Investigation regarding a universally- )  
acceptable methodology for the valuation )  
of net energy metering rooftop solar in )  
Nevada to be used in future proceedings. )

---

Docket No.: 17-01011

**COMMENTER'S COMMENTS**

As per the PUC's website:

To participate in the contested case as a commenter, the person must file written comments prior to the scheduled proceeding on the contested case and identify the person as a commenter. Comments must adhere to the requirements for submitting a pleading. If the person files such written comments prior to the proceeding, the Commission will place the commenter on the docket-specific service list maintained by the Commission, and the commenter will receive notifications of Commission-issued notices and orders thereafter.

As there is no filing to comment on, the 10 day notice period has passed, therefore, accept this as my intention to comment on this pending docket, commonly referred to as 17-01011, when you upload the initial filing and 10 day notice.

Please include me on all notices, deadlines, hearings, filing date submissions, orders etc., via email.

DATED and DONE this 30<sup>th</sup> day of January, 2017
