, jurisdictional issues and consumer complaints, write administrative orders, and arbitrate disputes between telecommunications providers. The Utilities Hearing Officers schedule and preside over administrative proceedings including prehearing conferences, consumer sessions, workshops, mediations, arbitrations and hearings in rulemakings, investigations and contested cases. The Utilities Hearing Officers also research and analyze evidence while drafting orders and opinions based on the record as well as state and federal law, which is reviewed and voted on by the Commissioners. Finally, the Utilities Hearing Officers review petitions for reconsideration and draft appropriate responses. The decisions of the Utilities Hearing Officers are subject to appeal by the Commission in the same manner that the decisions of a Presiding Officer are subject to appeal and review by the Commission. The Utilities Hearing Officers, however, are

not able to vote on any matter before the Commission.

---

### **Policy Analysis**

Policy Analysis is responsible for providing policy, technical support and advice to the Commissioners on various aspects of utility issues including telecommunications, electric, gas, water and sewer. This involves evaluating, analyzing and interpreting utility data; drafting opinions, orders and regulations and ensuring they are technically accurate, consistent and complete; and providing policy and technical assistance to the Commission during hearings and rulemaking sessions. The Policy Analysis also provides policy and technical assistance to General Counsel during all proceedings before state and federal courts as well as federal regulatory agencies.

### **Regulatory Operations**

Regulatory Operations Staff ("Staff") appears and participates in cases before the Commission as an independent party, balancing the interests of ratepayers and utility shareholders to ensure safe and reliable service at a reasonable cost.

#### **Director of Regulatory Operations**

The Director of Regulatory Operations ("DRO") supervises and manages all aspects of Staff, consisting of five technical divisions and Staff Counsel. The DRO ensures that all Staff employees perform at a high level of competence and professionalism; organizes and manages all Staff regulatory functions including resources to ensure timely completion of analyses and submission of testimony, comments, reports and other filings to the Commission; and makes recommendations to

the Commission regarding public utility matters. Additionally, the DRO monitors public utilities' compliance with applicable statutes, regulations and Commission orders.

---

### **Staff Counsel**

Staff Counsel performs the legal functions of Staff and is responsible for providing legal counsel and support to Staff management and employees. These duties include formulating legal strategy and legal positions regarding utility filings; drafting case discovery; reviewing utility filings for legal adequacy and content; and preparing pleadings, briefs, responses to petitions, stipulations and other filings applicable to the regulation of Nevada utilities. The division also reviews and assists in the development of Staff testimony and filings; ensures that Staff's positions are in compliance with Nevada statutes and regulations; represents Staff at Commission hearings and workshops; assists in the development of proposed regulations and legislation; and provides other legal support to Staff divisions. Staff Counsel is the only division within Staff that addresses, in some form, every case filed with the Commission.

### **Resource and Market Analysis**

Resource and Market Analysis is responsible for all economic analyses of electric, natural gas and local telephone utility performance; rate designs; CPC applications; merger and competitive issue reviews; interconnection agreements; and other tariff reviews, including compliances. The division also

provides information to the public regarding installation of renewable facilities, participation in the renewable portfolio standard and any incentive or subsidy programs available.

### **Engineering**

Engineering is responsible for monitoring the implementation of electric renewable portfolio standards and demand-side management activities as well as forecasting Nevada's electric energy and capacity requirements. The division monitors water and wastewater utilities for quality of service, environmental compliance and financial performance; and reviews UEPA applications for construction permits for compliance with environmental requirements for new water and/or wastewater facilities. The division also implements a gas pipeline safety program in conjunction with the U.S. Department of Transportation, Pipeline and Hazardous Materials Safety Administration.
